Detweiler left his room that afternoon for the first time since I'd been there. He went north on Las Palmas, dropped a large Manila envelope in the mailbox (the story he'd been working on, I guess), and bought groceries at the supermarket on Highland. Did that mean he wasn't planning to move? I had a sudden pang in my belly. What if he was staying because of his friendship with me? I felt more like a son of a bitch every minute.. They were all over Aventine, from a few apartments down near the shopping square to cabins in the woods and along the shores of both the Lunamere and Heliomere. I explained the choices to Amanda as I handed her into the runabout and unplugged the car from its charger. The Lunamere's main attraction in winter was that it froze over, making sixteen kilometers of ice for skating. The Heliomere was fed by hot springs and, at thirty-five degrees C, was suitable for year-round swimming.. Suppose, then, the nucleus of a somatic cell were surrounded with the cytoplasm of an egg cell. Would the genetic equipment in the nucleus unblock, and would the egg cell then proceed to divide and redivide? Would it go on to form an individual with the genetic equipment of the original somatic cell and, therefore, of the person from whom the somatic cell was taken?
