She went to the wall, and it opened like a small bar. She stood in front of the opening. "I should go," she said. "I can walk in the Grove, but not live there. It isn't my - my place. And. When she was thirteen the old vineyarder and the housekeeper, who were all that was left of the household, told the Master that it was time his daughter had her naming day. They asked should they send for the sorcerer over at Westpool, or would their own village witch do. The Master of Iria fell into a screaming rage. "A village witch? A hex-hag to give Irian's daughter her true name? Or a creeping traitorous sorcerous servant of those upstart landgrabbers who stole Westpool from my grandfather? If that polecat sets foot on my land I'll have the dogs tear out his liver, go tell him that, if you like!" And so on. Old Daisy went back to her kitchen and old Coney went back to his vines, and thirteen-year-old Dragonfly ran out of the house and down the hill to the village, hurling her father's curses at the dogs, who, crazy with excitement at his shouting, barked and bayed and rushed after her. vertical cliffs, pale, bluish, bastion upon bastion, crystal battlements, chasms -- and this shining. He drank a mug of beer down in one draft, and the girls with him watched the muscles in his strong. ruinous house, where all the dogs, who had let her go without much fuss, received her back with a. She came back into herself, into the still air under the trees. The Hoary Man sat near her, his. He left her at the corner of the street, a narrow, dull, somehow sly-looking street that slanted up between featureless walls to a wooden door in a higher wall. He had put his spell on her, and she looked like a man, though she did not feel like one. She and Ivory took each other in their arms, because after all they had been friends, companions, and he had done all this for her. "Courage!" he said, and let her go. She walked up the street and stood before the door. She looked back then, but he was gone. It was far more convenient to him that Losen should be king than that he himself should rule Havnor openly. Men of arms didn't trust men of craft and didn't like to serve them. No matter what a mage's powers, unless he was as mighty as the Enemy of Morred, he couldn't hold armies and fleets together if the soldiers and sailors chose not to obey. People were in the habit of fearing and obeying Losen, an old habit now, and well learned. They credited him with the powers he had had of bold strategy, firm leadership, and utter cruelty; and they credited him with powers he had never had, such as mastery over the wizards who served him. and waft them over the sea in a magic boat flying before the magewind. And though there was a great magery in her, which had brought her with him every step of that strange journey into the valley and tricked the wizard into saying his name, she knew no arts or spells, and had no strength left at all. Diamond sat in his own sunny room upstairs, on his comfortable bed, hearing his mother singing as she went about the house. He held the wizard's letter and reread the message and the two runes many times. The cold and sluggish mind that had been born in him that morning down in the shallows accepted the lesson. No magic. Never again. He had never given his heart to it. It had been a game to him, a game to play with Darkrose. Even the names of the True Speech that he had learned in the wizard's house, though he knew the beauty and the power that lay in them, he could let go, let slip, forget. He had fallen down in a fit in San's doorway. He lay there now like a dead man. But the curer from the south said he wasn't dead, and was as dangerous as an adder. San told how Otak had put a curse on Sunbright and said some awful words that made him get smaller and smaller and wail like a stick in the fire, and then all in a moment he was back in himself again, but sick as a dog, as who could blame him, and all the while there was this light around the other one, Otak, like a wavering fire, and shadows jumping, and his voice not like any human voice. He says that when King Lebannen was to be crowned, last autumn, he sent to Gont for the old Archmage to come crown him, and he wouldn't come. And there was no new Archmage. So he took the crown himself. And some say that's wrong, and he doesn't rightly hold the throne. But others say the king himself is the new Archmage. But he isn't a wizard, only a king. So others say the dark years will come again, when there was no rule of justice, and wizardry was used for evil ends.". Avert!" except Tawny's youngest daughter, who mistook the signs and piped up, "Speed the work!". The witch said nothing. She knew the girl was right. Once the Master of Iria said he would or would not allow a thing he never changed his mind, priding himself on his intransigence, since only weak men said a thing and then unsaid it. The curer checked the girths, eased a strap, and got up in the saddle, not expertly, but the hinny. "No, it's impossible," I insisted. "What about people with dangerous jobs? After all, they." Sorcery was practiced by men-its only real distinction from witchery. Sorcerers trained one another, and had some knowledge of the True Speech. A student who showed a gift for sorcery and was sent to Roke for training would first study the high arts of sorcery, and if successful in them might pursue his training in the art magic, especially in naming, summoning, and patterning, and so become a wizard.. much, you at the Gates and me at the inner end, in the Mountain. Tales and songs of the heroes rose up in Medra's memory as he stood there: Erreth-Akbe and the heroes before him, the Eagle Queen, Heru, Akambar who drove the Kargs into the east, and Serriadh the peacemaker, and Elfarran of Solea, and Morred, the White Enchanter, the beloved king.
