Warrington.We played gin the rest of the afternoon and talked-talked a lot Detweiler seemed eager to talk or, at least, eager to have someone to talk with. He never told me anything that would connect him to nine deaths, mostly about where he'd been, things he'd read. He read a lot, just about anything he could get his hands on. I got the impression he hadn't really lived Me so much as he'd read it, that all the things he knew about had never physically affected him. He was like an insulated island. Life flowed around him but never touched him, I wondered if the hump on his back made that much difference, if it made him such a green monkey he'd had to retreat into his insular existence. Practically everyone I had talked to liked him, mixed with varying portions of pity, to be sure, but liking nevertheless. Harry Spinner liked him, but had discovered something "peculiar" about him. Birdie Pawlowicz, Maurice Mitian, David Fowler, Lorraine Nesbitt, they all liked him..A clone is any organism (or group of organisms) that arises out of a cell (or group of cells) by means other than sexual reproduction. Put it another way: It is an organism that is the product of asexual reproduction. Put it still another way: It is an organism with a single parent, whereas an organism that arises from sexual reproduction (except where self-fertilization is possible) has two parents..
