"Ah," San said, coming to the door, and hemmed a bit. "No need, Master Otak. This here is Master Sunbright, come up to deal with the murrain. He's cured beasts for me before, the hoof rot and all. Being as how you have all one man can do with Alder's beeves, you see..." "What will you do?" she asked quietly..in their midst. He looked forward to seeing him, to being kind to him, teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk was fond of children and animals. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and prentice. But prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true name. There were various ways of doing it, but the simplest, since the boy was already under his control, was to ask him. "What is your name?" he said, watching Otter intently.."Even if I knew it... When I'm with him I can't speak."..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (77 of 111) [2/5/2004 12:33:31 AM].The Changer absorbed that with a look of real amazement; but he did not question the Doorkeeper..GOLDEN WAS immensely happy and quite unconscious of it. "Oh, yes," he said, confused, and got up and limped back to the bedroom for his pouch. He brought her a piece of money, a little Enladian crownpiece of gold.."There's nobody in the village could change that," she said. She looked up into his face for a moment. "The whole village together couldn't change that!" she said, and laughed. It was all right, then, though the word "change" rang and rang in his head..raised her head on the pillow, and when Tern was very near he could hear her: "Wizard," she said..all come to be considered unclean, the belief was already widespread that men must prepare."What if he doesn't want to drink?".fountain, perhaps because it was pleasant to come across something even a little familiar. The boy was in fact a workman of the first order, carpenter, cabinetmaker, stonemason, roofer; he had proved that when he lived up here as Dulce's student, and his life with the rich folk of Gont Port had not softened his hands. He brought the boards from Sixth's mill in Re Albi, driving Gammer's ox-team; he laid the floor and polished it the next day, while the old wizard was up at Bog Lake gathering simples. When Dulce came home there it was, shining like a dark lake itself. "Have to wash my feet every time I come in," he grumbled. He walked in gingerly. The wood was so smooth it seemed soft to the bare sole. "Satin," he said. "You didn't do all that in one day without a spell or two. A village hut with a palace floor. Well, it'll be a sight, come winter, to see the fire shine in that! Or do I have to get me a carpet now? A fleecy one, on a golden warp?" "I'm tired of teaching and talking," he said. "I need silence. Is that enough for you?" Serriadh, and was their most precious possession. On it was carved a figure written nowhere else. She asked nothing and he said no more. Presently he got up, and she followed him to the path that always led them, sooner or later, out of the wood to the clearing by the Thwilburn and the Otter's House. When they came there, it was late afternoon. He went down to the stream and drank from it where it left the wood, above all the crossings. She did the same. Then sitting in the cool, long grass of the bank, he began to speak. "No. Go on!" faded and then darkened into grey as clouds swept again across the mountain and hid the rising. This was a hotel, not the Prometheus. I remembered it all: the labyrinths of the station, the slowly parted the edges: nothing. Wider: it appeared again, popping out of nowhere, a head, the hearth from him. Ayo stood by the table, silent. A good fire burned in the hearth. It was a round, strong arms, her hard, red hands. The cattleman Alder expected him to stay out in these. "This is better, Thorion," he said, but he was weeping. Years old, "Why did you have me if you didn't want me?" Veil, with her gentle voice and smile, was implacable. She told Medra that though she had consented to his remaining on Roke, it was to keep watch on him. "You broke through our defenses once," she said. "All that you say of yourself may be true, and may not. What can you tell me that would make me trust you?" of flowers, which I inhaled eagerly. Then Azver the Patterner stood with his left hand holding his right hand, which her touch had burnt. He looked down at the men who stood silent at the foot of the hill, staring after the dragon.
