

CLINICAL GUIDE TO CARDIOLOGY

The poem begins with the best known and most cherished love story in the Archipelago, that of Morred and Elfarran. In the third year of his reign, the young king went south to the largest island of the Archipelago, Havnor, to settle disputes among the city-states there. Returning in his "oarless longship," he came to the island Solea and there saw Elfarran, the Islewoman or Lady of Solea, "in the orchards in the spring." He did not continue on to Enlad, but stayed with Elfarran. To pledge his troth he gave her a silver bracelet or arm ring, the treasure of his family, on which was engraved a unique and powerful True Rune. He traveled far in the Archipelago, even out into the East Reach. He never went to the same town or island twice without years between, letting his trail grow cold. Even so he began to be spoken of. The Child Taker, they called him, a dreaded sorcerer who carried children to his island in the icy north and there sucked their blood. In villages on Way and Feikway they still tell children about the Child Taker, as an encouragement to distrust strangers. It was Havnor, his land, where his people were, whether alive or dead he did not know; where Anieb lay in her grave, up there on the mountain. He had never been back, never come this close. It had been how long? Sixteen years, seventeen years. Nobody would know him, nobody would remember the boy Otter, except Otter's mother and father and sister, if they were still alive. And surely there were people of the Hand in the Great Port. Though he had not known of them as a boy, he should know them now..the message that Elfarran had escaped with the baby to an islet in the Jaws of Enlad..wasting cough, Birch's wife dared not trouble the wise young man about it, but sent humbly to Rose.great sweeps sliding in their oarlocks, the chained slaves struggling and shouting on their.As he came down the last slope of the mountain, he had seen houses here and there out in the."Well, I'll try," she said."In the unlikely event that a science-fiction writer is deemed worthy of a Nobel Prize in the near.in the darkness of the earth. There were no booths or stalls set up. They were waiting for him. He treasured her rustic sayings of that kind. Sometimes she frightened him, and he resented it. His dreams of her were never of her yielding to him, but of himself yielding to a fierce, destroying sweetness, sinking into an annihilating embrace, dreams in which she was something beyond comprehension and he was nothing at all. He woke from those dreams shaken and shamed. In daylight, when he saw her big, dirty hands, when she talked like a yokel, a simpleton, he regained his superiority. He only wished there were someone to repeat her sayings to, one of his old friends in the Great Port who would find them amusing. "I have the cheese money," he repeated to himself, riding back to Westpool, and laughed. "I do indeed," he said aloud. The black mare nickered her ear. could and burning what they left. As for King Losen," Hound said, "who knows." He sniffed and sighed. "If I was him I'd retire" he said. "I think I'll do that myself." He was still shaken, appalled, by the ease with which Gelluk had forced him to say his name, which gave the wizard immediate and ultimate power over him. Now he had no hope of resisting Gelluk in any way. That night he had been in utter despair. But then Anieb had come into his mind: come of her own will, by her own means. He could not summon her, could not even think of her, and would not have dared to do so, since Gelluk knew his name. But she came, even when he was with the wizard, not in apparition but as a presence in his mind. His sudden tension and immobility, the strained face and inward look, were like those of a woman in labor when her womb contracts. That was Ogion's thought, even as he said, "What did you mean, "in the Mountain?". his cautious foot felt no bottom, and he paused. The Changer stared openly at her. He was not as tall as she was. Medra walked through the night. He was very lame, and could not always keep up the werelight. When it failed he had to stop and sit down and sleep. The sleep was never death, as he thought it was. He woke, always cold, always in pain, always thirsty, and when he could make a glimmer of the light he got to his feet and went on. He never saw Anieb but he knew she was there. He followed her. Sometimes there were great rooms. Sometimes there were pools of motionless water. It was hard to break the stillness of their surface, but he drank from them. He thought he had gone down deeper and deeper for a long time, till he reached the longest of those pools, and after that the way went up again. Sometimes now Anieb followed him. He could say her name, though she did not answer. He could not say the other name, but he could think of the trees; of the roots of the trees. This was the kingdom of the roots of the trees. How far does the forest go? As far as forests go. As long as the lives, as deep as the roots of the trees. As long as leaves cast shadows. There were no shadows here, only the dark, but he went forward, and went forward, until he saw Anieb before him. He saw the flash of her eyes, the cloud of her curling hair. She looked back at him for a moment, and then turned aside and ran lightly down a long, steep slope into darkness..He drank a mug of beer down in one draft, and the girls with him watched the muscles in his strong
