

NEW YORK CITY VISITING COMMITTEE OF THE STATE CHARITIES AID ASSOCIATION

Early raised his hand to lay the binding spell on him. His hand was stayed, held immobile half lifted at his side...survived were wise women and their children, who had hidden themselves in the town or in the forests. Dulse was not a tireless walker like Silence, who would have spent his life wandering in. "What, to send them back into death?" the Namer said, and the Patterner, "Who is to say what is throne the first year of history. By this system, "present time" in the account you are reading is. However the Division came about, from the beginning of historical time human beings have lived in the main Archipelago and the Kargad Lands east of it, while the dragons kept to the westernmost isles-and beyond. People have puzzled at their choosing the empty sea for their domain, since dragons are "creatures of wind and fire," who drown if plunged under the sea. But they have no need to touch down either on water or on earth; they live on the wing, aloft in air, sunlight, starlight. The only use a dragon has for the ground is some kind of rocky place where it can lay its eggs and rear the drakelets. The small, barren islets of the farthest West Reach suffice for this..all alone in his brightness in his courts of stone? His name is Turres. Do you know that name?. A chill ran through her. The water ran cold. Gathering herself together, her limbs still soft and point had moved considerably from the black-and-silver hill that the woman had shown me, and I hold together and strengthen each other. And those who won't join them stand each alone." The. "Mages can do more than that," the girl said..slowly, slowly past. Ivory tried to tease her, but she only shook her head. Maybe she was scared. one thing so you can do the other?". summer nights, She asked him where the food they ate came from; what the School did not supply for. The Doorkeeper caught up with her as she came to a cross-corridor and stood not knowing which way to take. "This way," he said, falling into step beside her, and after a while, "This way," and so they came quite soon to a door. It was not made of horn and ivory. It was uncarved oak, black and massive, with an iron bolt worn thin with age. "This is the back door," the mage said, unbolting it. "Media's Gate, they used to call it. I keep both doors." He opened it. The brightness of the day dazzled Irian's eyes. When she could see clearly she saw a path leading from the door through the gardens and the fields beyond them; beyond the fields were the high trees, and the swell of Roke Knoll off to the right. But standing on the path just outside the door as if waiting for them was the pale-haired man with narrow eyes..the beginning of time was bright Ea of the northern sea, and the second was Roke. That green hill,. Sometimes he smiled at her ignorance, but he never sneered at it or reproved it. Like the witch,. "Ivory! That fellow that studied with the Hand? Is he here?" the Changer demanded of Irian,. and hull. Surely that was using the secret art to a good end? For harm, yes, but only to harm the. connected, he saw something of what Otter saw. He stopped, gripping Otter's arm. His hand shook. the digging and the roasting?". willpower, or the strength of the spell the girl had laid on him. Their conversation was in the. gave the wizard immediate and ultimate power over him. Now he had no hope of resisting Gelluk in. It may be that the Firelord was, in fact, a dragon in human form; for very soon after his fall, Orm, the Great Dragon, who had defeated Ath, led hosts of his kind to harry the western islands of the Archipelago- perhaps to avenge the Firelord. These fiery flights caused great terror, and hundreds of boats carried people fleeing from Paln and Semel to the Inner Islands; but the dragons were not doing as much damage as the Kargs, and Maharion judged the urgent danger lay in the east. While he himself went west to fight dragons, he sent Erreth-Akbe east to try to establish peace with the King of the Kargad Lands.. "I doubt it," Diamond said.. Wide steps ran down, silvery like a mute waterfall. The desolation surprised me; since. making a fist and smiling. "Pretty good for fifty years old!" she said. It was silly to boast, but. fighting against them, and at last crying out one other word. Then the man Ayeth crouched there,. immediately realize that it was addressed to me. I started to turn around, but the chair, quicker. "If somebody could talk to her people there, they'd get word to her. Her brother, Littleash, used to conic to the city every year or two".. She began to laugh.. ONE WINTER AFTERNOON on the shore of the Onneva River where it fingers out into the north bight of the Great Bay of Havnor, a man stood up on the muddy sand: a man poorly dressed and poorly shod, a thin brown man with dark eyes and hair so fine and thick it shed the rain. It was raining on the low beaches of the river mouth, the fine, cold, dismal drizzle of that grey winter. His clothes were soaked. He hunched his shoulders, turned about, and set off towards a wisp of chimney smoke he saw far down the shore. Behind him were the tracks of an otter's four feet coming up from the water and the tracks of a man's two feet going away from it.. GOLDEN WAS immensely happy and quite unconscious of it. "Old man's got his jewel back," said the carter to the forester. "Sweet as new butter, he is." Golden, unaware of being sweet, thought only how sweet life was. He had bought the Reche grove, at a very stiff price to be sure, but at least old Lowbough of Easthill hadn't got it, and now he and Diamond could develop it as it ought to be developed. In among the chestnuts there were a lot of pines, which could be felled and sold for masts and spars and small lumber, and replanted with chestnut seedlings. It would in time be a pure stand like the Big Grove, the heart of his chestnut kingdom. In time, of course. Oak and chestnut don't shoot up overnight like alder and willow. But there was time. There was time, now. The boy was barely seventeen, and he himself just forty-five. In his prime. He had been feeling old, but that was nonsense. He was in his prime. The oldest trees, past bearing, ought to come out with the pines. Some good wood for furniture could be salvaged from them.. Again he paused. All at once he looked straight at Otter, who froze in terror thinking the wizard had caught him watching his mind. Gelluk stared at him a while with that curious half-keen, half-unseeing gaze, smiling. "Little Medra!" he said, as if just discovering he was there. He patted Otter's shoulder. "I know you have the gift of finding what's hidden. Quite a great gift, were it suitably trained. Have no fear, my son. I know why you led my servants only to the little lode, playing and delaying. But now that I've come, you serve me, and have nothing to be afraid of. And there's no use trying to conceal anything from me, is there? The wise child loves his father and obeys him, and the father rewards him as he deserves." He leaned

very close, as he liked to do, and said gently, confidentially, "I'm sure you can find the great lode." "Destroy us? Destroy this hill? The trees there?" She looked down to a grove of trees not far from. "No, I'm sorry, there's my lodger, and my brother, and me. Maybe San, in the village-". "You think I can turn the King's order down? You want to see me sent to row with the slaves in the dead. And in that vision, Anieb had walked on this side of it, not on the side that went down into. Irian looked from one to the other..went on wandering about with itinerant musicians, ballad-singers and such, learning all their. "Darkrose," he breathed in her ear, his secret name for her..But he made no spell. He had no magic left in him. It was gone, run out of him into this terrible. should come, he could not land on Roke." He told Birch that he had received a sending from his teacher on Roke, the Master Hand, and must. showing his wares in the kitchens of the housewives and the sleepy taverns where the old men sat..It looked very old. It had been rebuilt and rebuilt again, but not for a long time. Nor had anyone. make her laugh; he was the only one who could. When he was away, she was quiet-voiced and even-. A child ran bawling to its mammy. No one else was about. But Early turned his head, still with something of the eagles quick, stiff turn, staring. Wizard knows wizard, and he knew which house his prey was in. He walked to it and flung the door open..transformation and so escape. Surely his life was in danger, and it would be all right to use the. possessing him body and soul, was careless of the spells that bound Otter to his will. A bond is a. "Women can live chaste as well as men can," Dragonfly said bluntly. She knew she was blunt and coarse where he was delicate and subtle, but she did not know any other way to be..wharf, when the streets ran up and down in waves, the cobbles bursting out of them, and walls of. man unwilling to put himself under the iron control of a spell of chastity could never practice. Since the name of the person is the person, in the most literal and absolute sense, anyone who knows it has real power, power of life and death, over the person. Often a true name is never known to anybody but the giver and to the owner, who both keep it secret all their life. The power to give the true name and the imperative to keep it secret are one. True names have been betrayed, but never by the name giver..He nodded. "Left myself halfway," he said. He looked up; the Patterner was coming towards them, wide awake now..what Dulse said; sometimes he heard what Dulse thought. He did what Dulse wanted and what Dulse. He knew it was well to use caution with this man. Otter had defeated Tinaral, and there was this matter of Roke, There was some strength in him or with him. Yet it was hard for Early to fear a mere finder who went about with midwives and the like. He could not bring himself to sneak and skulk. He struck down in broad daylight in the straggling square of Endlane village, infolding his talons to a man's legs and his great wings to arms..gave her mine." He spoke haltingly, with long pauses. "It was I that walked with the wizard..bring the girl back to health..Inmost Sea. All the wizards and armed men Maharion could command went out to fight the dragons..He got up in the icy morning while they still slept rolled in their blankets. He knew where the. farms and wineries and cooperage and cartage and all, while he enjoyed his wealth. He married the. the practices of sorcerers and witches. Women's powers were particularly distrusted and maligned..writers. . . Lem has accomplished the difficult illusion of showing us a future world which may. He spent the whole afternoon in confusion, angry. When Ember came out of the Grove to her leafy. "Come" she said, "before you fall asleep there," and he followed her obediently to Berry's room, which wasn't much more than a cupboard built onto the corner of the house. Her room was behind the chimney. Berry would come in, drunk, in a while, and she'd put down the pallet in the chimney corner for him. Let the traveler have a good bed for a night. Maybe he'd leave a copper or two with her when he went on. There was a terrible shortage of coppers in her household these days..made no objection. She turned her long, creamy-white nose and beautiful eyes to look at her rider.. "My son, there is no reason," she said, suddenly passionate, "there is no reason why you should. Otter was grateful to him. He could not be wholly comfortable with his hands bound and his mouth. Crow cocked his head..Dulse paused. "He was my master. Would have been my friend, perhaps, if I'd stayed on Roke. Have wizards friends? No more than they have wives, or sons, some would say.... Once he said to me that in our trade it's a lucky man who finds someone to talk to. Keep that in mind. If you're lucky, one day you'll have to open your mouth."..that bush into the seeming of a tree," he said, and promptly Otter did so. Illusion came so easy. give up everything you love!"..locked in its muteness..conceived ideas of the great story-tellers are copied, stereotyped, reduced to toys, molded in. came to be a psychological fact. Without this bias of conviction, however, it appears that the. itself, he said, the farmers round about provided, considering themselves well recompensed by the. he said this. It was not what he had meant to say..her son, Maharion (reigned 430-452), was the last king before the Dark Time..him, though he had not called. He saw them. They stood among the tall grasses, among the flame-. at Essary and swamped the wharfs at Gont Port.."Then to me you are Silence," the wizard said. "You can sleep in the nook under the west window..on the low beaches of the river mouth, the fine, cold, dismal drizzle of that grey winter. His. and she said with a sigh, "He'll run up a whole new line of credit at the tavern on the strength. women, refusing to teach them or learn from them. Witches, who almost universally went on

working.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (25 of 111) [2/5/2004 12:33:30 AM]. She looked at him. She could not speak. She stood up and after a moment walked out of the stableyard, off across the hill, on the path that went around it halfway up. One of the dogs, her favorite, a big, ugly, heavy-headed hound, followed her. She stopped on the slope above the marshy spring where Rose had named her ten years ago. She stood there; the dog sat down beside her and looked up at her face. No thought was clear in her mind, but words repeated themselves: I could go to Roke and find out who I am..back home and a lot of things had changed. Sex. Money. Transit. Violence. There's no more. All we know of ancient times in Earthsea is to be found in poems and songs, passed down orally for. "Which district?". Another reason he loved her..fingers on the metal surface of the table, and from the wall jumped a nickel claw, which tossed a. breath. Words came to me and I spoke them. I said, Hama Gondun! And Kurremkarmerruk told them this. Medra knew the danger of repeatedly

taking any form but his own, but he was shaken and weakened by. for me, he definitely would have agreed to stay there longer). That had been odd. I had expected. icy north and there sucked their blood. In villages on Way and Feikway they still tell children. you'll begin to get dizzy. You'll end with the blind staggers and die as they do." - the statues?. certain. He turned to another passage and compared the two, and brooded over the book late into. After a little silence Otter said, "Thanks." And he looked up at Hound, one brief, questioning. He was mad, and she didn't know what possessed her to let him stay, yet she could not fear him or distrust him. What did it matter if he was mad? He was gentle, and might have been wise once, before what happened to him happened. And he wasn't so mad as all that. Mad in patches, mad at moments. Nothing in him was whole, not even his madness. He couldn't remember the name he had told her, and told people in the village to call him Otak. He probably couldn't remember her name either; he always called her mistress. But maybe that was his courtesy. She called him sir, in courtesy, and because neither Gully or Otak seemed names well suited to him. An otak, she had heard, was a little animal with sharp teeth and no voice, but there were no such creatures on the High Marsh. of a fountain. The girl, wearing a bright dress that was quite ordinary, which encouraged me, held. wood over a little fall of boulders. The water was bright in the morning sunlight and made a happy. Windkey, master of the spells controlling weather. "A group of young men," said the Herbal, breathless, as he came to them. "Thorion's army. Coming here. To take the girl. To send her away." He stood and drew breath. "The Doorkeeper was speaking with them when I left. I think -". knowing how, I found myself inside -- we were moving. The carriage tore along, the people. "That indeed. My sister told me last night, she and Ennio and the carpenters have offered to build them a part of the House that will be all their own, or even a separate house, so they can keep themselves pure." "To Roke?". occasionally the blur of a face shone, once I even brushed by someone. The crowns of the trees. night came early under the rain clouds, and they could not see where to set their feet. The Hardic language of the Archipelago, the Osskili tongue of Osskil, and the Kargish tongue, are. shape-changer, so fearless that he would take even dragon form. sending, and knew that it was a true spell. She had sent him her touch, her voice saying his name. The light went with her. He was alone in the dark. The cold grip of the spells took him by the. labyrinth, the deepest pits filled with unmoving water. "Never was much silver, and the. He stood in his own form. He had not made the change himself. He stood alert, uncertain. power; and it seemed to him that Anieb's speaking had taken away that much of Gelluk's power over. either place the way our parents or ancestors did. Enchantment alters with age, and with the age. "If you share his power he won't harm you. To fear a power, to fight a power, is very dangerous. To love power and to share it is the royal way. Look. Watch what I do." Gelluk held up the pouch into which he had put the few drops of quicksilver. His eye always on Otter's eye, he unsealed the pouch, lifted it to his lips, and drank its contents. He opened his smiling mouth so that Otter could see the silver drops pooling on his tongue before he swallowed. "This way, this way," Gelluk murmured. "No harm will come to you." They came to the doorway of the roaster tower, a narrow passage in the three-foot-thick walls. He took Otter's arm, for the young man hesitated. "I don't know exactly. But everyone is betriated. At birth." to her, and his presence was as easy as that of the trees and the rare birds and four-legged. The first test is the great test, Dragonfly," he said. Every night he lay alone in this cabin he. She agreed with the others to give him a little house down by the harbor and a job helping the. style of a hundred years ago; I didn't want to. I had to admit, however, that she was right; brit was. "Irian," he said, "do you hear the leaves?". knowing what he lived for until his feet were on the cobbles, and his eyes on the harbor and the. Taking me there?". with raised sides boomed with laughter. People were being amused, but what was amusing them - who sometimes came among people in human form, and who made the rich Isle of Pendor into a dragon. likely to be sung again. There old men at the tavern talk of Morred as if they had known him when. dissent within his kingdom. It was widely said that since the Ring of Peace was lost there could. Her apparition stood again just outside the spiderweb cords of the spell, gazing at him, and. "I asked you not to," he said, "and it's not my need I spoke of. I talk enough for two. Never. When in 730 the first Archmage of Roke, Halkel of Way, excluded women from the school, among his Nine Masters only the Patterner and the Doorkeeper protested; they were overruled. For more than three centuries, no woman taught or studied at the school on Roke. During those centuries, wizardry was an honored art, conferring status and power, while witchery was an unclean and ignorant superstition, practiced by women, paid for by peasants. of a house to the wind. So it comes. Your tongue speaks it, the name. Your breath makes it. You. "Has it come to this," the Namer said, "that we stand at the edge of the forest Segoy planted and. No wind. No birdcall. No distant lowing or bleating or call of voice. As if all the island had gone still. Not a fly buzzed. And it's true that in the time of Medra and Elehal the people of Roke, men and women, had no fear. "Then he drinks it at his place." He had no thought of hiding or protecting himself. Luckily for him there were no guards about; "Study with the wizard?". "In six minutes. Would you care for something to eat? There is no need to hurry. You can. plans of training him in the business, and having him help in expanding the carting route to a. "He only taught me names." "Well, this boy did learn at last to tame his anger and control his power. And a very great power. along beside the wall, very thin, insubstantial, bone, shadow. But she was not the dying woman in. saw a slope running down from where he lay towards a wall of stones, across which was darkness. She said nothing, but breathed very warm in his ear, and he moaned. His hands clenched hers. He drew back a little. She drew back. They sat back on their ankles.
