

EUROPIISCHEN STAATEN SEIT DEM FRIEDEN VON WIEN VOL 19 BEGEBENHEITEN

New York Harbor, November 4, 1872? a cold, blustery day. A two-masted ship rides at anchor; on her stern is lettered: Mary Celeste. Smith advances the time control. A flicker of darkness, light again, and the ship is gone. He turns back again until he finds it standing out under light canvas past Sandy Hook. Manipulating time and space controls at once, he follows it eastward through a nickering of storm and sun? loses it, finds it again, counting days as he goes. The farther eastward, the more he has to tilt the device downward, while the image of the ship tilts correspondingly away from him. Because of the angle, he can no longer keep the ship in view from a distance but must track it closely. November 21 and 22, violent storms: the ship is dashed upward by waves, falls again, visible only intermittently; it takes him five hours to pass through two days of real time. The 23rd is calmer, but on the 24th another storm blows up. Smith rubs his eyes, loses the ship, finds it again after a ten-minute search..The gale blows itself out on the morning of the 26th. The sun is bright, the sea almost dead calm. Smith is able to catch glimpses of figures on deck, tilted above dark cross-sections of the hull. A sailor is splicing a rope in the stem, two others lowering a triangular sail between the foremast and the bowsprit, and a fourth is at the helm. A little group stands leaning on the starboard rail; one of them is a woman. The next glimpse is that of a running figure who advances into the screen and disappears. Now the men are lowering a boat over the side; the rail has been removed and lies on the deck. The men drop into the boat and row away. He hears them shouting to each other but cannot make out the words..Hinda ran over to him and would have bathed him with her tears, but the jangling noise called out again, close and insistent. She ran to the window to see..Nolan thought of the hatred in Nina's eyes, and he shuddered. "Then what did she do with him?""Without CB suppression there wouldn't be time to move any of the other platoons round to back you up. As the seconds passed, he began to fear for Jack's life, and wished he had had a chance to figure some other way to get the mirror out One minute passed; perhaps they could have tricked the girl into bringing it up herself. Two minutes; they could have tied a string to the leg of a frog and sent him down to do the searching. Three minutes; there was not a bubble on the water, and Amos surprised himself by deciding the only thing to do was to jump in and at least try to save the prince. But there was a splash of water at his feetl."Come on," said Amos, "just a little way. . .". "Well, there's no doubt that you have a definite communications problem. But I think it's a problem you can lick! Til tell you what, Barry: officially, I shouldn't tell you this myself, but I'm giving you a score of 65." He held up his hand to forestall an effusion.
