

RANIAIS DANS SES RAPPORTS AVEC LA JURIDICTION DES JUSTICES DE PAIX TO

She came to the door and muttered some kind of greeting. They daunted her, these Masters of Roke, and also their presence meant that the peaceful time was over, the days of walking in the silent summer forest with the Patterner. That had come to an end last night. She knew it, but she did not want to know it..and walls and every window spouting fire. Women ran out of it screaming. They had been hiding no..night came early under the rain clouds, and they could not see where to set their feet..from Enlad to help her. Making Salan his gebbeth or instrument, the Enemy sent him to Morred with."My people, the Kargs, they worship gods. Twin gods, brothers. And the king there is also a god..wrong, something amiss. He looks ruined, she thought, a ruined man..The roasting pit took up the center of a huge domed chamber. That was a trade he wanted no part of. Their ships stank and their town stank. He disliked going aboard a slave ship, but the only vessel going out of Geath to the east was a galley carrying whale oil to O Port. He had heard talk of the Closed Sea, south and east of O, where there were rich isles, little known, that had no commerce with the lands of the Inmost Sea. What he sought might be there. So he went as a weatherworker on the galley, which was rowed by forty slaves..one eye; pills of some kind? No. A vial? It had no cork, no stopper. What was it for? I'll join you this evening." And he was gone..hands clapping. Dulse shivered, shuddered all over like the water of the pool..Leave to our wings the long winds of the west..The last heirs of the House of Hupun were a boy and girl, Ensar and Anthil. Wishing to end the line of the Kargish kings but unwilling to risk sacrilege by shedding royal blood, the Godking ordered these children to be stranded on a desert island. Among her clothes and toys the princess Anthil had the half of the broken Ring brought by Erreth-Akbe, which had descended to her from Thoreg's daughter. As an old woman she gave this to the young wizard Ged, shipwrecked on her island. Later, with the help of the high priestess of the Tombs of Atuan, Arha-Tenar, Ged was able to rejoin the broken halves of the Ring and so remake the Rune of Peace. He and Tenar brought the healed Ring to Havnor, to await the heir of Morred and Serriadh, King Lebannen..I turned and left. The outer door yielded when I pushed it; the large corridor was almost."Your dad says not."..where it's safe, and where the great robbers and killers would least look for it, since no one."It's not Roke magic," the old man said. A vital ethical and intellectual force, the archmage also exerted considerable political power. On the whole this power was used benevolently. Maintaining Roke as a strong centralising, normalising, pacific element in Archipelagan society, the archmages sent out sorcerers and wizards trained to understand the ethical practice of magic and to protect communities from drought, plague, invaders, dragons, and the unscrupulous use of their art.."If you share his power he won't harm you. Hemlock was a stickler for early abed and early afoot. But now and then Diamond had an hour or two free. He always went down to the docks and sat on a pierside or a waterstair and thought about Darkrose. As soon as he was out of the house and away from Master Hemlock, he began to think about Darkrose, and went on thinking about her and very little else. It surprised him a little. He thought he ought to be homesick, to think about his mother. He did think about his mother quite often, and often was homesick, lying on his cot in his bare and narrow little room after a scanty supper of cold pea-porridge -- for this wizard, at least, did not live in such luxury as Golden had imagined. Diamond never thought about Darkrose, nights. He

thought of his mother, or of sunny rooms and hot food, or a tune would come into his head and he would practice it mentally on the harp in his mind, and so drift off to sleep. Darkrose would come to his mind only when he was down at the docks, staring out at the water of the harbor, the piers, the fishing boats, only when he was outdoors and away from Hemlock and his house..Roke Knoll, was founded deeper than all the islands. If he reached out his hand in his mind only, as when he played the mental harp, then indeed he touched her. He felt her hand in his, and her cheek, warm-cool, silken-gritty, lay against his mouth. In his mind he spoke to her, and in his mind she answered, her voice, her husky voice saying his name, "Diamond".These legends are best preserved in Hur-at-Hur, the easternmost of the Kargad Lands, where dragons have degenerated into animals without high intelligence. Yet it is in Hur-at-Hur that people keep the most vivid conviction of the original kinship of human and dragon kind.
