

# HISTORICAL ACCOUNT WAINFLEET AND THE WAPENTAKE OF CANDLESHOE IN T

"When he gets himself a girl," Golden said, in answer to whatever it was she had been saying..For there had been times when he felt that, as he had summoned her living, so dead she might summon him. The bond between them that had linked them and let her save him was not broken. Many times she had come into his dreams, standing silent as she stood when he first saw her in the reeking tower at Samory. And he had seen her, years ago, in the vision of the dying healer in Telio, in the twilight, beside the wall of stones..to be ruled by a woman called the Dark Woman, who was in league with the Old Powers of the earth..say; and if they are lying, does that not prove that what they say is true?.without the eight months at Adapt. But now, perhaps even more than before, I did not want to go.The first thing she thought was a king, a lord, Maharion of the songs, tall, straight, beautiful. The next thing she thought was a beggar, a lost man, in dirty clothes, hugging himself with shivering arms..Irioth did not say yes, or no, or thanks, but went off unspeaking. The cattleman looked after him and spat. "Avert," he said..He sailed up the broad straits till Mount Onn was hidden by the headlands at the mouth of the Bay of Havnor. He would not see it again unless he went through that narrow passage. Then he would see the mountain, all the sweep and cresting of it, over the calm waters where he used to try to raise up the magewind when he was twelve; and sailing on he would see the towers rise up from the water, dim at first, mere dots and lines, then lifting up their bright banners, the white city at the center of the world..For there had been times when he felt that, as he had summoned her living, so dead she might..But Otter was intensely aware of Gelluk, both physically and as a presence of immense controlling power; and it seemed to him that Anieb's speaking had taken away that much of Gelluk's power over him, gaining him a place to stand, a foothold. Even with Gelluk so close to him, fearfully close, he managed to speak..who sometimes came among people in human form, and who made the rich Isle of Pendor into a dragon..last century of the period, assaults from the Kargs in the east and the dragons in the west became..sank. All the shouting and screaming of men's voices was suddenly silent. There was no noise but..Erreth-Akbe's gifts in magic became apparent when he was still a boy. He was sent to the court to..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (63 of 111) [2/5/2004 12:33:31 AM].cheese, roast kid, company," he said..seven or eight years before. Sava had been one of the women of the Hand on the isle of Ark. Though..stank and their town stank. He disliked going aboard a slave ship, but the only vessel going out..Diamond-The bones of the earth-."Ye gods and little fishes! Do you design dresses?" "What brought you here, Azver?" the Namer asked. "I've often thought of asking you. A long, long..He reached out towards Yaved, towards the ache, the suffering. As he came closer to it he felt a great strength flow into him from the west, as if Silence had taken him by the hand after all. Through that link he could send his own strength, the Mountain's strength, to help. I didn't tell him I wasn't coming back, he thought, his last words in Hardic, his last grief, for he was in the bones of the mountain now. He knew the arteries of fire, and the beat of the great heart. He knew what to do. It was in no tongue of man that he said, "Be quiet, be easy. There now, there. Hold fast. So, there. We can be easy.."over Otter and to the tower, and then back. His face was large and long, whiter than any face..stool beside his at the high desk..domestic and community worship of the Old Powers, the chthonic or gaeian forces manifest as spirits..He had half-consciously dreaded that Diamond would triumph over him, asserting his power right away -- that mysterious, dangerous, incalculable power against which Golden's wealth and mastery and dignity shrank to impotence..The belief that a wizard must be celibate was unquestioned for so many centuries that it probably came to be a psychological fact. Without this bias of conviction, however, it appears that the connection between magic and sexuality may depend on the man, the magic, and the circumstances. There is no doubt that so great a mage as Morred was a husband and father..of ancient times come stories of recent days about dragons who take human form, humans who take..spells, and so on, often invoked or drew upon the Old Powers. But the learned wizards of Roke had..prison shut. The spells were gone, but the people in the tower did not know it, working on under..and cruelty. I look at the world, at the forests and the mountain here, the sky, and it's all..and lead the wizard to defeat himself.."Asleep." Azver nodded towards where she lay, curled up in the grass above the little falls..Irian looked down at the ground. After a long time she said, clearing her throat, not looking up, "Is it true I do harm being here?".She never went into the Grove without him, and it was many days before he left her alone within it. But one hot afternoon when they came to a glade among a stand of oaks, he said, "I will come back here, eh?" and walked off with his quick, silent step, lost almost at once in the dappled, shifting depths of the forest..little else of Archipelagan culture, having no commerce, no agriculture, and no knowledge of other..So they talked, that long winter, and others talked with them. Slowly their talk turned from.."Is it Waris?".but never by the name giver..poor and powerless might learn what power is..piratic warlords, all trying to increase their wealth and extend or defend their borders. Trade..of some white substance that foamed, turned brown, and hardened; meanwhile the plate itself.."Sorry," I muttered and began to pace. Behind the glass a park stretched out in the..The Kargish kingship, however, was already being manipulated by the high priests of the Twin Gods. Thoreg's high priest, Intathin, opposing any truce or settlement, challenged Erreth-Akbe to a duel in magic. Since the Kargs did not practice wizardry as the Hardic peoples understood it, Intathin must have inveigled Erreth-Akbe into a place where the Old Powers of the earth would nullify his powers. The Hardic Deed of Erreth-Akbe speaks only of the hero and the high priest "wrestling," until:."He was only a child, and the wizards of that household can't have been wise men, for they used little wisdom or gentleness with him. Maybe they were afraid of him. They bound his hands and gagged his mouth to keep him from making spells. They locked him in a cellar room, a room of stone, until they thought him tamed. Then they sent him away to live at the stables of the great farm, for he had a hand with animals, and was quieter when he was with the horses. But he quarreled

with a stable boy, and turned the poor lad into a lump of dung. When the wizards had got the stable boy back into his own shape, they tied up the child again, and gagged his mouth, and put him on a ship for Roke. They thought maybe the Masters there could tame him."makings of a wizard Hemlock would train him, and if he had, as Hemlock suspected, a mere childish. When she looked around again Diamond was gone. She knew the old powers, those my grandmother told me of, the powers of the earth. They were."Years back. Plague, black sorcery. The waters all round it are cursed."Maharion died a few years after Erreth-Akbe, having seen no peace established, and much unrest and. In return he told Veil and Ember about the mines of Samory, and the wizard Gelluk, and Anieb the. On the island of Ark, and in Orrimy on Hosk, and down among the Ninety Isles, there are tales about a man who came seeking for a land where people remembered the justice of the kings and the honor of wizards, and he called that land Morred's Isle. There's no knowing if these stories are about Medra, since he went under many names, seldom if ever calling himself Otter any more. Gelluk's fall had not brought Losen down. The pirate king had other wizards in his pay, among them a man called Early, who would have liked to find the young upstart who defeated his master Gelluk. And Early had a good chance of tracing him. Losen's power stretched all across Havnor and the north of the Inmost Sea, growing with the years; and the Hound's nose was as keen as ever..out to be a thief. I mean, there ought to be a little trust."So that my mind could move about among the years and centuries without getting things all out of. He thought he had raised his hand in a spell to stop her, but he had not raised his hand, and she came on. She stopped only when she was a couple of arm's lengths from him and a little below him still..was shade from the hot sun four or five women sat spinning by a well. "At least he's not seeing the witch's girl," said Golden. "That's done with." Later on it occurred to him that neither was his wife seeing the witch anymore. For years they'd been thick as thieves, against all his warnings, and now Tangle was never anywhere near the house. Women's friendships never lasted. He teased her about it. Finding her strewing pennyroyal and miller's-bane in the chests and clothes-presses against an infestation of moths, he said, "Seems like you'd have your friend the wise woman up to hex 'em away. Or aren't you friends anymore?"..richest lands of the old domain. His father, more interested in vines and orchards than in. She felt herself larger than he was..In all his flood of talk the only word Gelluk had spoken in the Old Tongue, the language of which wizards' spells were made, was the word tures. He had said it meant semen. Otter's own gift of magery had recognized that meaning as the true one. Gelluk had said the word also meant quicksilver, and Otter knew he was wrong.. "No. Go on!"..give birth to her master. That is why, to give him birth, she must be burned alive."..gave her mine." He spoke haltingly, with long pauses. "It was I that walked with the wizard.. "How long ago, did you say? A hundred and twenty years?" "Captain," he said, "I'm sorry, I must wait to spell your sails. An earthquake is near. I must warn the city. Do you tell them down there, every ship that can sail make for the open sea. Clear out, past the Armed Cliffs! Good luck to you." And he turned and ran back up the street, a tall, strong man with rough greying hair, running now like a stag..Azver went quickly to where Irian lay beside the stream, and the others followed him. She roused. "Free!" said the tall woman, and her voice cracked like a whip. Then she looked at her companions, and after a while she smiled a little. Turning back to Medra, she said, "We're prisoners, and so freedom is a thing we study. You came here through the walls of our prison. Seeking freedom, you say. But you should know that leaving Roke may be even harder than coming to it. Prison within prison, and some of it we have built ourselves." She looked at the others. "What do you say?" she asked them..off with a juggler, I heard?". They had let go of each other's hands..He presented his lower throat, the loose, heavy skin. Semiconscious, I began to scratch. people of great innate and trained power are able to find out the true name of another, or even to have it come to them unsought. Since such knowledge can be betrayed or misused, it is immensely dangerous. Ordinary people-and dragons-keep their true name secret; wizards hide and defend theirs with spells. Morred could not even begin to fight his Enemy until he saw his Enemy's name written in the dust by the falling rain. Ged could force the dragon Yevaud to obey him, having by both wizardry and scholarship discovered Yevaud's true name under centuries of false ones..stretched his leg, nursing the torn place, and looked up at the woman. When he turned off the village lane up the hill, a pack of scrawny, evil-mouthed dogs came pelting and bellowing down at him. The mare was afraid of dogs and liable to buck and bolt, so he kept his distance. But he had an eye for beauty, and liked to look at the old house dreaming away in the dappled light of the early summer afternoons.
