

## COLLECTANEA DE REBUS HIBERNICIS

fellow in a worn sea-cloak. Ivory flourished his staff a little in greeting him. The sorcerer. "Otter," said the flat voice..and lodging, for a wizard of Roke should not take advantage of people's willingness to give him. Losen shouted, beating his paralyzed legs with his weak hands..knew about Early. Not a sign of him nor from him. Maybe I could find him, they said, joking me..Since the coronation of King Lebannen and the restoration of the High Courts and Councils in Havnor Great Port, Roke has remained without an archmage. It appears that this office, not originally part of the governance of the school or of the Archipelago, is no longer useful or appropriate, and that Ged, whom many call the greatest of the arch-mages, may have been the last..curious promenade went on; in the dark passages, the headless silhouettes of women: the fluff.sprang up out of it and ran across the wizard's feet..He stopped to listen, and heard nothing..walk with you, like this... And I wish you wouldn't go north."..He forgave her gracefully. He did not try a love-charm on her again..been his secret..it thickened and darkened, creeping out over the slow waves..Nothing, to his mind, could be more despicable than such a betrayal of their art. So it troubled.The witch said nothing. She knew the girl was right. Once the Master of Iria said he would or.Otter knew that a moment was coming when he might get free of Gelluk: of that he had been sure since last night. He knew also that in that same moment he might defeat Gelluk, disempower him, if the wizard, driven by his visions, forgot to guard himself-and if Otter could learn his name.."We went farthest east," Azver said. "But do you know what the leader of an army is, in my."Then. When we quarreled. I said it all wrong. I thought..." A long pause. "I thought I could go on running away. With you. And play music. Make a living. Together. I meant to say that."..people, and put a stop to this rubbishy talk, if she could..there?".After this struggle, the line of the Kargish kings continued in Hupun, nominally honored but.shift, and he saw the infinitely delicate, tender rise of her breasts. He drew her to him again..long solitudes among the trees, always sought form and clarity, and she said, "How can we teach.monstrous eggs with iron mauls." Hearing of this, Orm's dragon anger woke again, and he "leapt for.Beneath a dome supported by cracked, dumbling columns stood a woman, as though she.Gelluk was sure that without him Losen's rubbishy kingdom would soon collapse and some enemy mage would rub out its king with half a spell. But he let Losen act the master. The pirate was a convenience to the wizard, who had got used to having his wants provided, his time free, and an endless supply of slaves for his needs and experiments. It was easy to keep up the protections he had laid on Losen's person and expeditions and forays, the imprisoning spells he had laid on the places slaves worked or treasures were kept. Making those spells had been a different matter, a long hard work. But they were in place now, and there wasn't a wizard in all Havnor who could undo them..placed them in it, then retied the thong.."Meridional, rasts: one hundred and six, one hundred and seventeen, zero eight, zero two..darkness over a glittering roof. Under the roof is the House of the King. The roof stands high."Yes, but not completely. Maybe a little. But surely you didn't think that I. . .".The treetops stood out more distinctly against the sky; dawn was breaking. I was glad of.was getting hot..an illuminated walkway. I took it. Above me the whitish spans of structures sailed by; somewhere.years old, "Why did you have me if you didn't want me?". "Irian, here's what you must do to enter the Great House..." ". "You mean they'll oblige a wizard? But you aren't a wizard." "Everything is practice," Tangle said. She was never ill-natured. She seldom thought to do.how to do it. And she had no share in their wisdom, no part in their decisions. She drew away from.dragon form, beings who are in fact both human and dragon..though the Otter's House was still in sunlight. Kurremkarmerruk sat on the bench with his back.not a shred of power left in me to follow him with. So he got away from Roke. Clean gone..window looking out on a back-street. No spells - you can't make spells with all their magic going.He had made a little heap of bits of eggshell on the ground by his knee. He arranged the white."If he wants a party, he'll have it," she said. Their voices were alike, being in the higher register but dark-toned, and held to an even quietness, contained, restrained. She perched on a stool beside his at the high desk..thought), the man on the sheet would say that Olaf or I was similar to himself -- we were not so.naked in the chill of the rain. All her will was aimed on walking forward; she had nothing else in.talons to a man's legs and his great wings to arms..Diamond had no idea what to say. The idea of its being up to him had not occurred to him. "Do you think I ought to?" he asked at last.."Off you go, then," she said, "and leave us to settle this matter of the Rule." Her frown was as fierce as ever, but her voice was seldom as harsh as this when she spoke to him..He said, "I lost my way. Have I come to the villager?" His voice was hoarse and harsh, a beggar's voice, but not a beggar's accent..fought them like an animal till they knocked him on the head. They broke Otter's father's jaw and.for several houses up and down the street, and a crowd, that is, ten or eleven people, gathered."A cigarette. What -- you don't smoke?".Healer."..narrow, ice-coloured eyes..She sat on a while by the Thwilburn. She was troubled by what he had told her and by her thoughts and feelings in the Grove, and troubled that any thought or feeling could have troubled her there. She went to the house, set out her supper of smoked meat and bread and summer lettuce, and ate it without tasting it. She roamed restlessly back down he streambank to the water. It was very still and warm in the late dusk, only the largest stars burning through a milky overcast. She slipped off her sandals and put her feet in the water. It was cool, but veins of sunwarmth ran through it. She slid out of her clothes, the man's breeches and shirt that were all she had, and slipped naked into the water, feeling the push and stir of the current all along her body. She had never swum in the streams at Iria, and she had hated the sea, heaving grey and cold, but this quick water pleased her, tonight. She drifted and floated, her hands slipping over silken underwater rocks and her own silken flanks, her legs sliding through waterweeds. All trouble and restlessness washed away from her in the running of the water, and she floated in delight in the caress of the stream, gazing up at the white, soft fire of the stars..shivering, they waded out, dried themselves as well as they could, struggled barefoot and wretched.The first Archmage, Halkel, abolished the title of Finder,

replacing it with Chanter. The might make a good prentice, here in the palace. Maybe he could go to Roke after all, for Early was spell that would hide him from them all..understand a thing. Not a thing. It was they who had changed..I preferred darkness but walked on straight ahead to a stone circle, where a human figure stood. I.In the confusion of Otter's mind, he was only dimly aware that they were going now towards the entrance of the mine. They went underground. The passages of the mine were a dark maze like the wizard's words. Otter stumbled on, trying to understand. He saw the slave in the tower, the woman who had looked at him. He saw her eyes..This was a contest, then, a foe worth fighting! Early took a step backward and then, smiling, raised both his arms outward and up, very slowly but steadily, unstayed by anything the other man could do..tempered, having learned the uselessness of impatience in the work that must be done. Sometimes.root cellar that night and the nights after. Neighbors who came at last to bury the rotting bodies.pure, making his subjects pure!" He drew Otter to the edge of the roasting pit. His eyes shone in."I don't know. They gave me all kinds of shots. Is it so important?" In silence Dulse sought his name, and saw two things: a fir-cone, and the rune of the Closed.anything much for her daughter, but never hurt her, never scolded her, and gave her whatever she.me there. I decided not to go.".Weary, evil dreams of suffocation came to him, but took no hold on him. He breathed deep. He slept at last. He dreamed of long mountainsides veiled by rain, and the light shining through the rain. He dreamed of clouds passing over the shores of islands, and a high, round, green hill that stood in mist and sunlight at the end of the sea..As the dim light that came into the room from chinks in the mortar of the bricked-up window died.Of innumerable sacred groves, caves, mountains, hills, springs, and stones on the Four Lands, the.wholeness, was a gain for him. He had begun merely by trying to get her into his bed, a game he.Irioth came up onto the doorstep. He did not go in, but spoke in the open door. "Master San, it's about the cattle you have there between the rivers. I can go to them today." He did not know why he said this. It was not what he had meant to say..Grove because the leaves of the trees spoke your name to me before you ever came here. Irian, they.gasping, the wizard asked gently, "Are you afraid of the King?" "I am not, after all, a wild animal. Don't be angry, but. . . it seems to me that you've all.most of the work. The ewe bore the digging knife patiently, her opaque, amber, slotted eyes gazing.He turned and made for the shore, hasty, careless where he set his feet and not caring if he broke.She turned away and began to walk on up the hill..training would first study the high arts of sorcery, and if successful in them might pursue his."How does he hold them all?" the Namer said. "Herbal, you were here when Sparrowhawk and Thorion were challenged by Irioth. His gift was as great as Thorion's, I think. He used it to use men, to control them wholly. Is that what Thorion does?" .power, but she didn't know what kind. And I ... I know I do, but I don't know what it is. ".Then they were all gone, and he stood alone on the hill, shaken and wondering. "I have seen the.family, on which was engraved a unique and powerful True Rune..Under the huddle of the grey cloak his hands found only a huddle of clothes and dry bones and a broken staff..them and rearranged them. "Now I must speak of harm," he said.. "What's that all about?" Golden said to his wife, a rhetorical question. She looked at him and.dying of South Port. Hemlock was glad to let him do so. His own pleasure was in studying and, as.When she finished in the dairy and went to the house, the new fellow, Hawk, was squatting on the.He sought among memories, among shadows, groping over and over through images: the assault on his.wrong. How could they? But we can, and we do. And we never stop.".battleground of hereditary feudal princes, governments of small islands and city-states, and.died in childbirth there in the city..The first test is the great test, Dragonfly," he said. Every night he lay alone in this cabin he.That's all he really told me, yet," said Dragonfly, coming back to the mild, overcast spring day.with a strap. When he got the lathered, gasping mare to stand still, he saw the girl as beautiful.faced and bright-eyed and cheerful. He had taken it hard when his voice changed, the sweet treble.Medra took her hand and put his forehead against it. Telling his story he had kept back tears. He could not do so now..In Endlane and the villages round the foot of Onn on Havnor, women spinning and weaving sing a.grew immensely wealthy..How long had he been standing here? Why was he standing here? He had been thinking about mud,.making a fist and smiling. "Pretty good for fifty years old!" she said. It was silly to boast, but.file:///D:/Documents%20and%20Settings/harry/D...%20LeGuin%20-%20Tales%20From%20Earthsea.txt (4 of 111) [2/5/2004 12:33:30 AM].He drew back, staring, and made a fierce motion of his hand that brushed away the stream in a.She hesitated; she laughed. "If he wants a fife-player," she said.. "Come with me to the Grove," she said..the water could be drunk unless you boiled it an hour, except what came from the wells, hers here.agreeing on the Way-or the Rule, Waris wants us to call it-is twice the work of building the."Tell us who you are," the white-haired man said, courteously enough, but without greeting or.fountain, perhaps because it was pleasant to come across something even a little familiar. But I.his forest, had spoken of destruction, of transgression, of all things changed. Now it was upon.of an impossible airplane, but remained empty; there were only the black machines, emerging.go at a carthorse gallop. She followed him through the maze of corridors to a dark-walled room.It was hard work out in the pastures. "Who doesn't do hard work?" Emer had asked, showing her round, strong arms, her hard, red hands. The cattleman Alder expected him to stay out in these meadows until he had touched every living beast of the great herds there. Alder had sent two cowboys along. They made a camp of sorts, with a groundcloth and a half tent. There was nothing to burn out on the marsh but small brushwood and dead reeds, and the fire was hardly enough to boil water and never enough to warm a man. The cowboys rode out and tried to round up the animals so that he could come among them in a herd, instead of going to them one by one as they scattered out foraging in the pastures of dry, frosty grass. They could not keep the cattle bunched for long, and got angry with them and with him for not moving faster. It was strange to him that they had no patience with the animals, which they treated as things, handling them as a log rafter handles logs in a river, by mere force..Each True Rune has a significance, a connotation or area of meaning, which can be more or less.the use of talking about the balance of things? There's

no profit in it," they say. No profit!" Hound sniffed, sighed, nodded..on the ground, rather hard, for his legs were shaking..Mostly the pupil was supposed to be with the Master, or studying the lists of names in the room where the lorebooks and wordbooks were, or asleep. Hemlock was a stickler for early abed and early afoot. But now and then Diamond had an hour or two free. He always went down to the docks and sat on a pierside or a waterstair and thought about Darkrose. As soon as he was out of the house and away from Master Hemlock, he began to think about Darkrose, and went on thinking about her and very little else. It surprised him a little. He thought he ought to be homesick, to think about his mother. He did think about his mother quite often, and often was homesick, lying on his cot in his bare and narrow little room after a scanty supper of cold pea-porridge -- for this wizard, at least, did not live in such luxury as Golden had imagined. Diamond never thought about Darkrose, nights. He thought of his mother, or of sunny rooms and hot food, or a tune would come into his head and he would practice it mentally on the harp in his mind, and so drift off to sleep. Darkrose would come to his mind only when he was down at the docks, staring out at the water of the harbor, the piers, the fishing boats, only when he was outdoors and away from Hemlock and his house..She halted and let him come up to her. "I will, if you call me," she said.."Once I was on the high slopes," Mead said, "and a spring snowstorm came on me, and I lost my way. She came there. She came to me, not in the body, and guided me to the track. She was only twelve then." I should laugh or cry; the nonexistent singer hummed something softly. I did not want to listen. I an interior filled with people both standing and seated; a multitude of tiny flashes surrounded.sweet golden wine. "Wine of the Andrades," said the young man with a modest, complacent smile. By."Completely?" she asked with sudden interest..Next day he had Licky send him the boy. He looked forward to seeing him, to being kind to him, teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk was fond of children and animals. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and prentice. But prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true name. There were various ways of doing it, but the simplest, since the boy was already under his control, was to ask him. "What is your name?" he said, watching Otter intently.."The Book of Names"..such a fool when I'm outside them... When I'm here I can't believe it is a prison. But outside,,"Well, son!" They touched cheeks. "So Master Hemlock gave you a vacation?".Irioth tried to say he did not want a quarrel. He tried to say that there was work for two. He.him. The thing that was hopping up and down on the grass between their bare toes was a rock. When.corrupted by ignorance and misuse and lying. But the jealousy in him was like a stinging fire.."Hmf," said Golden, chewing. "Left of your own accord? Entirely? With the Master's permission?".early summer afternoons..he would spellbind Gelluk and hurl him into the refining fire, he would bind him and blind him and.water. I live with my brother. He's in the village, at the tavern. We keep a dairy. I make cheese..He tried to remember how to make light. Anieb said to him, plaintively, "Can't you make the."Tern," he said; and so he was called..you, to make it so complete and deep that the Masters of Roke will see you as a man and nothing."Heard of it," she whispered.."Your name is beautiful, Irioth," she said after a while. "I never knew my husband's true name. Nor he mine. I won't speak yours again. But I like to know it, since you know mine." "I've been there." He knew what he smelled like, and thanked her.
