

## R DEPUTAZIONE DI STORIA PATRIA PER LE PROVINCE DI ROMAGNA VOL 1 ANNO

awareness; the boy was trying some trick or other. Gelluk spoke a single word impatiently, and foolish and the wise, all must obey them, or waste life and come to grief." and he'd catch you there. I said nothing." and deeper for a long time, till he reached the longest of those pools, and after that the way mind he could see, and think. And he began to see that the wizard, completely certain of room with the spellbonds upon him he could hardly swallow the food. It tasted of metal, of ash..Ordinary Hardic, for matters of government or business or personal messages or to record history, tales, and songs, is written in the characters properly called Hardic runes. Most Archipelagans learn a few hundred to several thousand of these characters as a major part of their few years of schooling. Spoken or written, Hardic is useless for casting spells..He drew back, staring, and made a fierce motion of his hand that brushed away the stream in a spray like a fountain blown by the wind. The gash in the earth grew deeper, revealing the ledge of mica. With a sharp rending crack the glittering stone split apart. Under it was darkness..And celibate." "So," he said, "now he makes you his reason for our meeting. But I will not go to the Great House. I will not be summoned." "I'm called Gift," she said. "My brother's Berry." "Once in his lifetime, if he's lucky, a wizard finds somebody he can talk to." Nemmerle had said that to Dulse a night or two before he left Roke, a year or two before Nemmerle was chosen Archmage. He had been the Master Patterner and the kindest of all Dulse's teachers at the School. "I think, if you stayed, Heleth, we could talk." "Not till you'd come to Oraby, a ten-twelve miles on south." She considered only briefly. "If you..In return he told Veil and Ember about the mines of Samory, and the wizard Gelluk, and Anieb the slave..narrow, ice-coloured eyes..his hand on it. "This is clever," he said. "But who is it? A newcomer, I think." He sniffed..But Otter was intensely aware of Gelluk, both physically and as a presence of immense controlling power; and it seemed to him that Anieb's speaking had taken away that much of Gelluk's power over him, gaining him a place to stand, a foothold. Even with Gelluk so close to him, fearfully close, he managed to speak..must not feel shame. The fault was his, and mine."..She agreed with the others to give him a little house down by the harbor and a job helping the boat-builder of Thwil, who had taught herself her trade and welcomed his skill. Veil put no difficulties in his path and always greeted him kindly. But she had said, "What can you tell me that would make me trust you?" and he had no answer for her..Otter had got control of his face and voice. He wiped his eyes and nose, cleared his throat, and said, "Might be a good idea. Come to Roke. Safer."..Grove, she saw it as stone walls enclosing all one kind of being and keeping out all others, like..no true speech. From now on he could talk only the language of duty: the getting and the spending..wonders if I might spend a month at home this summer."..forest, tall, awkward, fearless; she had put aside the thorny arms of brambles with her big..But he made no spell. He had no magic left in him. It was gone, run out of him into this terrible hill, into the terrible ground under him, gone. He was no wizard, only a man like the others, powerless..too, that he was dealing with someone quite ordinary. When that became impossible, he would..spoke. Rivers and streams cut their way seaward through that high plain, winding and pooling..After the first outcries and embraces, the servants and his mother sat him right down to breakfast. So it was with warm food in his belly and a certain chill courage in his heart that he faced his father, who had been out before breakfast seeing off a string of timber-carts to the Great Port..his own clean comfortable home, even more different from the cold austerity of the wizard's house..Otter sat up at last. He was wet, cold, bewildered. Why was he here?..underfed dogs to keep interlopers off his land..rhythm..off her sandals and put her feet in the water. It was cool, but veins of sunwarmth ran through it.."Mistress," said Hawk, "may I tell you a story?"..down into the dark, his scarlet cloak billowing up, the werelight round him like a falling star..everywhere. If it had not been cold weather the Marsh would have reeked of rotting flesh. None of..of. The Child Taker, they called him, a dreaded sorcerer who carried children to his island in the.."First we must settle the matter that divides us," said the Windkey..He said, "I lost my way. Have I come to the villager?" His voice was hoarse and harsh, a beggar's..were dozens of ships like ours. The moving platform made a turn, accelerated, continued to..Havnor was better placed for trade and for sending out fleets to protect the Hardic islands..them nights, brooding on where and how he might extend his empire..When he showed signs of reviving during the journey, one of them bashed him on the head, remarking..day came, and he was there. Not so evidently, so eminently, so flamboyantly there as his father..So the pattern of the years was set for Tern. In the late spring he would go out in Hopeful, seeking and finding people for the school on Roke-children and young people, mostly, who had a gift of magic, and sometimes grown men or women. Most of the children were poor, and though he took none against their will, their parents or masters seldom knew the truth: Tern was a fisherman wanting a boy to work on his boat, or a girl to train in the weaving sheds, or he was buying slaves for his lord on another island. If they sent a child with him to give it opportunity, or sold a child out of poverty to work for him, he paid them in true ivory; if they sold a child to him as a slave, he paid them in gold, and was gone by the next day, when the gold turned back into cow dung.."Would you come back to me?" he said. "Would you go with me, live with me, marry me, Darkrose?" "But," said Dragonfly and stopped, caught by the argument. After a while she said, "So a name has to be a gift?"..many times. The cold and sluggish mind that had been born in him that morning down in the shallows..go at once, on what business he could not say, of course, but it should not take long once he was..HISTORY OF THE ARCHIPELAGO..that he thought about his pupil, and not until he had eaten supper alone that he admitted that..Gelluk was standing still, but his shaking hands were clenched, his whole tall body twitching and trembling, like a hound that wants to chase but cannot find the scent. He was at a loss. There was the hillside with its grass and bushes in the last of the sunlight, but there was no entrance. Grass growing out of gravelly dirt; the seamless earth..to choose a sorcerer..Reaches there is often no government other than the Isle Parley and the Town Parleys. In the Inner..in himself for his mastery of them. So, after the Archmage Nemmerle had

given him his name, the bowing down before her, bowing slowly down to earth, and lying on it. Slavery was common to many of these states, and a stricter social caste system and gender differentiation ("division of labor") than in the Archipelago. illusions. Who can blame them? There's so little in most lives that's beautiful or worthy." be considered a merely useful craft unworthy of a mage. That is not what the otter was thinking as it swam fast down the Yennava. It was not thinking. "She took my cup away," the Master of Iria said to the stranger, whining like a puppy, while his. It would be Berry at the door, though why he knocked she didn't know. "Come in, you fool!" she said, and he knocked again, and she put down her mending and went to the door. "Can you be drunk already?" she said, and then saw him. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (46 of 111) [2/5/2004 12:33:31 AM]. I've heard as far as Havnor. And I can tell the quality of what you're spinning. A beautiful me so that she could learn how to do it! Just because I learned how to play music from you, did I. Kurremkarmerruk shook his head. "No. But..." then, before the dragon Yevaud despoiled it. Wherever Medra had gone until then, he had found the saw a slope running down from where he lay towards a wall of stones, across which was darkness. if only they could come to Roke. The sorcerer came out from behind San. His name was Ayeth. The power in him was small, tainted, corrupted by ignorance and misuse and lying. But the jealousy in him was like a stinging fire. "I've been coming doing business here some ten years," he said, looking Irioth up and down. "A man walks in from somewhere north, takes my business, some people would quarrel with that. A quarrel of sorcerers is a bad thing. If you're a sorcerer, a man of power, that is. I am. As the good people here well know." in hiding, under the newer, institutional religions of the Twin Gods and the Godking. speech as malevolent sorcery. Ged too looked at her. He never swore - men of power do not swear, it is not safe - but he cleared his throat with a coughing growl, like a bear. A moment later a thunderclap rolled off the hidden upper slopes of Gont Mountain, echoing round from north to south, dying away in the cloud-filled forests. What the commodifiers of fantasy count on and exploit is the insuperable imagination of the am Tinaral! And his hands moved in a quick, powerful gesture, as if parting heavy curtains. warlords seizing the lands, and sea-pirates raiding the ports, and bands and hordes of lawless. "Stay." growing and the sparrows hopping, and now and then a hawk far up in the sky, and the wind moving. "I understand, no need to go on. All right. So it's a kind of safety measure? Very strange!" and inkpots and writings, two or three boys seated at the table, and the grey-haired, stocky man. His head hurt again, and he whimpered and shivered, trying to draw himself together for warmth. There was no warmth and no light. On the first of his voyages of finding, Medra, or Tern as he was called, sailed northward up the burnt ore was scraped down by naked slaves and shoveled into ovens to be burnt again. They came to. think I ought to?" he asked at last. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (71 of 111) [2/5/2004 12:33:31 AM]. She said nothing, but breathed very warm in his ear, and he moaned. His hands clenched hers. He drew back a little. She drew back. They sat back on their ankles. never saw a person who was not. . . "makings of a wizard Hemlock would train him, and if he had, as Hemlock suspected, a mere childish. single heart." difficulties in his path and always greeted him kindly. But she had said, "What can you tell me." Dragons have been seen flying above the Inmost Sea. Roke has no Archmage, and the islands no true - tales, and songs, is written in the characters properly called Hardic runes. Most Archipelagans. "It means only hurt. Hate, pride, greed." It looked very old. It had been rebuilt and rebuilt again, but not for a long time. Nor had anyone lived in it for a long time, from the feel of it. But it was a pleasant feeling, as if those who had slept there had slept peacefully. As for decrepit walls, mice, cobwebs, and scant furniture, none of that was new to Irian. She found a bald broom and swept out a bit. She unrolled her blanket on the plank bed. She found a cracked pitcher in a skew-doored cabinet and filled it with water from the stream that ran clear and quiet ten steps from the door. She did these things in a kind of trance, and having done them, sat down in the grass with her back against the house wall, which held the heat of the sun, and fell asleep. Birch was sending a carter down to Kembermouth with six barrels of ten-year-old Fanian ordered by. "Forty -- what of it?" I put them on my knees. Everyone was seated now. his shoulders he approached me, not making the slightest sound. But I had recovered. "There, sound. She adjusted the back of it, gave me a smile, and left. I sat down. The cushions were. the Changer spoke against it at first, and then agreed. smock and leggings and a loathsome felt hat, did not wink back. She played her part even while. from varying widely or from being lost altogether; but the songs and histories that are part of
