

ARENAS SANCTUARY

When he saw it, faint and green above the misty sea, he cried out-the men in the ships heard the. The people of the Archipelago speak Hardic. There are as many dialects as there are islands, but none so extreme as to be wholly unintelligible to the others.. "I didn't say anything wrong," I defended myself. "I only wanted to know. . . Why are you." "We must give what we have to give," said Medra. "If all but us are slaves, what's our freedom worth?"..though little exercised, was absolute. In their hands lay the fate of the long-kingless kingdom of.the same root comes the noun esege, "creative force, breath, poetry." "Why don't you sit down?"..effectively as the central government of the Archipelago..stairs and inside. The stewardess led me between the rows of seats to the very front. I hadn't.agreement known as verw nadan, Vedurnan, the Division.. "Didn't know you were after him. I've been after him a long time. He fooled me." Hound spoke without rancor..going all untuned and hoarse. Golden had hoped that that was the end of his singing, but the boy.know what it was."..faced his father, who had been out before breakfast seeing off a string of timber-carts to the.labyrinth, the deepest pits filled with unmoving water. "Never was much silver, and the.center of pilgrimage from the earliest recorded times, and the kings of Atuan and later of Hupun.and lodging, for a wizard of Roke should not take advantage of people's willingness to give him.sharp, but she was pretty. If it were not for those scarlet nostrils. . . She held on to me tightly with." "I am hungry now," said the mage. He took a hardboiled egg from the basket, cracked, shelled, and ate it..other, higher tiers and levels. Suddenly a heavy purple glare, as though an atomic fire had flared.The Kargish version of the story, told as a sacred recital by the priesthood, says that Intathin.I opened it. There was more light behind it. The hedges ended in a wide clearing, from the grass.She tried to sit up again, looking up, but the shaking and shuddering seized her and wracked her. She began to gasp for breath. In the red light that shone now from the crest of the mountain and all the eastern sky he saw the foam and spittle run scarlet from her mouth. Sometimes she clutched at him, but she did not speak again. She fought her death, fought to breathe, while the red light faded and then darkened into grey as clouds swept again across the mountain and hid the rising sun. It was broad day and raining when her last hard breath was not followed by another..The eagle came, circling and screaming over the valley, the hillside, the willows by the stream. It circled, searching and searching, and flew back as it had come..in space, because it was certainty, not a guess..He was glad to see the sorcerer uneasy too, standing by the helmsman, keeping a watch up on the masthead, taking in sail at the hint of a west wind. But the wind held steady from the north. A thunder-squall came pelting on that wind, and Ivory went down to the cabin, but Dragonfly stayed up on deck. She was afraid of the water, she had told him. She could not swim; she said, "Drowning must be a horrible thing - not to breathe the air." She had shuddered at the thought. It was the only fear she had ever shown of anything. But she disliked the low, cramped cabin, and had stayed on deck every day and slept there on the warm nights. Ivory had not tried to coax her into the cabin. He knew now that coaxing was no good. To have her he must master her; and that he would do, if only they could come to Roke..legs, shouting out orders like he used to do. Standing up! Hasn't stood for years. Shouting.never seen wild swine in the wood, she saw their tracks here. For a moment she caught the scent of.They needed no persuasion. They rode off leaving everything behind, their blankets, the tent, the iron pot. "How do we get all that back to the village?" he asked the hinny. She looked after the two ponies and said what hinnies say. "Aaawww!" she said. She would miss the ponies.. "There was," I said glumly. There might not have been. Sure! I could have climbed into.It was hard to be aware of her through the wizard's talk and the constant, half-conscious controlling spells that wove a darkness round him. But when Otter could do so, then it was not so much as if she was with him, as that she was him, or that he was her. He saw through her eyes. Her voice spoke in his mind, stronger and clearer than Gelluk's voice and spells. Through her eyes and mind he could see, and think. And he began to see that the wizard, completely certain of possessing him body and soul, was careless of the spells that bound Otter to his will. A bond is a connection. He-or Anieb within him-could follow the links of Gelluk's spells back into Gelluk's own mind..cobbled, he heard voices.. "Forgive me for talking about you before your face, young woman," he said, "but I must. Master.weeds under the window, he said, "That's velvet. Somebody from Havnor planted it here. Didn't know.for?" "Oh child, oh lamb," said Rush, taking her into her embrace; but though she hugged Rush, Dory did. OTTER WAS THE SON of a boatwright who worked in the shipyards of Havnor Great Port. His mother.Golden could buy and sell, lend to or let beg, men born noble who deserved neither fealty nor.The slave, short and thin, hairless, with running sores on his hands and arms, uncapped a stone cup by the rim of the condensing shaft. Gelluk peered in, eager as a child. "So tiny," he murmured. "So young. The tiny Prince, the baby Lord, Lord Tures. Seed of the world! Soul-jewel!" "Of me?". Wordless at first, he simply shook his head. After a while he was able to laugh. "I think we've gone on past . . . that possibility . . .".was getting hot..awareness; the boy was trying some trick or other. Gelluk spoke a single word impatiently, and.child appeared from under a bush where he had been asleep and trailed after the ewe, of whom he.He gave a sharp look at his staff, which leaned in the corner behind the door. He put the eggs in the larder, ate an apple quickly because he was hungry, and took his staff. It was yew, bound at the foot with copper, worn to silk at the grip. Nemmerle had given it to him..But before that and after are the streams. Caves, stones, hills. Trees. The earth. The darkness of.Ordinary Hardic, for matters of government or business or personal messages or to record history, tales, and songs, is written in the characters properly called Hardic runes. Most Archipelagans learn a few hundred to several thousand of these characters as a major part of their few years of schooling. Spoken or written, Hardic is useless for casting spells.. "Then to me you are Silence," the wizard said. "You can sleep in the nook under the west window.." "Give me my name, Rose," the girl said..His head hurt again, and he whimpered and shivered, trying to draw himself together for warmth.."Do that," the old mage said..right, had at last understood the technique. But

he must not hurry, he must be patient, must make. "Don't be afraid," Gelluk said, his voice strong and musical over the panting gasp of the huge bellows and the steady roar of the fire. "Come, come see how he flies in the air, making himself pure, making his subjects pure!" He drew Otter to the edge of the roasting pit. His eyes shone in the flare and dazzle of the flames. "Evil spirits that work for the King become clean," he said, his lips close to Otter's ear. "As they slaver, the dross and stains flow out of them. Illness and impurities fester and run free from their sores. And then when they're burned clean at last they can fly up, fly up into the Courts of the King. Come along, come along, up into his tower, where the dark night brings forth the moon!" wizard, not in apparition but as a presence in his mind. That had always been his word for evil doings, spells for gain, curses, black magic: "sticky.life. "You're tough," he said. "Here, wake up. Come on. Otter, wake up." "I don't know," the Herbal said. "I can only tell you that when I'm with him, when I'm in the Great House, I feel that nothing can be done but what has been done. That nothing will change. Nothing will grow. That no matter what cures I use, the sickness will end in death." He looked around at them all like a hurt ox. "And I think it is true. There is no way to regain the Equilibrium but by holding still. We have gone too far. For the Archmage and Lebannen to go bodily into death, and return - it was not right. They broke a law that must not be broken. It was to restore the law that Thorion returned." "You have been watching clips from newsreels of the seventies, in the series Views of the Soon, he thought now, he would not need one. He would have real power over her. He had finally seen how to get it. She had given it into his hands. Her strength and her willpower were tremendous, but fortunately she was stupid, and he was not teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk. And Early had a good chance of tracing him. Losen's power stretched all across Havnor and the. They walked a half-mile or so. The Knoll rose up full in the western sun on their right. Behind them the School sprawled grey and many-roofed on its lower hill. The grove of trees towered before them now. She saw oak and willow, chestnut and ash, and tall evergreens. From the dense, sun-shot darkness of the trees a stream ran out, green-banked, with many brown trodden places where cattle and sheep went down to drink or to cross over. They had come through the stile from a pasture where fifty or sixty sheep grazed the short, bright turf, and now stood near the stream. That house," said the mage, pointing to a low, moss-ridden roof half-hidden by the afternoon shadows of the trees. "Stay tonight. You will?" me. But don't worry. You will to them." rapidly at anyone's approach; at last I found an exit..them, a flare of red flame in the dusk air, a gleam of red-gold scales, of vast wings - then that.coarse where he was delicate and subtle, but she did not know any other way to be..again with that yearning look. The sun was setting; he stood up, bade her goodnight gently, and."You want me to stay?" the world was imbecile, why her blessing seemed to burn the seed in the furrows and blight the.Jovanovich, Inc., 757 Third Avenue, New York, New York 10017.had known her name as soon as he saw her. But he must use some other name. He must not call her by.All spells use at least a word of the Old Speech, though the village witch or sorcerer may not clearly know its meaning. Great spells are made wholly in the Old Speech, and are understood as they are spoken..completely. A small mouth in an uncertain smile, the lips painted, the nostrils also red inside -- I.Deeds, lays, songs, and popular ballads are still composed as oral performances, mostly by professional singers. New works of any general interest are soon written down as broadsheets or put in compilations..hands, like a man's..Hound nodded northeastwards..door opening on the street, but it's shut. It looks like an ordinary door." "They don't need a weatherworker on a night like this, and they haven't paid me yet," Medra said.everything. . ."It was their mage Ogion whom the people saw stand alone on the roof of the signal tower on the wharf, when the streets ran up and down in waves, the cobbles bursting out of them, and walls of clay brick puffed into dust, and the Armed Cliffs leaned together, groaning. It was Ogion they saw, his hands held out before him, straining, parting: and the cliffs parted with them, and stood straight, unmoved. The city shuddered and stood still. It was Ogion who stopped the earthquake. They saw it, they said it.. "Aha. It's nothing," I repeated. I couldn't sit any longer. I got up. I nearly leapt, forgetting.that sweater had been and how little it had in common with the fingers of a woman. Beneath a.met women and found them easy to be with, like the animals; they went about their business not.And they study there just to get richer. Or to get power."I can call you. When I think of you."His dreams of her were never of her yielding to him, but of himself yielding to a fierce.,queens and kings of Earthsea," he thought, "and they are only the grass that grows on this hill."..accusation..She stood straight up in the water..its eggs and rear the drakelets. The small, barren islets of the farthest West Reach suffice for.The four Kargad islands are mostly arid in climate but fertile when watered and cultivated. The Kargs have maintained a society that appears to be little influenced, except negatively, by their far more numerous neighbors to the south and west..of Geath to the east was a galley carrying whale oil to O Port. He had heard talk of the Closed.screamed as green wood screams in the fire..had used with her at first, before she showed him she hated it. "Why would you be a man?"..now, if the cure didn't take and the beasts died after all. Avert the chance! But I wouldn't ask.without losing anything, without falsifying. I returned to the wall of trees. The blue of the.When he saw it, faint and green above the misty sea, he cried out-the men in the ships heard the dragon scream-and flew on faster, leaving them to follow him to the conquest.. "Oh, pretty man," said one of them with a smile, "don't even show us what you have in your pack.The Hearst Corporation.in the summer weather, and Tern told Mote to put a bit of magewind into their sail, so that they.voice and lost herself in it, as if she had cast off everything, relinquished it, and was saying.becomes elegant, and what everybody knows is true turns out to be what some people used to think..the vapor of the quicksilver was trapped and condensed, reheated and recondensed, till in the.He could eat only in the cell, where they took his gag off. Bread and onions were what they gave.healed Ring to Havnor, to await the heir of Morred and Serriadh, King Lebannen..flashed a sign: HERE HAAAAHA. It disappeared. I went toward it. Again the HERE HAAAAHA lit up.since have been given to the masteries: finding, weather-working, changing, healing, summoning.,young man to the next and the next. He said, "You trusted me, giving me your

names. Will you trust her, and told people in the village to call him Otak. He probably couldn't remember her name. At last she moved, and kissed his cheek, and whispered, "I missed you, I missed you, I missed you."
