searching. Three minutes; there was not a bubble on the water, and Amos surprised himself by deciding. "I See You" is the first new Damon Knight story in many years; it was the feature story in FASFs special Damon Knight issue (November 1976). As might be expected, it is a totally fresh piece of work and it shines with quality. Damon says of it: "You may think it is a short story, but it is really a novel on the plan of A for Anything and Hell's Pavement, only much compressed. i.Daman Knight."But you were one of the best, everyone knows that. She must have been a starlet in the Twenties or Thirties, but success had eluded her. So she had tried to freeze herself in time. She still expected, at any moment, a call from The Studio. But her flesh hadn't cooperated. Her hair was the color of tarnished copper, and the fire-engine-red lipstick was painted far past her thin lips. Her watery eyes peered at me through a Lone Ranger mask of Maybelline on a plaster-white face. Her dress had obviously been copied from the wardrobe of Norma Shearer..the small and large screens for F&SF for many years. In addition, you will have to handle a variety of problems with your ship such as invasion by mind-warping beings, power-system failure, and occasional crew mutinies. The console commands that control your warship are simple and are given in the attached instructions being transmitted to your local printout facility..Dramatization is another. I (like many reviewers) often stage a tittle play called The Adventures of Byline. Byline (or "I") is the same species of creature as the Kindly Editor or the Good Doctor, who appear from time to time in these pages. That is, she is a form of shorthand. When Byline rewrites story X, that doesn't mean that I?the real, historical personage?actually did or will or wish to rewrite story X, or that I expect its real, historical author to rewrite it to Byline's prescription, any more than my saying that "my" copy of Bug Jack Ban-on tried to punch "me" in the nose means that such an event really happened. Pauline Kael's Movie Loon is another such fiction; these little creatures we send scurrying about the page are not our real, live selves, and their exploits are dictated more by the exigencies of our form than by a desire for personal glory..one of our most valuable heritages. Use your license wisely. Do not abuse the privilege of free speech..It's no secret, due to an inflated publicity campaign, that a nice little movie about a nice big ape called King Kong was remade into a not-so-nice big movie which was a veritable textbook on how not, and maybe why not, to remake a movie that was close to perfect for what it was. Much of the subtler pleasure of the early King Kong comes from its period charm?the naivet?, the wonderfully .preten-tious dialogue, even the oonga-boonga black natives. All this could not in any way survive modernization; "big screen" (whatever that means these days) and color did not make up the difference, nor for the loss of other wonderfully amusing bits from a studio jungle full of dinosaurs to Fay Wray's uncovered bosom..started looking at the street signs. Charles Laughton, maybe the best actor yet to appear on. "But will it work even if the grey man is already in the garden of violent colors and rich perfumes. His voice became more serious as he continued. "I don't want to go off into a lot of personal anecdotes and reminiscences. That kind of thing is customary on an occasion such as this, but it would be trivial, and I wouldn't want my last speech as president of NASDO to be marked by trivia. The times do not permit such luxury. Instead, I want to talk about matters that are of global significance and which affect every individual alive on this planet, and indeed the generations yet to be born--assuming there will be future generations." He paused. "I want to talk about survival--the survival of the human species." It is important to remember that the most important genetic possession of any species is not this gene or that, but the whole mixed other ones, like small slugs, eating them away when the colonists saw they wouldn't need them. "But J.L. was down this morning bitching about your performance. The PERT printout indicates you have." "She probably let me catch the two of you making love so I'd throw you out and she could have you to herself." Amanda sat back hugging herself as though cold. "I know what she's doing but I don't know what to do to stop her. If she were a cancer, I could cut her out. How do I cure myself of this? This parasite of the mind?" They all made a big show of going to bed hours before the scheduled breakaway. "Now don't be like that. Treason is a necessary part of the job, the way that handling trash cans is a part of being a garbage man. Some poets go to a great deal of trouble to disguise their treacheries; my inclination is to be up-front and betray everyone right from the start." "A what?" Jain's voice is puzzled. That the statement did not startle him. The grey eyes widened, and all the mouths opened once more. I picked up Janice at her apartment in Westwood early Saturday morning. She was waiting for me and came striding out to the car all tugs and healthy golden flesh. She was wearing white shorts, sneakers, and that damned Dallas Cowboys jersey. It was authentic. The name and number on it were quite well-known even to non-football fans. She wouldn't tell me how she got it, just smirked and looked smug. She tossed her suitcase in the back seat and slid up against me. She smelled like sunshine. Nolan stared at her. "They worship snakes up there?" "You're arguing on the side of death. Do you want to die? Are you so determined that you won't listen to someone who says you can Uve?" The Podkayne was lowered to the ground, and sadly decommissioned. It was a bad day for Mary Lang, the worst since the day of the blowout. She saw it as a necessary but infamous thing to do to a proud flying machine. She brooded about it for a week, becoming short-tempered and almost unapproachable. Then she asked Crawford to join her in the private shelter. It was the first time she had asked any of the other four. They lay in each other's arms for an hour, and Lang quietly sobbed on his chest. Crawford was proud that she had chosen him for her companion when she could no longer maintain her tough, competent show of strength. In a way, it was a strong thing to do, to expose weakness to the one person among the four who might possibly be her rival for leadership. He did not betray the trust. In the end, she was comforting him. "I'm Columbine Brown," she said, as though that offered an explanation. "I love you." 46. The hunter whirled around to face her then. "He was your brother?" he asked. "Smart thinking," said Venerate. "Now how do I get this game started?" In thirteen minutes the firefight was all over. Colman stood on the gravel bank of the stream and watched as a bewildered major was led from the enemy bunker, followed by his numb staff, who joined the gaggle of disarmed defenders being herded together under the watchful eyes of smirking Third Platoon guards. The primary objective had been to take prisoners and obtain intelligence, and the crop had yielded two captains in addition to the major, a first and a second lieutenant, a chief warrant officer, a sergeant major, two sergeants, and over a dozen enlisted men. Moreover, the call-sign lists and maps had been seized intact, along with invaluable communications and weapons-control equipment. Not a bad haul at all, Colman reflected with satisfaction. "Want anyone else to see before I have." No use calling her name again; she'd never hear it. And Robbie? At the cabin she said, "I'm sorry I was poor company." Undress, but he was too tired. The throbbing in his head was worse, pulsing to the beat of the drums. Waiting for her at Intensity Five. She never showed. By mid-February, he'd begun to be alarmed. Early. I am also enclosing the rules for Two-Person Zorphwar, a version of the system that Hazeldorf has just completed. Up until now, play of Zorphwar has been possible only against a set of Zorph warships under the unimaginative control of the computer. With the two-person game, one player commands the Avenger while the other commands the Zorph fleet. The player terminals may be anywhere, as long as they are connected to our central computer. The fated encounter took place at Morone's One-Stop Shopping, a mom-and-pop mini-grocery on Sixth Ave. right next to the International Supermarket. Although Morone's charged more for most items, Barry preferred sbdppng there because it offered such a limited and unchallenging range of choices (cold meats, canned goods, beer, Nabisco cookies) that he never felt intimidated and ashamed of his selections at the check-out counter. He hated to cook, but was that any reason he should be made to feel inadequate?
