You wouldn't ask me to pay you what I have in mind to pay you, would you. Dulse wandered about a bit before he found what he took to be the Dark Pond. It was small, half mud and reeds, with one vague, boggy path to the water, and no track on that but goat-hoofs. The water was dark, though it lay out under the bright sky and far above the peat soils. Dulse followed the goat-tracks, growling when his foot slipped in the mud and he wrenched his ankle to keep from falling. At the brink of the water he stood still. He stooped to rub his ankle. He listened. Bren's old dog had been. "He talks to em, and I'll swear they consider what he says. And that. ONE. "I do have a gift," he said now, rubbing his temples and pulling his hair. He thought what he must do, and how he must do it. He wasn't sure whether he had summoned her or she had come of her own will; he didn't know how she had spoken the word of the Old Tongue to him or through him. He didn't know what he was doing, or what she was doing, and he was almost certain that the working of any spell would rouse Gelluk. But at last, rashly, and in dread, for such spells were a mere rumor among those who had taught him his sorcery, he summoned the woman in the stone tower. He left her at the corner of the street, a narrow, dull, somehow sly-looking street that slanted up between featureless walls to a wooden door in a higher wall. He had put his spell on her, and she looked like a man, though she did not feel like one. She and Ivory took each other in their arms, because after all they had been friends, companions, and he had done all this for her. "Courage!" he said, and let her go. She walked up the street and stood before the door. She looked back then, but he was gone. exerted considerable political power. On the whole this power was used benevolently. These legends are best preserved in Hur-at-Hur, the easternmost of the Kargad Lands, where dragons have degenerated into animals without high intelligence. Yet it is in Hur-at-Hur that people keep the most vivid conviction of the original kinship of human and dragon kind. And with these tales of ancient times come stories of recent days about dragons who take human form, humans who take dragon form, beings who are in fact both human and dragon.
