"as you know, live with lords, and have what they wish." a boy swore to me that his whole village had seen dragons flying, this spring, west of Mount Onn..asked around a bit. The father, a longshoreman, had died in the big earthquake, when Silence would spoke to her, and in his mind she answered, her voice, her husky voice saying his name, "Diamond. The Kargish version of the story, told as a sacred recital by the priesthood, says that Intathin defeated Erreth-Akbe, who "lost his staff and amulet and power" and crept back to Havnor a broken man. But wizards carried no staff in those years, and Erreth-Akbe certainly was an unbroken man and a powerful mage when he faced the dragon Orm..good. But in the dark years, wizards sold their skills to the highest bidder, pitting their powers. "All under here's worked out long since" Licky said. And Otter had begun to be aware of the. Dulse thought sometimes in those years about sons and fathers. He had quarreled with his own father, a sorcerer-prospecter, over his choice of a teacher; his father had shouted that a student of Ard's was no son of his, had nursed his rage and died unforgiving. Within a few years their struggles had destroyed all central governance. The Archipelago became a battleground of hereditary feudal princes, governments of small islands and city-states, and piratic warlords, all trying to increase their wealth and extend or defend their borders. Trade and ship traffic dwindled under piracy, cities and towns withdrew inside defensive walls; arts, fisheries, and agriculture suffered from constant raids and wars; slavery, which had not existed under the Kings, became common. Magic was the primary weapon in forays and battles. Wizards hired themselves out to warlords or sought power for themselves. Through the irresponsibility of these wizards and the perversion of their power, magic itself came into disrepute..not yet seen its true goal. I very strongly advise that you not take that risk. He must ask Master Birch to provide him an advance on his salary to pay for ship-passage and lodging, for a wizard of Roke should not take advantage of people's willingness to give him whatever he needed, but pay his way like an ordinary man. As Birch agreed with this, he had to give Ivory a purse

for his journey. It was the first real money he had had in his pocket for years: ten ivory counters carved with the Otter of Shelieth on one side and the Rune of Peace on the other in honour of King Lebannen.
