My voice sounded thin..?I'm big and I'm cold and I'm blustery. . . .".My curiosity reared up again. The gossip columnists speculated a great deal about how Amanda and Selene managed their dual existence, but because neither personality gave interviews on the subject, it had to remain only speculation. The custody decision, however, was public knowledge. January to June had gone to Margot Randall, July to December to the Senator. It sounded like the alters might still divide then* year that way. But rather than distress Amanda further by asking about it, I bit my tongue and hurried out to get the lease from my secretary.. "Yes. Or the twig can be grafted to the branch of another tree (of a different variety even), where it can grow and flourish. In either case, it is an organism with a single parent, and sex has had nothing to do with its making. It is because human beings first encountered this asexual form of reproduction, hi connection with fruit trees probably, that such a one-parent organism of non-sexual origin is called a "twig"; that is, "clone.". Young has written thirty-nine stories for F&SF over the years, and we can think of only three writers who have contributed as much

fiction as Mr. Young (Poul Andersen, A warn Davidson, and Ron Goulart). A Robert Young story is always a pleasure because its high quality is as predictable as its subject matter is unpredictable. Here he gives us the real story behind why a certain tower in Babylon was never finished and why all great builders, from Nebuchadnezzar to Moses (Robert), have such a rough time..At midnight I was still awake, sitting in number five in my jockey shorts with the light out and the door open. I listened to the ticking of the Detweiler boy's typewriter and the muffled roar of Los Angeles. And thought and thought and thought.
