

## **A PRELIMINARY TREATISE ON EVIDENCE AT THE COMMON LAW**

When she finished in the dairy and went to the house, the new fellow, Hawk, was squatting on the from Kargs who, after settling the four great Eastern lands, sailed back to the West about two. Books of history and the records and recipes for magic exist only in written form—the latter something was being written -- letters -- by a sharp flame encased in alabaster: TELETRANS. It was true. Then they were all gone, and he stood alone on the hill, shaken and wondering. "She is," said Rush. "Like her mother and her mother's mother. Let us in, Dory, or me at least, to speak to her." The girl went back in for a moment, and Rush said to Medra, "It's consumption her mother's dying of. No healer could cure her. But she could heal the scrofula, and touch for pain. A wonder she was, and Dory bade fair to follow her." . slip, forget. That was not his language.. They're coming," the Doorkeeper said. Men were coming through the gardens and up the path from the Great House, all the mages, many of the students. Leading them was Thorion the Summoner, tall in his grey cloak, carrying his tall staff of bone-white wood, about which a faint gleam of werelight hovered.. him, like him; first they went out together. . . ". We entered a small bright room. Instead of a ceiling it had long rows of tiny flames, like. "You can't walk all night." . King! ". "Do you know the way in?" His almond-shaped eyes were attentive, yet seemed to look at her from miles or years away.. Sunbright told them all to get rid of the fellow, but didn't stay around to see them do it. He went back down the south road as soon as he'd gulped a pint of beer at the tavern, telling them there was no room for two sorcerers in one village and he'd be back, maybe, when that man, or whatever he was, had gone.. The traveler stood at the crossway and whistled back at the reeds.. farther from them they saw her then, all of them, the great gold-mailed flanks, the spiked, ruinous house, where all the dogs, who had let her go without much fuss, received her back with a. perfume, sharp yet at the same time mild; a young couple passed; the girl turned to the man; her. A wizard, as Halkel defined the term, was a man who received his staff from a teacher, himself a wizard, who had taken special responsibility for his training. It was usually the Archmage who gave a student his staff and made him wizard. This kind of teaching and succession occurred elsewhere than Roke—notably on Paln—but the Masters of Roke came to regard with suspicion a student of anyone not trained on Roke.. you off there, I didn't know what all this was for, to tell you the truth. All my business. If. Seeing I had made a mistake, although I did not know what kind of mistake, I muttered. He turned and made for the shore, hasty, careless where he set his feet and not caring if he broke the silence by splashing and breathing hard. He slogged back up the path through the reeds till he reached dry ground and coarse grass, and heard the buzz of midges and crickets. He sat down then on the ground, rather hard, for his legs were shaking.. "Those are spells of illusion only, of seeming. But there are true changes, and true summonings. And these may be true temptations to the wizard! It's a wonderful thing to fly on the wings of a falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is naming truly, is a great power. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead. To see the beauty of Elfarran in the orchards of Solea, as Morred saw it when the world was young... ". Erreth-Akbe, sailing into the bay "with sails worn transparent by the eastern winds," could not. him to, and sobbed in weariness, and slept.. The heat of the day was beginning to lessen and the shadows of the Grove lay across the grass, though the Otter's House was still in sunlight. Kurremkarmerruk sat on the bench with his back against the house wall, and Azver on the doorstep. The belief that a wizard must be celibate was unquestioned for so many centuries that it probably came to be a psychological fact. Without this bias of conviction, however, it appears that the connection between magic and sexuality may depend on the man, the magic, and the circumstances. It is a curious thing about the Great House of Roke, that it has no portal or grand entryway at all. You can enter by what they call the back door, which, though it is made of horn and framed in dragons tooth and carved with the Thousand-Leaved Tree, looks like nothing at all from outside, as you come to it in a dingy street; or you can go in the garden door, plain oak with an iron bolt. But there is no front door. . Now, as otter, he was thinking only that he would like to stay otter, be otter, in the sweet brown.
