

## BUNDESLIGA 2016 17

He paused, giving them a chance to ask the obvious question-and then smiled at their reticence..Permissions Department, Harcourt, Inc., 6277 Sea Harbor Drive, Orlando, Florida 32887-6777. www.harcourt.com "Darkrose and Diamond" first appeared in The Magazine of Fantasy and Science Fiction..He raised the lower sash of the tall double-hung window and slipped quietly into the dark kitchen. Because the window served also as an emergency exit, it wasn't set above a counter, and ingress was easy..Barefoot, in midnight-blue silk pajamas, he walked through his rooms turning on lights in a considered pattern, which he had settled upon after much thought and planning..Had Junior been chest-deep in wet concrete, he would have been more mobile than he was now. He had no feeling in his legs..And so Agnes went alone to her bedroom and there, as on so many nights, sought the solace of the rock who was also her lamp, of the lamp who was also her high fortress, of the fortress who was also her shepherd. She asked for mercy, and if mercy was not to be granted, she asked for the wisdom to understand the purpose of her sweet boy's suffering..Although rain-pasted to her skin, the fine hairs rose on the nape of her neck. The gooseflesh crawling across her arms had nothing to do with her cold, wet clothes..This unflinching consistency of packaging enables card mechanics, professional gamblers, sleight-of-hand magicians-to manipulate a new deck with confidence that they know, starting, where every card can be found in the stack. An expert mechanic with practiced and dexterous hands can appear to shuffle so thoroughly that even the most suspicious observer will be satisfied-yet he will still know exactly where every card is located in the deck. With masterly manipulation, he can place the cards in the order that he wishes, to achieve whatever effect he desires.. "Evidence suggests Vanadium killed a woman here, a nurse at the hospital. Lover's quarrel, perhaps. He set her house on fire with her body in it, to cover his tracks, but he must have realized they would still finger him, so he lit out."..Aware that his tension was building intolerably, Junior decided that he needed Scamp more than he dreaded her. He spent the remainder of Wednesday, until dawn Thursday, with the indefatigable redhead, whose bedroom contained a vast collection of scented massage oils in sufficient volume to fragrantly lubricate half the rolling stock of every railroad company doing business west of the Mississippi..The two bereaved women huddled at one end of the living room, tearful, touching, talking quietly, wondering together if there was any way that each could help the other to fill this sudden, deep, and terrible hole in their lives..Tom had acted with the best intentions-but also with the intelligence and the good judgment that God had given him and that he had spent a lifetime honing. Good intentions alone can be the cobblestones from which the road to Hell is built; however, good intentions formed through much self-doubt and second-guessing, as Tom's always were guided by wisdom acquired from experience, are all that can be asked of us. Unintended consequences that should have been foreseeable are, he knew, the stuff of damnation, but those that we can't foresee, he hoped, are part of some design for which we can't be held responsible..would allow herself to feel the loss, the misery against which she was now armored. Phimie deserved dignity in this final..Head lowered, as if his visit to Jacob were a weight that bowed him, his attention was on the ground. Otherwise, he might not have noticed, might not have been halted by, the intricate and beautiful pattern of sunlight and shadow over which he walked..Celestina often thought of his wife and twin boys-Rowena, Danny, and Harry--dead in that airliner crash six years ago, and sometimes she was pierced by a sense of loss so poignant that they might have been members of her own family. She grieved as much over their loss of Wally as over his loss of them, and as blasphemous as the thought might be, she wondered why God had been so cruel as to sunder such a family. Rowena, Danny, and Harry had crossed all waters of suffering and lived now eternally in the kingdom. One day they would all be rejoined with the special husband and father they had lost; but even the reward of Heaven seemed inadequate compensation for being denied so many years here on earth with a man as good and kind and big of heart as Walter Lipscomb..For half an hour he studied Barty's eyes with various devices and instruments. Thereafter, he arranged an immediate appointment with an oncologist, as Joshua Nunn had predicted..As nimble as a geriatric cat, crying out with pain, Junior nevertheless sprang onto the deep windowsill and shoved against the twin panes of the window. They were already partly open-but they were also stuck. Crouched on the deep sill, pushing against the parted casement panes of the tall French window, using not just muscle but the entire weight of his body, leaning into them, the maniac tried to force his way out of the bedroom..Playing with fire was fun when you didn't have to attempt to conceal the fact that it was arson..Having used his body as a clapper in the bell of the Dumpster, Junior had struck a loud reverberant note that tolled like a poorly cast cathedral bell, echoing solemnly off the walls of the flanking buildings, back and forth through the fogbound night..By the time Junior passed the three offices and found the men's room, Neddy had occupied it. The door was locked, which must mean this was a single-occupant john..This thought startled Agnes, disturbed her-yet, inexplicably, it also poured a measure of warm comfort into her chilled heart..With only a faint twinge of sentimental longing, he drove away from the house that had been his and Naomi's love nest for fourteen blissful months..Because you can walk in the rain without getting wet, because you walk in SOME OTHER PLACE, and God knows where that place is or whether YOU COULD GET STUCK THERE somehow, get stuck there AND NEVER COME BACK, and if you can do this, there's surely other impossible things you can do, and even as smart as you are, you can't know the dangers of doing these things--nobody could know-and then there are the people who'd be interested in you if they knew you can do this, scientists who'd want to poke at you, and worse than the scientists, DANGEROUS PEOPLE who would say that national security comes before a mother's rights to her child, PEOPLE WHO MIGHT STEAL YOU AWAY AND NEVER LET ME SEE YOU AGAIN, which would be like death to me, because I want You to have a normal, happy life, a good life, and I want to protect you and watch you grow UP and be the fine man I know you will be, BECAUSE USE I LOVE YOU MORE THAN ANYTHING, AND YOU'RE SO

SWEET, AND YOU DON'T REALIZE HOW SUDDENLY, HOW HORRIBLY, THINGS CAN GO WRONG..Because of the events regarding Barty and Angel back in January, Celestina, Grace, and Wally were no longer displaced persons waiting to return to San Francisco. They had begun anew here in Bright Beach; and judging by all indications, they were going to be as happy and as occupied with useful work as it was possible to be on this troubled side of the grave..Instead, he was given a small color brochure featuring samples of the artist's work. It also contained the same photograph of her smiling face that graced the window..Raise high the candlestick. In spite of the masking music, breathe shallowly and through the mouth. Remain poised, ready..He did not look at the battered face. Dare to meet those shuttered eyes, and they might spring open, full of blood and fix him with a crucifying stare..Although to Paul this was no more than childish chatter, Tom knew at once that the girl referred to his explanation for why he wasn't sad about his damaged face: the salt and pepper shakers representing two Toms, the hit-and-run rhinoceros, the different worlds all in one place. "Yes, Angel. That's something like what I was talking about." "Sit down, sit down," Agnes urged. "I can offer coffee now and pie in a little bit." Enigmatic as ever on this subject, he continued: "I'm probably not blind more places than I am. Yeah, sure, I'd rather be me in one of the other places where my eyes are good, but this is the me I am. And you know what?" He had noted all seven names on the bassinets, but he read them again. He sensed in their names-or in one of their names-the explanation for his seemingly mad perception of a looming threat.."Possible complications include cerebral hemorrhage, pulmonary edema, kidney failure, necrosis of the liver, coma-to name a few."..In the hall that served the two ground-floor apartments, they encountered Rena Moller, the elderly woman who lived in the unit across from theirs. She was polishing the dark wood of her front door with lemon oil, a sure sign that her son and his family were coming to dinner..At the end of their second date, however, Frieda invited Junior up to her apartment, to see her Lientery collection and, no doubt, to take a ride on the Cain ecstasy machine. She owned seven canvases by the painter, received as partial payment of his PR bills..This guy was spooky. Junior was beginning to think that the detective's unorthodox behavior wasn't a carefully crafted strategy, as it had first seemed, but that Vanadium was a little wacky..Junior opened his eyes and saw that only the second of the two rounds had found its intended mark. The first had cracked through the center of a cabinet door, surely shattering dishes within..Fourth and last, he was surprised that Kickmule was a legitimate surname. This information wasn't of immediate importance to him, but if ever his Gammoner and Pinchbeck identities were compromised and he required false ID in a new name, he would call himself Eric Kickmule. Or possibly Wolfgang Kickmule. That sounded really tough. No one would mess with a man named Kickmule..Barty came out of the house with the library copy of Podkayne Of Mary, which his mother had promised to read to him later, in the hospital. "Are we all going?" he asked..Channeling his beautiful rage, Junior hefted the corpse onto the windowsill, and shoved it headfirst into the alley. The fog received it with what sounded almost like a swallowing noise.."Maybe he could if he was able to lift it, but I couldn't throw a pig or an Oreo or anything else into any other place. It's just not something I know how to do."..hearts represented either a rival in love or a lover who would betray an enemy who would deeply wound the heart. The knave of diamonds was someone who would cause financial grief. The knave of clubs was someone who would wound with words: one who libeled or slandered, or who assaulted you with mean-spirited and unjust criticism..Because she'd enjoyed some limited use of her right arm, it was less wasted than her left, although not normal. Paul pulled down that sleeve of her pajamas.."You haven't had previous episodes like this?" Parkhurst asked, standing at the bedside with a file folder in his hands, half-lens reading glasses pulled down to the tip of his nose..In a neatly groomed neighborhood of unassuming houses, Vanadium's place was as unremarkable as those around it: a single-story rectangular box of no discernible architectural style. White aluminum siding with green shutters. An attached two-car garage..Curious to know what Neddy had said, Junior quickly approached the same gallery staffer. "Excuse me, but I've been looking for my friend ever so long in this mob, and then I saw him talking to you-the gentleman in the London Fog and the tux-and now I've lost him again. He didn't say if he was leaving, did he? He's my ride home."..In spite of major earthquakes pending, explosions of dynamite hauling trucks on the highway, tornadoes somewhere churning, the grim likelihood of a great dam bursting along the route, freak ice storms stored up in the unpredictable heavens, crashing planes and runaway trains converging on the coastal highway, and the possibility of a sudden violent shift in the earth's axis that would wipe out human civilization, they risked crossing the boundaries of Bright Beach and traveled north into the great unknown of territories strange and perilous..Rescuers encouraged her to move safely away from the passenger's door, as far as possible, to avoid being inadvertently injured as they tried to break in to her. She could go nowhere but to her dead husband..Grace dropped the phone. Harrison let the frosting knife slip out of his fingers..It was then that village sorcery, and above all women's witchery, came into the ill repute that has clung to it since. Witches paid dearly for practicing the arts they thought of as their own. The care of pregnant beasts and women, birthing, teaching the songs and rites, the fertility and order of field and garden, the building and care of the house and its furniture, the mining of ores and metals-these great things had always been in the charge of women. A rich lore of spells and charms to ensure the good outcome of such undertakings was shared among the witches. But when things went wrong at the birth, or in the field, that would be the witches' fault. And things went wrong more often than right, with the wizards warring, using poisons and curses recklessly to gain immediate advantage without thought for what followed after. They brought drought and storm, blights and fires and sicknesses across the land, and the village witch was punished for them. She didn't know why her charm of healing caused the wound to gangrene, why the child she brought into the world was imbecile, why her blessing seemed to burn the seed in the furrows and blight the apple on the tree. But for these ills, somebody had to be to blame: and the witch or sorcerer was there, right there in the village or the town, not off in the warlord's castle or fort, not protected by armed men and spells of defense. Sorcerers and witches were

drowned in the poisoned wells, burned in the withered fields, buried alive to make the dead earth rich again.. "This card to mean also is family love, and is love from many friends, not just to be kissy-kissy love," Maria elucidated..He'd once spoken that very sentiment to her. Golden haze, sun in the heart. His words had melted her, tears had sprung into her eyes, and sex been better than ever..The Worry Bear carries worries in his pockets. Under his Panama hat and in two gold lockets. Carries worries on his back and under his arms. Nevertheless, dear old Worry Bear has his charms..When the subject shifted to card tricks and fortune-telling, Maria admitted to practicing divination with standard playing cards..Panic set in when he began to wonder if these intestinal spasms were going to prevent him from leaving Spruce Hills. In fact, what if they required hospitalization?.The heavy hand would come down on his shoulder, he would be spun around against his will, and there before him would be those nailhead eyes, the port-wine stain, facial bones crushed by a bludgeon....."That would be John George Haigh," Agnes said, checking Barty's diaper before nestling him tenderly in the crook of her arm..Furthermore, fear of the unknown is a weakness also because it humbles us. Humility, Caesar Zedd declares, is strictly for losers. For the purpose of social and financial advancement, we must pretend to be humble-shuffle our feet and duck our heads and make self-deprecating remarks-because deceit is the currency of civilization. But if ever we wallow in genuine humility, we will be no different from the mass of humanity, which Zedd calls "a sentimental sludge in love with failure and the prospect of its own doom."..Now, here, lying on a bed in the emergency room of a Sacramento hospital, on a Saturday afternoon only six weeks before the camellia festival, Junior suffered under the care of a resident physician who was so young as to raise the suspicion that he was merely playing doctor.."If I ever have trots, you'll know." And then in the Cheese voice: "CAN WE LISTEN TO THE BOOK TALK IN YOUR ROOM?".Finding nothing more of interest in the study, he considered searching the rest of the house..before used. Boeotian. A dull, obtuse, stupid person. He felt very Boeotian all of a sudden..Many nights, his sleep wasn't half as restful as he would have wished, for he often dreamed of walking in a wasteland. Sometimes, desert salt flats stretched in all directions, with here and there a monument of weather-gnarled rock, all baking under a merciless sun. Sometimes, the salt was snow, and the monuments of rock were ridges of ice, revealed in the hard glare of a cold sun. Regardless of the landscape, he walked slowly, though he had the desire and the energy to proceed faster. His frustration built until it was so intolerable that he woke, kicking in the tangled sheets, restless and edgy..By eleven months, his vocabulary had expanded to nineteen words, by Agnes's count: an age when even a precocious child usually spoke three or four at most.."I don't know." He was silent a moment. "That's what's going to be interesting."..In the morning, at breakfast, from this calmer perspective, he looked back at his tantrum in the middle of the night and wondered if he might be in psychological trouble. He decided not. In November and December, Junior studied arcane texts on the supernatural, went through new women at a pace prodigious even for him, found three Bartholomews, and finished ten needlepoint pillows..Not one day in anyone's life, so her father taught, is an uneventful day, no day without profound meaning, no matter how dull and boring it might seem, no matter whether you are a seamstress or a queen, a shoeshine boy or a movie star, a renowned philosopher or a Downs syndrome child. Because in every day of your life, there are opportunities to perform little kindnesses for others, both by conscious acts of will and unconscious example. Each smallest act of kindness-even just words of hope when they are needed, the remembrance of a birthday, a compliment that engenders a smile-reverberates across great distances and spans of time, affecting lives unknown to the one whose generous spirit was the source of this good echo, because kindness is passed on and grows each time it's passed, until a simple courtesy becomes an act of selfless courage years later and far away. Likewise, each small meanness, each thoughtless expression of hatred, each envious and bitter act, regardless of how petty, can inspire others, and is therefore the seed that ultimately produces evil fruit, poisoning people whom you have never met and never will. All human lives are so profoundly and intricately entwined-those dead, those living, those generations yet to come-that the fate of all is the fate of each, and the hope of humanity rests in every heart and in every pair of hands. Therefore, after every failure, we are obliged to strive again for success, and when faced with the end of one thing, we must build something new and better in the ashes, just as from pain and grief, we must weave hope, for each of us is a thread critical to the strength-to the very survival-of the human tapestry. Every hour in every life contains such often-unrecognized potential to affect the world that the great days for which we, in our dissatisfaction, so often yearn are already with us; all great days and thrilling possibilities are combined always in this momentous day.."You better wise up, you tree-humping nitwit," Rudy advised Junior, grabbing the bed railing as if he might tear it off and use it to club his son-in-law senseless..Vanadium hadn't seen the man who had clubbed him from behind and who had smashed his face with a pewter candlestick, but when~ he spoke the name Enoch Cain, the quality in his eyes was not compassion. No fingerprints had been left, no evidence in the aftermath of the fire at the Bressler house or in the Studebaker hauled from Quarry Lake.."All right," Agnes said, and as she voiced her acceptance, she was shivered by a sudden fear for which she couldn't at once identify a cause..Tuesday morning, while he showered with a swimming cockroach that was as exuberant as a golden retriever in the motel's lukewarm water, Junior vowed never to kill again. Except in self-defense..JUNIOR CAIN WANDERED among the Philistines, in the gray land of conformity, seeking one-just one-refreshingly repellent canvas, finding only images that welcomed and even charmed, yearning for real art and the vicious emotional whirlpool of despair and disgust that it evoked, finding instead only themes of uplift and images of hope, surrounded by people who seemed to like everything from the paintings to the canapes to the cold January night, people who probably hadn't spent even one day of their lives brooding about the inevitability of nuclear annihilation before the end of this decade, people who smiled too much to be genuine intellectuals, and he felt more alone and threatened than eyeless Samson chained in Gaza..What good was she to anybody, what good could she ever hope to be, if she couldn't even save her little sister?.."She was a hero, just like you. I wanted

you ... I wanted you to see her and to know her name. Perri Damascus. That was her name." While you're trying to decide, hand me a knife, and I'll cut your jugular you brainless medical-school dropout." "Oh? Do they rent their house out to pirates with little pirate children, clowns with little clown children?" The tenderness with which Grace acceded to Phimie's desire, at the expense of her own peace of mind, filled Celestina with emotion. She'd always admired and loved her mother to an extent that no words-or work of art-could adequately describe, but never more than now..place settings. He returned with them to the kitchen and put them in the lower oven, as though Victoria were using it as a plate warmer..The big trees on Vanadium's property also stood bare, allowing a relatively unobstructed view of the house. The back of the residence as dark, but a soft light warmed two windows at the front..MONEY FOR THE DEAD. The decomposing flesh of a beloved wife and an unborn baby transmuted into a fortune was an achievement that put to shame the alchemists' dreams of turning lead to gold..So after waiting two months for the superhero Harrison White case to cool down, Junior returned instead to Spruce Hills, traveled bald and pocked and passing as Pinchbeck, under the cover of night..Her brothers' solemnity irritated Agnes. They appeared to be taking this reading seriously, as though it were far more than just a little after-dinner entertainment..Thanks to his intelligence and his personality, Barty's presence was so great for his age that Agnes tended to think of him as being physically larger and stronger than he actually was. As the scent of grass grew more complex and even more appealing, she saw her son more clearly than she'd seen him in a while: quite small, fatherless yet brave, burdened with a gift that was a blessing but that also made a normal boyhood impossible, forced to grow up at a up faster pace than any child should be required to endure. Barty was achingly delicate, so vulnerable that when Agnes looked at him, she felt a little of the awful sense of helplessness that burdened Edom and Jacob.. "How's something so delicious come from a fat, smelly, dirty, snorting old pig?" Fortunately, he recognized his vulnerability. Until the evening reception for Celestina White, he must spend every hour of the day in calming activities, soothing himself in order to ensure that he would be cool and effective when the time came to act..Tammy--the stock analyst, broker, and cat-food-eating feline fetishist-whom he had dated from Christmas of '65 through February of '66, had given him the timepiece in return for all the trading commissions and perfect sex that he had given her..Phimie gazed upon the child briefly, then sought her sister's eyes again. Another word..Perplexed by their peculiar behavior, even slightly unnerved, Tom answered Maria's question. "I'm afraid there's nothing else I can do, nothing more of a fantastic nature." Junior had made a mistake when he smashed the pewter stick into Vanadium's face after the cop was already unconscious. He should have bound the bastard and attempted to revive him for interrogation.. "But I've never seen a case like this. Usually, boils appear on the back of the neck. And in moist areas like the armpits and the groin. Not so often on the face. And never in a quantity like this. Really, I've never seen anything like it." The apartment had been furnished with only two padded folding chairs and a bare mattress in the living room. The mattress was on the floor, without benefit of a bed frame or box springs..The window was French with small panes, so Celestina couldn't simply break the glass and climb out.. "That would be wrong. A diary's private." He supposed that to a detective nothing was sacred, but he was nonetheless a little shocked that Vanadium needed to ask that question..Junior vigorously scrubbed his corpse-licked cheek with one hand. Then he scrubbed his hand against the musician's raincoat..On that busy night, with Vanadium's corpse in the Studebaker and Victoria's cadaver awaiting a fiery disposal at her house, Junior was too distracted to recognize the pertinence of the message. Now it tormented him from a dark nook in his subconscious..She lay beside her boy in the darkness, gazing at the covered window, where the faint glow of the moon pressed through the blind, suggesting another world thriving with strange life just beyond a thin membrane of light..Worried that tears would frighten Barty, that indulging in a few would result in a ruinous flood, Agnes held back the salt tides. A mother's duty proved to be the stuff from which dams were built..Koko changed directions with a fantastic pivot turn and bounded after the girl..Edom did as asked. Then he cut the deck into two approximately equal stacks when requested to do so.. "I'll always know your face," he promised. "Even if you have to go away and you're gone a hundred years, I'll remember what you looked like, how you felt." Leaving the children under the tree, Tom returned to the house to phone the police..Reminding himself that fortune favored the persistent and that he must always look for the bright side, Junior began with the city itself and with those whose surnames were Bartholomew. This was a manageable number..He feared that suicide was a ticket to Hell, and he knew that sinless Perri was not waiting for him in those lower realms..Recognizing the danger of saying the wrong thing, the potential for self-incrimination, Junior clenched his jaws and waited..Their struggle to put their sorrow into words moved Agnes not because they cared so deeply, but because in the end they were unable to express themselves adequately. Without the relief provided by expression, their anguish grew corrosive. Their lifelong introversion left them without the social skills to unburden themselves or to provide solace to others. Worse, their obsessions with death, in all its many means and mechanisms, had prepared them to expect Barty's cancer, which left them neither shocked nor capable of consolation, but merely resigned. Ultimately, in great frustration, each twin was reduced to fragmented sentences, crippled gestures, quiet tears-and Agnes became the only consoler.
