This here is Master.Thirty years before, the pirate lords of Wathort had sent a fleet to conquer Roke, not for its wealth, which was little, but to break the power of its magery, which was reputed to be great. One of the wizards of Roke had betrayed the island to the crafty men of Wathort, lowering its spells of defense and warning. Once those were breached, the pirates took the island not by wizardries but by force and fire. Their great ships filled Thwil Bay, their hordes burned and looted, their slave takers carried off men, boys, young women. Little children and the old they slaughtered. He had never been back, never come this close. It had been how long? Sixteen years, seventeen years. Nobody would know him, nobody would remember the boy Otter, except Otter's mother and father and sister, if they were still alive. And surely there were people of the Hand in the Great Port. Though he had not known of them as a boy, he should know them now..Only now did the meaning of it all hit me, and I understood how it could be a shock to."Irian? ". The sickness was very familiar to him now. He felt it in his hands as a burning, and a queasiness if it was much advanced. Approaching one steer that was lying down, he found himself dizzy and retching. He came no closer, but said words that might ease the dying, and went on..She looked at him. She could not speak. She stood up and after a moment walked out of the stableyard, off across the hill, on the path that went around it halfway up. One of the dogs, her favorite, a big, ugly, heavy-headed hound, followed her. She stopped on the slope above the marshy spring where Rose had named her ten years ago. She stood there; the dog sat down beside her and looked up at her face. She asked him where the food they ate came from; what the School did not supply for itself, he said, the farmers round about provided, considering themselves well recompensed by the protections the Masters set on their flocks and fields and orchards. That made sense to her. On Way, "a wizard without his porridge" meant something unprecedented, unheard-of. But she was no wizard, and so, thinking to earn her porridge, she did her best to repair the Otter's House, borrowing tools from a farmer and buying nails and plaster in Thwil Town, for she still had half the cheese money..strange, weak noise.
