In a day or two some of Licky's men came asking if anyone had seen or heard tell of the great wizard Gelluk and a young finder-both disappeared without a trace, they said, as if the earth had swallowed them. Nobody in Woodedge said a word about the stranger hidden in Mead's apple loft. They kept him safe. Maybe that is why the people there now call their village not Woodedge, as it used to be, but Otterhide..cup by the rim of the condensing shaft. Gelluk peered in, eager as a child. He did no good to my cow with the caked bag, two years ago. And his balm's just pig fat, I'd swear. Well, so, he says to Otak, you're taking my business. And maybe Otak says the same back. And they lose their tempers, and they did some black spells, maybe. I guess Otak did. But he did no harm to the man at all, but fell down in a swoon himself. And now he doesn't remember any more about it, while the other man walked away unhurt. And they say every beast he touched is standing yet, and hale. Ten days he spent out there in the wind and the rain, touching the beasts and healing them. And you know what the cattleman gave him? Six pennies! Can you wonder he was a little rageous? But I don't say..." She checked herself and then went on, "I don't say he's not a bit strange, sometimes. The way witches and sorcerers are, I guess. Maybe they have to be, dealing with such powers and evils as they do. But he is a true man, and kind."."Go with the water," said Ayo.."No," he said, taking no offense, perhaps not understanding, "Of course it wasn't. I beg your pardon," she said.."What are you?" he said to her at last..sweet golden wine. "Wine of the Andrades," said the young man with a modest, complacent smile. "Well," he said, "in the first place, when I got to the city, I go up."Before the dragon came, the Summoner too had returned from death, where he can go, where his art can take him. He had seen our lord and the young king there, in that country across the wall of stones. He said they would not come back. He said Lord Sparrowhawk had told him to come back to us, to life, to bear that word. So we grieved for our lord.."At home," Otter said. It wasn't a lie. He did have a pouch at home. He kept his fine-work tools."Go on," the witch murmured..it." Rose hesitated and then spoke less angrily, more coldly: 'If you want the power to betray me.,apart. For the first time, Medra was given a vision of magic not as a set of strange gifts and reasonless acts, but as an art and a craft, which could be known truly with long study

and used rightly after long practice, though even then it would never lose its strangeness. They put their arms round each other in a fierce, long embrace. Then."While we talk behind her back?".He had not thought. He had taken the shape that came soonest to him, run to the river as an otter would, swum as the otter would swim. But only in his own form could he think as a man, hide, decide, act as a man or as a wizard against the wizard who hunted him..years he came forth and announced, in the words of the poem..The Summoner looked up at Irian. Slowly he raised his arms and the white staff in the invocation of a spell, speaking in the tongue that all the wizards and mages of Roke had learned, the language of their art, the Language of the Making: 'Irian, by your name I summon you and bind you to obey me!'.The king left soon after, and the Master Windkey went with him. Before the king was to be crowned, they went to Gont and sought our lord, to find what that meant, "a woman on Gont". Eh? But they did not see him, only my countrywoman Tenar of the Ring. She said she was not the woman they sought. And they found no one, nothing. So Lebannen judged it to be a prophecy yet to be fulfilled. And in Havnor he set his crown on his own head..lifted my head I saw only a black void. Yet, strangely enough, at that moment its blind presence."None of your business if there is!
