"Are you there, my dear?" said the traveler. He spoke in the Old Speech, the Language of the Making. "Come along, then, Ulla," he said, and the heifer came a step or two towards him, towards her name, while he walked to meet her. He made out the big head more by touch than sight, stroking the silken dip between her eyes, scratching her forehead at the roots of the nubbin horns. "Beautiful, you are beautiful," he told her, breathing her grassy breath, leaning against her large warmth. "Will you lead me, dear Ulla? Will you lead me where I need to go?". "Oh, no, you're not, Master Otak. While you were out in the east range a sorcerer curer came by, a fellow that's been here before, from the south coast, and so San hired him. Not dead, but a little dead..Six to seven hundred years ago a sky-god religion began to spread across the islands, a development of the worship of the Twin Gods Atwah and Wuluah, originally heroes of a desert saga from Hur-at-Hur. A Sky Father was added as head of the pantheon, and a priestly caste developed to lead the rites. Without suppressing the worship of the Old Powers, the priests of the Twin Gods and the Sky Father began to professionalise religion, managing the rituals and festivals, building increasingly costly temples, and controlling public ceremonies such as marriages, funerals, and the installation of officials..off for the Ninety Isles as soon as Tern liked..they came quite soon to a door. and."Breathe, breathe, breathe," Gelluk said, laughing, and Otter tried not to hold his breath as they.He said nothing. In fact he was at a loss. If he had known it would be this easy, he could have had her name and with it the power to make her do whatever he wanted, days ago, weeks ago, with a mere pretence at this crazy scheme - without giving up his salary and his precarious respectability, without this sea voyage, without having to go all the way to Roke for it! For he saw the whole plan now was folly. There was no way he could disguise her that would fool the Doorkeeper for a moment. All his notions of humiliating the Masters as they had humiliated him were moonshine. Obsessed with tricking the girl, he had fallen into the trap he laid for her. Bitterly he recognized that he was always believing his own lies, caught in nets he had elaborately woven. Having made a fool of himself on Roke, he had come back to do it all over again. A great, desolate anger swelled up in him. There was no good, no good in anything.."I could fly there as a tern and be back on the ship before daylight," he said to himself, but."My son, there is no reason," she said, suddenly passionate, "there is no reason why you should give up everything you love!".He snorted. He could see that its rooms and passages went much farther than he had.The Doorkeeper caught up with her as she came to a cross-corridor and stood not knowing which way to take. "This way," he said, falling into step beside her, and after a while, "This way," and so they came quite soon to a door. It was not made of horn and ivory. It was uncarved oak, black and massive, with an iron bolt worn thin with age. "This is the back door," the mage said, unbolting it. "Media's Gate, they used to call it. I keep both doors." He opened it. The brightness of the day dazzled Irian's eyes. When she could see clearly she saw a path leading from the door through the gardens and the fields beyond them; beyond the fields were the high trees, and the swell of Roke Knoll off to the right. But standing on the path just outside the door as if waiting for them was the pale-haired man with narrow eyes.."I didn't understand," Irioth said, "about the others. That they are other. We are all other.

Morred came of.thought. He looked at life in that cold light. It was a different matter from what he had believed.Next day he had Licky send him the boy. He looked forward to seeing him, to being kind to him, teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk was fond of children and animals. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and prentice. But prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true name. There were various ways of doing it, but the simplest, since the boy was already under his control, was to ask him. "What is your name?" he said, watching Otter intently..better, perhaps, had people ceased to do it. . . without artificial means.".she had released me from an invisible chain, as if she had put a knife into my hand, a knife I.transformation, you maybe know of, mistress. But the wind held steady from the north. A thunder-squall came pelting on that wind, and Ivory went down to the cabin, but Dragonfly stayed up on deck. She was afraid of the water, she had told him. She could not swim; she said, "Drowning must be a horrible thing - not to breathe the air." She had shuddered at the thought. It was the only fear she had ever shown of anything. But she disliked the low, cramped cabin, and had stayed on deck every day and slept there on the warm nights. Ivory had not tried to coax her into the cabin. He knew now that coaxing was no good.
