They held each other tight, hard, silent for a long time. To Diamond it was as if he held his future, his own life, his whole life, in his arms.. "Come on out," whispered Diamond, a shadow in the starlight.. there's no use trying to conceal anything from me, is there? The wise child loves his father and Master Chanter on Roke, that teaches the lays and the histories. But I never heard of a wizard. Wordless at first, he simply shook his head. After a while he was able to laugh. "I think we've gone on past . . . that possibility . . ." He saw Irian staring at him in amazement. Thorion the Summoner speaks his true name," he said. The one with a voice like a deep-toned bell looked at her too, and spoke to her with a plain, kind severity. "As I see it, the man who brought you here meant to do harm, but you do not. Yet being here, Irian, you do us and yourself harm. Everything not in its own place does harm. A note sung, however well sung, wrecks the tune it isn't part of. Women teach women. Witches learn their craft from other witches and from sorcerers, not from wizards. What we teach here is in a language not for women's tongues. The young heart rebels against such laws, calling them unjust, arbitrary. But they are true laws, founded not on what we want, but on what is. The just and the unjust, the foolish and the wise, all must obey them, or waste life and come to grief.".. It may be that the Firelord was, in fact, a dragon in human form; for very soon after his fall, "I can be that, if you insist." The funny thing is, it's the truth, I thought.. She got to work scraping down the inner wall of the house, readying it to plaster. But before the sun was in the windows, there was a knock at her open door. He had fed the chickens, and come back to the house with three eggs, they were still warm in his hand, silky brown lukewarm eggs, and the sound of thunder was still in his mind, the vibration of thunder was in his bones, in his feet.
