Dragonfly peered close at Rose's work. Rose brought out a maggot, dropped it, spat on it, and probed again. The girl leaned up against the ewe, and the ewe leaned against the girl, giving and receiving comfort. Rose extracted, dropped, and spat on the last maggot, and said, "Just hand me that bucket now." She bathed the sore with salt water. The ewe sighed deeply and suddenly walked out of the yard, heading for home. She had had enough of medicine. "Bucky!" Rose shouted. A grubby child appeared from under a bush where he had been asleep and trailed after the ewe, of whom he was nominally in charge although she was older, larger, better fed, and probably wiser than he was..through long-disused levels, yet the wizard seemed to know every step, or perhaps he did not know.change for Galee, change for outer rasts, Makra," babbled the speaker; the carriage stopped, then."We do not teach women here," said the Windkey. It was widely said that since the Ring of Peace was lost there could be no true king of Earthsea. Mortally wounded in battle against the rebel lord Gehis of the Havens, Maharion spoke a prophecy: "He shall inherit my throne who has crossed the dark land living and come to the far shores of the day.".whiskered, prosperous cat. She roused up and got to her feet, looking dull and dazed. They were standing around her, a kind of guard, when the group of thirty or more men came past the little house and approached them. They were mostly older students; there were five or six wizard's staffs among the crowd, and the Master Windkey led them. They knelt facing, the willow-leaves moving across.Early did not punish Hound for his failure, but he remembered it. He was not used to failures and did not like them. He did not like what Hound told him about this boy, Otter, and he remembered it.."I didn't mean to hurt Father's feelings," he said..out of its foundation, like the negative image of a rocket prow), I reached a hall upholstered in.came near the wall, it opened suddenly to reveal an interior filled with small metal bottles of."Why?" The Lord was born to govern and to keep the peace, as.He strode from the house, turned, and set a fire spell on it so that it burst into flames, thatch and walls and every window spouting fire. Women ran out of it screaming. They had been hiding no doubt in the back room; he paid them no attention. "Hound," he thought. He spoke the summoning, using Hound's true name, and the old man came to him as he was bound to do. He was sullen, though, and said, "I was in the tavern, down the way there, you could have said my use-name and I'd have come.".came by and said to his parents, "Let Otter come to me in the evenings after work. He wished his son would play with boys his own age, his own sort, from the respectable families of Glade. Tuly insisted on calling the witch "the wisewoman," but a witch was a witch and her daughter was no fit companion for Diamond. It tickled him a little, though, to see his boy teaching tricks to the witch-child..across her half-filled glass, until the end of the golden chain around her fingers dipped into the.Note on dates: Many islands have their own local count of years. But he had come back home to Gont, to Re Albi, with his wizard's staff, and kicked his

shoes off. He stood still and felt the dust and rock of the cliff-top path under his feet, and the cliffs under that, and the roots of the island in the dark under that. In the dark under the waters all islands touched and were one. So his teacher Ard had said, and so his teachers on Roke had said. But this was his island, his rock, dust, dirt. His wizardry grew out of it. "My mastery is here," the boy had said, but it went deeper than mastery. That, perhaps, was something Dulse could teach him: what went deeper than mastery. What he had learned here, on Gont, before he ever went to Roke. Rush glanced from one to the other with her keen, bright eyes. "Not only a handy man," she said, "They're coming," the Doorkeeper said. Men were coming through the gardens and up the path from the Great House, all the mages, many of the students. Leading them was Thorion the Summoner, tall in his grey cloak, carrying his tall staff of bone-white wood, about which a faint gleam of werelight hovered. Time passed as always in the Grove, not passing at all it seemed, yet gone, the day gone quietly by in a few long breaths, a quivering of leaves, a bird singing far off and another answering it from even farther. Irian stood up slowly. She did not speak, but looked down the path, and then walked down it. The four men followed her. In the rage of his agony the Enemy raised up a great wave and sent it speeding to overwhelm the island of Solea. Elfarran knew this, as she knew the moment of Morred's death. She bade her people take to their boats; then, the poem says, "She took her small harp in her hands," and in the hour of waiting for the destroying wave that only Morred might have stilled, she made the song called The Lament for the White Enchanter. The island was drowned beneath the sea, and Elfarran with it. But her boat-cradle of willow wood, floating free, bore their child Serriadh to safety, wearing Morred's pledge, the ring that bore the Rune of Peace. They turned back, uncertain.
