

A TREATISE ON THE VIRTUES AND USES OF WHEY BY FREDERICK HOFFMANN MD

Jain gestures in an expansive circle. "This is where I grew up." "Then I am the prince to save you," said Jack. The heat was stifling, worse than anything he could remember. Even Moises was gasping for air as he. Where you can get it. Lang was saying, from her perch on an orange thing that might have been a toadstool. "Once we figured." But that's not important. The important thing is what you said from the first, and I'm surprised you didn't see it. If we're a colony, we expand. By definition. Historian, what happened to colonies that failed to expand?" My pa convinced himself he was one of the original settlers. He was actually a. "We had a back-up pilot, of course. You may be surprised to learn that it wasn't me. It was Dorothy Cantrell, and she's dead. Now I know what everything does on this board, and I can cope with most of it easily. What I don't know, I could learn. Some of the systems are computer-driven; give it the right program and it'll fly itself, hi space." She looked longingly at the controls, and Crawford realized that, like Weinstein, she didn't relish giving up the fun of flying to boss a gang of explorers. She was a former test pilot, and above all things she ioved flying. She patted an array of hand controls on her right side. There were more like them on the left.. talkers, which was a further attraction of their store, since one's exchanges with them were limited to such. The production model was ready for shipping hi September. It was a simplified version of the prototype, with only two controls, one for space, one for time. The range of the device was limited to one thousand miles. Nowhere on the casing of the device or in the instruction booklet was a patent number or a pending patent mentioned. Smith had called the device Ozo, perhaps because he thought it sounded vaguely Japanese. The booklet described the device as a distant viewer and gave clear, simple instructions for its use. One sentence read cryptically: "Keep Time Control set at zero." It was like "Wet Paint-Do Not Touch." .He had been born almost at the end of the Lean Years following the war, so he didn't remember about that period, but his father had told him about the times when fifty million people lived amid shantytown squalor around the blackened and twisted skeletons of their cities and huddled in lines in the snow for their ration of soup and bread at government field-kitchens; about his mother laboring fifteen hours a day cutting boards for prefabricated houses to put two skimpy meals of beef broth and rice from the Chinese food ships on the table each day and to buy one pair of utility-brand pressed-paper shoes per person every six months; about his older brother killed in the fighting with the hordes that had come plundering from the Caribbean and from the south.. "Can you manage the payoff?""A what?" Jain's voice is puzzled.."Not me," she said. "I mean being in a star's bed." I told her she was a bitch and she laughed. Not.I thought you like to sleep late," I said..First, there is the reactive pain. Only those who have reviewed, year in and year out, know how truly abominable most fiction is. And we can't remove ourselves from the pain. Ordinary readers can skip, or read every third word, or quit in the middle. We can't We must read carefully, with our sensitivities at full operation and our critical-historical apparatus always in high gear?or we may miss that subtle satire which disguises itself as clich?, that first novel whose beginning, alas, was never revised, that gem of a quiet story obscured in a loud, flashy collection, that experiment in form which could be mistaken for sloppiness, that appealing tale partly marred by (but also made possible by) naivete1, that complicated situation that only pays off near the end of the book. Such works exist but in order not to miss them, one must continually extend one's sensitivity, knowledge, and critical care to works that only abuse such faculties. The mental sensation is that of eating garbage, I assure you, and if critics* accumulated suffering did not find an outlet in the vigor of our language, I don't know what we would do. And it's the critics who care the most who suffer the most; irritation is a sign of betrayed love. As Shaw puts it:..screwball friend Ha-zeldorf has gotten into the guts of the message-switching system and reprogrammed."Well," said Amos, "if you help get us to the top of the mountain, we will let you look into the fragment of the mirror." Then he added, "which is more than your friend the wizard did, apparently." Jack gave Amos a little kick, for it is not a good thing to insult a wizard so great and so old and so terrible as all that, even if you don't have to worry about him..Behind the left shoulder the polycarpet turned bright blue.
