"Nothing. I thought you were a hundred." him. Gelluk was powerful, masterful, strange, yet he had set him free. For the first time in weeks. Grove, she saw it as stone walls enclosing all one kind of being and keeping out all others, like. When it came to teaching what he knew, he was tireless, generous, and exacting. For the first time, Medra was given a vision of magic not as a set of strange gifts and reasonless acts, but as an art and a craft, which could be known truly with long study and used rightly after long practice, though even then it would never lose its strangeness. Highdrake's mastery of spells and sorcery was not much greater than his pupil's, but he had clear in his mind the idea of something very much greater, the wholeness of knowledge. And that made him a mage.. "What did she do?" Ayo asked, softly.. "We've come to the end of it," the old man said out of silence.. "Are you hurt too?" They went there together and stayed till the winter came. In the year that followed, they built a. of magery. When he was a little boy, Golden himself had been able to make his own shadow shine and. Golden owned the mill that cut the oak boards for the ships they built in Havnor South Port and Havnor Great Port; he owned the biggest chestnut groves; he owned the carts and hired the carters that carried the timber and the chestnuts over the hills to be sold. He did very well from trees, and when his son was born, the mother said, "We could call him Chestnut, or Oak, maybe?" But the father said, "Diamond," diamond being in his estimation the one thing more precious than gold.. But Otter was intensely aware of Gelluk, both physically and as a presence of immense controlling. great forest of Faliern.. face in the black lane, hardly able to see where the other was. "I have no doubt of that, my lord," said Azver, "but I doubt she will go-". The weatherworker knew his trade, at least. Sea Otter sped south; they met summer squalls and choppy seas, but never a storm or a troublesome wind. They put off and took on cargo at ports on the north shore of O, at Ilien, Leng, Kamery, and O Port, and then headed west to carry the passengers to Roke. And facing the west Ivory felt a little hollow at the pit of his stomach, for he knew all too well how Roke was guarded. He knew neither he nor the weatherworker could do anything at all to turn the Roke-wind if it blew against them. And if it did. Dragonfly would ask why? Why did it blow against them?. was leaping up and down, a frog? a toad? a big cricket? He went out into the garden and came up. fellow that's been here before, from the south coast, and so San hired him. You work for me and. "Anyone can make a fist and show a palm," said the tall woman, pleasantly. "But not everyone can." Well, to my story. Forty years and more ago, there was a child born on

the Isle of Ark, a rich isle of the Inmost Sea, away south and east from Semel. This child was the son of an under-steward in the household of the Lord of Ark. Not a poor man's son, but not a child of much account. And the parents died young. So not much heed was paid to him, until they had to take notice of him because of what he did and could do. He was an uncanny brat, as they say. He had powers. He could light a fire or douse it with a word. He could make pots and pans fly through the air. He could turn a mouse into a pigeon and set it flying round the great kitchens of the Lord of Ark. And if he was crossed, or frightened, then he did harm. He turned a kettle of boiling water over a cook who had mistreated him. .wizard, who had taken special responsibility for his training. One heir mismanaged his estate through greed, the other through foolishness. One had a daughter who married a merchant and tried to run her estate from the city, the other had a son whose sons quarrelled again, redividing the divided land. By the time the girl called Dragonfly was born, the domain of Iria, though still one of the loveliest regions of hill and field and meadow in all Earthsea, was a battleground of feuds and litigations. Farmlands went to weeds, farmsteads went unroofed, milking sheds stood unused, and shepherds followed their flocks over the mountain to better pastures. The old house that had been the centre of the domain was half in ruins on its hill among the oaks..even to have it come to them unsought.
