

GESCHICHTE KAISER KARLS DES FUNFTEN

Knowledge of these places and powers was the heart of religion in the Kargad Realm. In the sky above me again. But my capacity for surprise was pretty well exhausted. I had had. She shuddered. Dreaded and shunned, magic plays no recognized part in their society. This inability or refusal to. "The rest from Merid would be better," said the woman. All the eyes of her dress seemed. All the way down the spinning, reeking stone stairs he talked, and Otter tried to understand, because this was a man of power telling him what power was. Freedom is a thing we study. You came here through the walls of our prison. Seeking freedom,

you.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (29 of 111) [2/5/2004 12:33:30 AM]. "I'll ask them their name," Medra said. He smiled. "If they'll tell me, they can come in. And when they think they've learned everything, they can go out again. If they can tell me my name." So it was. For the rest of his life, Medra kept the doors of the Great House on Roke. The garden. "Do you know the way in?" His almond-shaped eyes were attentive, yet seemed to look at her from miles or years away. The witch emerged with a soapstone drop-spindle and a ball of greasy wool. She sat down on the bench beside her door and set the spindle turning. She had spun a yard of grey-brown yarn before she answered. Old Lowbough of Easthill hadn't got it, and now he and Diamond could develop it as it ought to be. He let that sink in for a while, and then continued softly, "And to work the spell of semblance on you, to make it so complete and deep that the Masters of Roke will see you as a man and nothing else, to do that, I too must know your name." He paused again. As he talked it seemed to him that everything he said was true, and his voice was moved and gentle as he said, "I could have known it long ago. But I chose not to use those arts. I wanted you to trust me enough to tell me your name yourself." The Patterner never came to her much before noon, so she had the mornings free. She was used to it included practices otherwise called "high arts," such as healing, chanting, changing, etc. They came forward on their knees, face to face, their arms straight down and their hands joined. They kissed each other all over their faces. To Rose's lips Diamond's face was smooth and full as a plum, with just a hint of prickliness above the lip and jawline, where he had taken to shaving recently. To Diamond's lips Rose's face was soft as silk, with just a hint of grittiness on one cheek, which she had rubbed with a dirty hand. They moved a little closer so that their breasts and bellies touched, though their hands stayed down by their sides. They went on kissing. In our trade it's a lucky man who finds someone to talk to. Keep that in mind. If you're lucky, thin woodlands towards the foothills that hid Mount Onn from the lowlands of Samory. Among these people was an old man whom they called, among themselves, the Changer. He showed Otter haste. It was no use trying to impress her; all she said was, "Ships don't trade much to Roke, do they?" "That I don't have. . ." opened, I began walking. All he saw was a mist on the water, all across the sea beyond the mouth of the bay. As he watched it thickened and darkened, creeping out over the slow waves. He finally spoke was, "I only wanted to make love to you," turned away scowling. Then she touched his hand very lightly. When he stroked the sleek black flow. Grove, he told her that, with Roke Knoll, it had stood since Segoy made the islands of the world. "And how do you know it didn't?" started. There was little satisfaction in ruling Havnor, a land of beggars and poor farmers. What. He stopped before an oak door. Instead of knocking he sketched a little sign or rune on it with the top of his staff, a light staff of some greyish wood. The door opened as a resonant voice behind it said, "Come in!" Roasters die in a year or two. Where to, dowsers? "Any brit? How could he not have it?" The people of Osskil, Rogma, and Borth are lighter-skinned than others in the Archipelago, and often have brown or even blond hair and light eyes; the men are often bearded. Their language and some of their beliefs are closer to Kargish than to Hardic. These far Northerners probably descend from Kargs who, after settling the four great Eastern lands, sailed back to the West about two thousand years ago. as it was under the Kings. to stare at me with suspicion and amazement. it. He went down to the stream in which he had been named. He drank, washed his hands and face. "In the Grove is no harm," said the Patterner. "Come on. There is an old house, a hut. Old, dirty. You don't care, eh? Stay a while. You can see," And he set off down the path between the parsley and the bush-beans. She looked at the Doorkeeper; he smiled a little. She followed the pale-haired man. That is a stony matter," said the Namer. deeply, and his mind felt stifled too, as if his thoughts were crowded into a space too small for. So it proved. Indeed, to Golden's amazement, Master Hemlock sent back a scrupulous two-fifths of the prenticing-fee. With the packet, which was delivered by one of Golden's carters who had taken a load of spars down to South Port, was a note for Diamond. It said, "True art requires a single heart." The direction on the outside was the Hardic rune for willow. The note was signed with Hemlock's rune, which had two meanings: the hemlock tree, and suffering. She'd have thought being King in Havnor wasn't good enough for him. deep shadows. Low armchairs, a black liquid with green foam in glasses, lanterns that spilled tiny. Early did not punish Hound for his failure, but he remembered it. He was not used to failures and. Erreth-Akbe's sword and set it atop the highest tower of his palace. "That was the one thing you could do that I never could. And you never could teach me." stopped. It was a lion. He lifted himself up heavily, the front first. I saw all of him now, five. of her hair she seemed only to endure his touch, and he stopped. When he tried to embrace her she. leaves say is change, change... Everything will change but them." He looked up into the trees. our art when we don't know what it is?" had noticed that this was how most of the women were made up. She held the back of the chair. Tern left late that year on his journey. He had with him a boy of fifteen, Mote, a promising weatherworker who needed training at sea, and Sava, a woman of sixty who had come to Roke with him seven or eight years before. Sava had been one of the women of the Hand on the isle of Ark. Though she had no wizardly gifts at all, she knew so well how to get a group of people to trust one another and work together that she was honored as a wise woman on Ark, and now on Roke. She had asked Tern to take her to

see her family, mother and sister and two sons; he would leave Mote with her and bring them back to Roke when he returned. So they set off northeast across the Inmost Sea in the summer weather, and Tern told Mote to put a bit of magewind into their sail, so that they would be sure to reach Ark before the Long Dance..the trees was never twice the same. People in Thwil told him it was best not to go too far, since.He knew now, from Elehal and others on Roke, what that wall was. It lay between the living and the.the end of the long bay, the jaws ready to snap shut. "I will," he said, and set to it..His voice had become very soft, very dark.."Not hiding at all. Went about the city, talking to people. Went to see his mother in Endlane, round the mountain. He's there now."..had seen something, something impossible to see, and it was of this that she sang. I was afraid.The Doorkeeper caught up with her as she came to a cross-corridor and stood not knowing which way."Did you think I was one of their eunuchs? That I'd castrate myself with spells so I could be holy? Why do you think I don't have a staff? Why do you think I'm not at the School? Did you believe everything I said?"..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (67 of 111) [2/5/2004 12:33:31 AM]. "Oh, yes, since he's cured half the herds and got paid six coppers for it, time for him to go..He got to his knees, and thought then to whisper, "Thank you, mother." He got to his feet, and.the parents died young. So not much heed was paid to him, until they had to take notice of him.know another such. And more than that, more than that, the King enters into my seed. He is my.The boy, it seemed to me, was unpleasantly surprised, even angry, that someone dared to.After a while the Patterner said, "That art, summoning, you know, is very . . . terrible. It is ... always danger. Here," and he looked up into the green-gold darkness of the trees, "here is no summoning. No bringing back across the wall. No wall."..wary of them, but he had never known one with skill and power equal to his own..told in the Havnorian Lay. Tracing descent both through the male and the female lines, and.to rejoin the broken halves of the Ring and so remake the Rune of Peace. He and Tenar brought the.whispered..a lighter; for an instant I was seized by a blind rage; I set my jaw, narrowed my eyes, and..had done..The wizard kept the name Roke in his memory, and when he heard it again, and in the same connection, he knew Hound had been on a true track again..The Equilibrium," she said, accepting all he said in its simplest sense, as always..I had to smile..At that the Summoner ran up towards her, reaching out, lunging at her as if to seize and hold her..not yet seen its true goal. I very strongly advise that you not take that risk. Write your.She stood with the little oil lamp in her hand, and the light of it shone red between her fingers and golden on her face. He said her name. She gave him sleep.."You never saw a shirt? Sort of, well, clothing. Made of nylon."..Doorkeeper looked round, and now his smile was wider. Though he said nothing, she felt he was."There's the King," Licky said, in a tone that might have been reverence or hatred..lisped:..and had not recognized it, back then, before the earthquake that had sunk a half mile of the coast.still very sore..When the city was in order again, and the ships had all come back, and the walls were being rebuilt, Ogion escaped from praise and went up into the hills above Gont Port. He found the queer little valley called Trimmer's Dell, the true name of which in the language of the Making was Yaved, as Ogion's true name was Aihal. He walked about there all one day, as if seeking something. In the evening he lay down on the ground and talked to it. "You should have told me, I could have said goodbye," he said. He wept once, and his tears fell on the dry dirt among the grass-stems and made little spots of mud, little sticky spots..hands; they put this into their pockets and walked on. For some reason I did exactly as the man in.laughed and chattered..Otak says the same back. And they lose their tempers, and they did some black spells, maybe. I."Edran," said the Namer promptly, and laughed. "Drake. Dragon..."..Maharion and Erreth-Akbe became "hearts brothers." They spent ten years together fighting the.hire a band. Who's the best in the country? Tarry and his lot?"..again. But he could not get up to walk to the wall, and presently the pain came back very sharp in.Thirty years before, the pirate lords of Wathort had sent a fleet to conquer Roke, not for its wealth, which was little, but to break the power of its magery, which was reputed to be great. One of the wizards of Roke had betrayed the island to the crafty men of Wathort, lowering its spells of defense and warning. Once those were breached, the pirates took the island not by wizardries but by force and fire. Their great ships filled Thwil Bay, their hordes burned and looted, their slave takers carried off men, boys, young women. Little children and the old they slaughtered. They fired every house and field they came to. When they sailed away after a few days they left no village standing, the farmsteads in ruins or desolate..When she was thirteen the old vineyarder and the housekeeper, who were all that was left of the.up. He looked at Otter, who was not much to look at. "Rest easy," he said, and went off..So little Diamond grew up in the finest house in Glade, a fat, bright-eyed baby, a ruddy, cheerful boy. He had a sweet singing voice, a true ear, and a love of music, so that his mother, Tuly, called him Songsparrow and Skylark, among other loving names, for she never really did like "Diamond." He trilled and caroled about the house; he knew any tune as soon as he heard it, and invented tunes when he heard none. His mother had the wisewoman Tangle teach him The Creation of Ea and The Deed of the Young King, and at Sunreturn when he was eleven years old he sang the Winter Carol for the Lord of the Western Land, who was visiting his domain in the hills above Glade. The Lord and his Lady praised the boy's singing and gave him a tiny gold box with a diamond set in the lid, which seemed a kind and pretty gift to Diamond and his mother. But Golden was a bit impatient with the singing and the trinkets. "There are more important things for you to do, son," he said. "And greater prizes to be earned."..Otter was silent a while. Then he said in a low voice, "Clay, and gravel, and under that the rock.They let him walk among them, wild as they were and having had nothing from men's hands but castration and butchery. He had a pleasure in their trust in him, a pride in it. He should not, but he did. If he wanted to touch one of the great beasts he had only to stand and speak to it a little while in the language of those who do not speak. "Ulla," he said, naming them. "Ellu. Ellua." They stood, big, indifferent; sometimes one looked at him for a long time. Sometimes one came to him with its easy, loose, majestic tread, and breathed into his open palm. All those that came to him he could cure. He laid his hands on them, on the stiff-haired, hot flanks and neck, and sent the

healing into his hands with the words of power spoken over and over. After a while the beast would give a shake, or toss its head a bit, or step on. And he would drop his hands and stand there, drained and blank, for a while. Then there would be another one, big, curious, shyly bold, muddy-coated, with the sickness in it like a prickling, a tingling, a hotness in his hands, a dizziness. "Ellu," he would say, and walk to the beast and lay his hands upon it until they felt cool, as if a mountain stream ran through them. "You wanted to. . .".but, hanging in the air, it turned to the music. I walked among the tables. The soft plastic."You take care," the witch said, grim. "Everything's perilous, right enough, and meddling with.socket..magnified in white sweeping surfaces. I made for the edge of the geometrically perfect.Banners still flew from the towers of the City of Havnor, and a king still ruled there; the banners were those of captured towns and isles, and the king was the warlord Losen. Losen never left the marble palace where he sat all day, served by slaves, seeing the shadow of the sword of Erreth-Akbe slip like the shadow of a great sundial across the roofs below. He gave orders, and the slaves said, "It is done, your majesty." He held audiences, and old men came and said, "We obey, your majesty." He summoned his wizards, and the mage Early came, bowing low. "Make me walk!" Losen shouted, beating his paralyzed legs with his weak hands..The man whose name was Medra sat in the mud with the dead woman in his arms and wept..have great gifts?".yes! This is the way." Yet he was following Otter. His touch and his spells pushed him, rushed.fault and they would know nothing about it. He thought about it for a long time, working out how.You can see why this must be. To summon a living man is to have entire power over him, body and.about a man who came seeking for a land where people remembered the justice of the kings and the.understand the Glosses of Danemer, and keep his mouth closed..training.. "And I in my tower," said the Namer. "And you, Herbal, and the Doorkeeper, are in the trap, in the
