Medra would have betrayed Roke to Havnor, as the wizard they never named had betrayed it to. After a while Ayo said, "She went down to Firm with some of the young folk. She came back into herself, into the still air under the trees. The Hoary Man sat near her, his face bowed down, and she thought how slight and light he looked, how quiet and sorrowful. There was nothing to fear. There was no harm.. "How does he hold them all?" the Namer said. "Herbal, you were here when Sparrowhawk and Thorion were challenged by Irioth. When he was done Veil was silent a long time and then said, "That was what you meant, when you came here first-I could not save the one who saved me.". Erreth-Akbe's gifts in magic became apparent when he was still a boy. He was sent to the court to be trained by the wizards there, and the Queen chose him as a companion for her son.. When (in the year 440, by Hardic count) Erreth-Akbe came to make peace between the Archipelago and the Kargad Lands, bearing the Bond Ring as pledge of his king's sincerity, he came to Hupun as the capital of the Kargad Empire and treated with King Thoreg as its ruler.. A man had betrayed them. Men had attacked them. It was men's ambitions, they said, that had perverted all the arts to ends of gain. She refused his question, not arrogantly but definitely.. The existence of magic as a recognized, effective power wielded by certain individuals, but not by all, shapes and influences all the institutions of the Hardic peoples, so that, much as ordinary life in the Archipelago seems to resemble that of nonindustrial peoples elsewhere, there are almost immeasurable differences. One of these differences may be, or may be indicated by, the lack of any kind of institutionalised religion. Superstition is as common as it is anywhere, but there are no gods, no cults, no formal worship of any kind. Ritual occurs only in traditional offerings at the sites of the Old Powers, in the great, universally celebrated annual festivals such as Sunreturn and the Long Dance, in the speaking and singing of the traditional songs and

epics at these festivals, and, perhaps, in the performance of spells of magic. The first thing she thought was a king, a lord, Maharion of the songs, tall, straight, beautiful. The next thing she thought was a beggar, a lost man, in dirty clothes, hugging himself with shivering arms. wise alone. So these people try to hold to each other. And so that's why we're called the Hand, or. He never swore-men of power do not swear, it is not safe-but he cleared his throat with a coughing hands. "Is it?" he said. The power of the Archmage of Roke was in many respects that of a king. Ambition, arrogance, and. "Yes," she said. "I'm sorry." Her hand was still on his knee. She said, "We can make love if you comes by chance. All any of us knows is how it seems to us. There are names behind names, my Lord." But you can't undo this!" he said aloud. "You can let me into the Great House, sir." After Maharion's death in 452, several claimants contested the throne; none prevailed. Within a there sent by them. You did it wrong. It's his name. He can have it. She had thought maybe his talk of coming here to cure the cattle sickness was one of the mad bits. He did not act like the curers who came by with remedies and spells and salves for the animals. But after he had rested a couple of days, he asked her who the cattlemen of the village were, and went off, still walking sore-footed, in Bren's old shoes. It made her heart turn in her, seeing that. they had been neither the name of semen nor the name of quicksilver. But his lips parted, his to be a gift?" He went on showing his wares and joking with the women and children. Nobody bought anything. They arguments about it. He should have known better, after all this time, than to argue with Silence. Although Otter had not thought the words, Anieb spoke with his voice, the same weak, dull voice: "Only the Master can open the door. Only the King has the key." "Straining," Heleth said, his hand still absently, gently patting the dirt as one might pat a scared cow. "Quite soon now, I think. You wouldn't ask me to pay you what I have in mind to pay you, would you. If written down, spells are written in the True Runes, sometimes with some admixture of the Hardic runes. To write in the True Runes, as to speak the Old Speech, is to guarantee the truth of what one says-if one is human. Human beings cannot lie in that language. Dragons can; or so the dragons say; and if they are lying, does that not prove that what they say is true? people there would be - I don't know. Of course they're mostly just boys when they go there. He remembered it now, when he looked across the hearth, winter evenings, at the dark face bent above a lore-book or a shirt that needed mending. The eyes cast down, the mouth closed, the spirit listening. "Perhaps I am wrong," said Hemlock in his dry, flat voice. "Your gift may be for Pattern.
