I've heard as far as Havnor. And I can tell the quality of what you're spinning. A beautiful went by. Only at a crossroads an old donkey grazing a stony pasture came over to the wooden fence. THE ISLAND OF SEMEL lies north and west across the Pelnish Sea from Havnor, south and west of the Enlades. Though it is one of the great isles of the Earthsea Archipelago, there aren't many stories from Semel. Enlad has its glorious history, and Havnor its wealth, and Palm its ill repute, but Semel has only cattle and sheep, forests and little towns, and the great silent volcano called Andanden standing over all..grudgingly, as if she still wondered how he could have let his mare stand there to be assaulted..They came ashore in Ilien for water and food. He spoke haltingly, with long pauses. "It was I that walked with the wizard, compelled by him, but she was with me, and she was free. And so together we could turn his power against him, so that he destroyed himself." He thought for a long time, and said, "She gave me her power."..ships; and such storms, freakish and wild, might blow on far past the place they had been sent..bareback and made the going easy. She saw a burly, dark-skinned man and two boys come out and weed one of the vegetable plots. It eased her mind to watch their careful work. She wished she could help them at it. The waiting and the strangeness were very difficult. Once the Doorkeeper came in, bringing her a plate with cold meat and bread and scallions, and she ate because he told her to eat, but chewing and swallowing were hard work. The gardeners went away and there was nothing to watch out the window but the cabbages growing and the sparrows hopping, and now and then a hawk far up in the sky, and the wind moving softly in the tops of tall trees, on beyond the gardens..foraging in the pastures of dry, frosty grass. It was Ogion they saw, his hands held out before him, straining, parting: and the cliffs parted with them, and stood straight, unmoved. The city shuddered and stood still. It was Ogion who stopped the earthquake. They saw it, they said it..Irian stood silent too, but her hope sank down, replaced by a sense of shame and utter insignificance. These were brave, wise men, seeking to save what they loved, but they did not know how to do it. And she had no share in their wisdom, no part in their decisions. She drew away from them, and they did not notice. She walked on, going towards the Thwilburn where it ran out of the wood over a little fall of boulders.
