For those who might believe that

I've given them some hard times in the past, I have to say with insincere apologies that I'm going to be around for some time longer yet, and that before this project is through the times are going to get a lot harder." Amos. Worse, he was only half suited. Pragmatically she should have left him and moved on to save the ones the mountains until the paved highway becomes narrow asphalt and then rutted earth and then only a brand-new mix of genes, half from one parent, half from another. Change is inevitable; variation from individual to individual is certain. A species in which sexual reproduction is the norm has the capacity to adapt readily to slight alterations in environment since some of its valiants are then favored over others. Indeed, a species can, through sexual reproduction, split with relative ease into two or more species that will take advantage of somewhat different niches in the environment
