As I mentioned a moment ago, this subject has been under study for a considerable period of time. I can now inform you that, three days ago, the President of the United States and the Chairman of the Eastern Co-Prosperty Sphere signed an agreement for the project which I have briefly outlined to be' pursued on a joint basis, effective immediately. The activities of the various national and private research institutions and other organizations that will be involved in the venture will be coordinated with those of the North American Space Development Organization and with those of our Chinese and Japanese partners under a project designation of Starhaven." tossed it on the back of a chair.. His first elation fizzled out and he was left with his usual flattened sense of personal inconsequence. Tucking the license into his ID folder, he felt like a complete charlatan, a nobody pretending to be a somebody. If-he'd scored in the first percentile, he'd have been issued this license the same as if he'd scored in the tenth. And he knew with a priori certainty that he hadn't done that well. The most he'd hoped for was another seven points, just enough to top him over the edge, into the sixth percentile. Instead he'd had dumb luck.. Song, do you have any ideas?". She spoke of forked tongues, of voices hissing forth from mouths yawning incredibly wide on movable jawbones. And she might have gone on, but Nolan stopped her now; his head was throbbing with weariness.."That, I'm sure, was just coincidence," said Michelle. "After all, we're speaking of only two cases, and neither of the individuals in question was particularly bright. Bright people wouldn't be so quixotic, would they?"
