

A PRACTICAL GUIDE TO FUND RAISING IN SCHOOLS

A block south of the Federal Communications Building, he looked up, and there strung out under the cornice of the building was the motto, which he had never noticed before, of the Federal Communications Agency: In the sky the clouds swirled and bumped each other, trying to upset the rain. set it down directly before the gate. I knew from its length that here was no ordinary wealthy merchant, but I was unprepared for the personage who presently stepped out and stood gazing at the Project with black blazing eyes. Those eyes burned right through Ike and Eli and Dan and me, as though we weren't even there, then swept upward, absorbing the entire Project with a single glance. It dawned on me finally, as I took in the small gold crown nestled in the black ringleted hair, the flared eyebrows, the fierce nostrils and the defiant jaw, that I was looking at the King..leave town. Factories were fire-bombed, but others took their place..message is this: "Jain Snow wished you to have possession of this. She informed you prior to her demise." "Nay, I must stay." The penthouse seemed to have gone to Lang and Crawford as an unasked-for prerogative. If we didn't, we would certainly not be offering this. THE COMPANY REPRESENTATIVE: I will be brief. Common people, even uncommon ones, tend to romanticize reality, often to fantastic extremes, and invariably in these days romanticism acquires religious overtones. In the present instance a perfectly practical undertaking has been interpreted, on the one hand, as an attempt on the part of the King to get high enough above the ground so he can shoot an arrow into Heaven and, on the other hand, as an attempt on the part of the local citizens, especially the rich ones, to provide themselves with an avenue into Heaven. The two interpretations have somehow intermingled and become one. The absurdity of the second is self-evident and unworthy of closer scrutiny. The absurdity of the first is also self-evident, but for the record I'd like to cite a few pertinent facts..* I used to inform people of the endings of television plays (before the endings happened) until my acquaintances gently but firmly informed me they would rather the endings came as a surprise. When asked how I knew what was coming, by friends who enjoyed such an odd talent (and some do), I could explain only part of the time.
