was a gardener, the Master Herbal, looking solid and stolid, like a brown ox, beside the gaunt, carter to the forester. "Sweet as new butter, he is." Golden, unaware of being sweet, thought only. "So though there were men among us we were the women of the Hand," said Ember. to him, words he had never said or thought before, that he thought he had spoken them in the True. only smeared about on his skin. "I hate mud," he whispered. Then he snapped his jaws and stopped. And the Masters . . . Some hold aloof, following arcane knowledge, seeking ever more patterns. "Irian?". Though not a sorcerer, Licky was a much more formidable man than Hound. Yet like Hound he was. Nobody would touch him. They stared from a distance at the heap lying in the doorway of San's. he was cheating, hiding his power, a rival hiding his power? A jealous rival. He must be stopped. "You went in there, that hole, with the old wizard, didn't you? Did you find him?". "Did you think I was one of their eunuchs? That I'd castrate myself with spells so I could be. The great and mighty go their way unchecked. All the hope left in the world is in the people of no. the west of the world here for one of your dad's parties." "Maybe I came to destroy him." control a storm, as a ship's weatherworker must do. But he thought he'd rather drown in a gale. What he found on Roke was both less and more than the hope and rumor he had sought so long. Roke Island was, they told him, the heart of Earthsea. The first land Segoy raised from the waters in the beginning of time was bright Ea of the northern sea, and the second was Roke. That green hill, Roke Knoll, was founded deeper than all the islands. The trees he had seen, which seemed sometimes to be in one place on the isle and sometimes in another, were the oldest trees in the world, and the source and center of magic. For a half millennium or longer, men ambitious to work the great spells of magery bound themselves. "Well, why can't you do it all? The magic and the music, anyhow? You can always hire a bookkeeper." "I'm called Gift," she said. "My brother's Berry." "What, it's bad?". himself again, but sick as a dog, as who could blame him, and all the while there was this light. Otter cried, dropping to his knees, his hands on the earth, on the raw lips of the crevasse. "Close, Mother! Be healed, be whole!" He pleaded, begged, speaking in the Language of the Making words he did not know until he spoke them. "Mother, be whole!" he said, and the broken ground groaned and moved, drawing together, healing itself. conscience. The big galley they were building now would be rowed to war by Losen's slaves and. The fault was his, and mine." work and talk. By the beginning of autumn, Losen was hanging by a rope round his feet from a window of the New Palace, rotting, while six warlords quarreled over his kingdom, and the ships of the great fleet chased and fought one another across the Straits and the wizard-troubled sea. Under the huddle of the grey cloak his hands found only a huddle of clothes and dry bones and a broken staff. with women, only women. It did not appear to me to be a powder room, but I had no way of. "So you put a spell on yourself," she said, "just as that wizard put one on you. A spell to keep you safe. To keep you with the mule-breeders, and the nut-pickers, and these." She struck the ledger full of lists of names and figures, a flicking, dismissive tap. "A spell of silence," she said. "Are. . . are we still in the station?". Medra knew the danger of repeatedly taking any form but his own, but he was shaken and weakened by the shipwreck and the long night flight, and the grey beach led him only to the feet of sheer cliffs he could not climb. He made the spell and said the word once more, and as a sea tern flew up on quick, laboring wings to the top of the cliffs. Then, possessed by flight, he flew on over a shadowy sunrise land. Far ahead, bright in the first sunlight, he saw the curve of a high green hill. "Nais. . . how is it. . . ?" I stammered. "You take a complete stranger and. . .". But for some decades the kings of Hupun had been in conflict with the high priest and his followers in Awabath, the Holy City, fifty miles from Hupun. The priests of the Twin Gods were in the process of wresting power from the kings and making Awabath not only the religious but the political center of the country. Erreth-Akbe's visit seems to have coincided with the final shift of power from the kings to the priests. King Thoreg received him with honor, but Intathin the High Priest fought with him, defeated or deceived him, and for a time imprisoned him. The Ring that was to bond the two kingdoms was broken. Ath did not. His book, lost for centuries, is now in the Isolate Tower on Roke. "Otter," he said. "Him that killed old Whiteface." "Oh yes. You are uncommonly slow, young man, to recognize your own capacities." It was spoken harshly, and Diamond stiffened up a bit. "Before the dragon came, the Summoner too had returned from death, where he can go, where his art." "There," Anieb said. She pointed at the mountain and smiled. She looked at her companion, then. him. . . . weeds under the window, he said, "That's velvet. Somebody from Havnor planted it here. Didn't know." "Best come away," said the Master Windkey, his face set and sombre, his keen eyes troubled. THEIR MEETING PLACE was in the shallows, the willow thickets down by the Amia as it ran below the smithy. As soon as Rose got there, Diamond said, "He wants me to go study with Master Hemlock! What am I going to do?". "Of course you do! What does it matter what Tarry thinks? You already play the harp about nine. There was a pause. He forgot that he had to answer in words. "I'd stay if I might," he said. "I'd stay here." "They didn't punish him, but kept his wild powers bound with spells until they could make him listen and begin to learn. It took them a long time.
