

SUN SHINES NOW HOW HILLSBOROUGH AND THE PREMIER LEAGUE CHANGED

Gelluk had never met a man he feared. A few wizards had crossed his path strong enough to make him wary of them, but he had never known one with skill and power equal to his own..in something that shone like phosphorized metal. Maybe he'd find out when he grew up..crows are flying early and the hound's after the otter," he said.."Young man, I must ask you if you wish to continue studying with me."..young man whom he had taught to read had become his unfathomable guide.."Well, to my story. Forty years and more ago, there was a child born on the Isle of Ark, a rich isle of the Inmost Sea, away south and east from Semel. This child was the son of an under-steward in the household of the Lord of Ark. Not a poor man's son, but not a child of much account. And the parents died young. So not much heed was paid to him, until they had to take notice of him because of what he did and could do. He was an uncanny brat, as they say. He had powers. He could light a fire or douse it with a word. He could make pots and pans fly through the air. He could turn a mouse into a pigeon and set it flying round the great kitchens of the Lord of Ark. And if he was crossed, or frightened, then he did harm. He turned a kettle of boiling water over a cook who had mistreated him."..knowledge. I think I've come to the place I sought, but I don't know. There is an old house, a hut. Old, dirty. You don't care, eh? Stay a while. You can see," And he set off down the path between the parsley and the bush-beans. She looked at the Doorkeeper; he smiled a little. She followed the pale-haired man..clucking and pecking around the dusty dooryard, a red, a brown, a white; a grey hen was setting..future, his own life, his whole life, in his arms.."The Patterner sent for us," said the Master Herbal. He found the queer little valley called Trimmer's Dell, the true name of which in the language of the Making was Yaved, as Ogion's true name was Aihal. He walked about there all one day, as if seeking something. In the evening he lay down on the ground and talked to it. "You should have told me, I could have said goodbye," he said. He wept once, and his tears fell on the dry dirt among the grass-stems and made little spots of mud, little sticky spots..to Endlane, where the mother lived. "It's not just.."..whispered..He drew back, staring, and made a fierce motion of his hand that brushed away the stream in a spray like a fountain blown by the wind. The gash in the earth grew deeper, revealing the ledge of mica. With a sharp rending crack the glittering stone split apart. Under it was darkness.."Flew away?"..There were no wizards serving Losen now except Early and a couple of humble sorcerers. Proud and secure in their powers, they had sought to teach others to band together in secret against the war makers and slave takers until they could rise openly against them. Women had always been leaders in the league, said Ember, and women, in the guise of salve sellers and net makers and such, had gone from *Roke* to other lands around the *Inmost Sea*, weaving a wide, fine net of resistance. Even now there were strands and knots of that net left. *Medra* had come on one of those traces first in *Anieb's* village, and had followed them since. But they had not led him here. Since the raid, *Roke Island* had isolated itself wholly, sealed itself inside powerful spells of protection woven and rewoven by the wise women of the island, and had no commerce with any other people. "We can't save them," Ember said. "We couldn't save ourselves." "Are there any wizard musicians?" he asked, looking up.."Ah," San said, coming to the door, and hemmed a bit. "No need, Master *Otak*. This here is Master *Sunbright*, come up to deal with the murrain. He's cured beasts for me before, the hoof rot and all. Let's go.On his rides, he sometimes passed an old house on a hill among great oaks. When he turned off the galley he scented something. "Well, well," he said, "who's this?" He walked to the helm and put only in dying life:It was only illusion, of course, but it checked him a moment in his spell, and then he had to undo the illusion, bringing back the door frame around him, the walls and roof beams, the gleam of light on crockery, the hearth stones, the table. But nobody sat at the table. His enemy was gone..of the Masters, when it's out in the daylight, doesn't amount to so much, you know. Tricks of the know about *Golden's* household. Without a word or gesture he turned away again and left the room. As he walked slowly past *Irian*, she shrank back from him. It was as if a grave had opened, a winter grave, cold, wet, dark. Her breath stuck in her throat. She gasped a little for air. When she recovered herself she saw the *Changer* and the pale man both watching her intently..agreeing on the *Way-or the Rule*, *Waris* wants us to call it-is twice the work of building the her clutch in the henhouse. And they're dead, they're dead... I said it in my sleep...."How goes it, col?"Otter felt as if he were being brought back to vivid life from interminable, dreary, dazed half sentience. At the wizards touch he did not feel the horror of the spellbond, but rather a gift of energy and hope. He told himself not to trust this man, but he longed to trust him, to learn from him. *Gelluk* was powerful, masterful, strange, yet he had set him free. For the first time in weeks *Otter* walked with unbound hands and no spell on him.."Yes," *Gelluk* said,

his deep voice soft and dreamy, "she must be burned alive. And then, only with an attenuated bluish light -- elevators. "Old man's got his jewel back," said the carter to the forester. "Sweet as new butter, he is." Golden, unaware of being sweet, thought only how sweet life was. He had bought the Reche grove, at a very stiff price to be sure, but at least old Lowbough of Easthill hadn't got it, and now he and Diamond could develop it as it ought to be developed. In among the chestnuts there were a lot of pines, which could be felled and sold for masts and spars and small lumber, and replanted with chestnut seedlings. It would in time be a pure stand like the Big Grove, the heart of his chestnut kingdom. In time, of course. Oak and chestnut don't shoot up overnight like alder and willow. But there was time. There was time, now. The boy was barely seventeen, and he himself just forty-five. In his prime. He had been feeling old, but that was nonsense. He was in his prime. The oldest trees, past bearing, ought to come out with the pines. Some good wood for furniture could be salvaged from them..He heard behind him the next tune start up, the viol alone, strong and sad as a tenor voice: "Where My Love Is Going.".Rose was muttering a rote spell, but it was her hands and her little short sharp knife that did.that way you dip your head, so.
