So they talked, that long winter, and others talked with them. Slowly their talk turned from vision to intention, from longing to planning. Veil was always cautious, warning of dangers. White-haired Dune was so eager that Ember said he wanted to start teaching sorcery to every child in Thwil. Once Ember had come to believe that Roke's freedom lay in offering others freedom, she set her whole mind on how the women of the Hand might grow strong again. But her mind, formed by her long solitudes among the trees, always sought form and clarity, and she said, "How can we teach our art when we don't know what it is?".in that house as the centuries passed through it. And still the ninth Master of Roke is the.were squatting on their haunches, heads close together, laughing. Something intense or uncanny.Yet as Dory spoke he saw what the girl saw: a long hill going down into darkness, and across it,under them, and he would know that under the roots of the grass a stream crept through dark earth,.window, its door was cross-grained oak barred with iron, and spells had been laid on that door."Ah," he said. Maybe that's where the danger of that art lies..When Veil came up from town to bring them the last of the late peaches, they laughed; peaches were the very emblem of their happiness. They tried to make her stay and eat supper with them, but she wouldn't. "Stay here while you can," she said.. "Nais," I said very quietly. "Nais, don't be afraid. Really, there's nothing to fear.". The witch's use-name was Rose, like a great many women of Way and other islands of the Hardic Archipelago. People who have a secret name that holds their power the way a diamond holds light may well like their public name to be ordinary, common, like other people's names..all remote descendants of the Old Speech. None of these languages serves for the making of spells.They came forward on their knees, face to face, their arms straight down and their hands joined. They kissed each other all over their

faces. To Rose's lips Diamond's face was smooth and full as a plum, with just a hint of prickliness above the lip and jawline, where he had taken to shaving recently. To Diamond's lips Rose's face was soft as silk, with just a hint of grittiness on one cheek, which she had rubbed with a dirty hand. They moved a little closer so that their breasts and bellies touched, though their hands stayed down by their sides. They went on kissing..stay on after we land." When Diamond put the lists of names to tunes he made up, he learned them much faster; but then the tune would come as part of the name, and he would sing out so clearly-- for his voice had re-established itself as a strong, dark tenor -- that Hemlock winced. Hemlock's was a very silent house..sea, A seabird flying in the grave.."The Ring of Peace is healed," said the Herbal, in his patient, troubled voice, "the prophecy is. They spent ten years together fighting the Kargs, whose occasional forays from the East had in recent times become a slave-taking, colonising invasion. Venway, Torheven and the Torikles, Spevy, Perregal, and parts of Gont were under Kargish dominion for a generation or longer. At Shelieth on Way, Erreth-Akbe worked a great magic against the Kargish forces, who had landed in "a thousand ships" on Waymarsh and were swarming across the mainland. Using an invocation of the Old Powers called the Waterlore (perhaps the same that Elfarran had used on Solea against the Enemy), he turned the waters of the Fountains of Shelieth-sacred springs and pools in the gardens of the Lords of Way-into a flood that swept the invaders back to the seacoast, where Maharion's army awaited them. as time went on and she heard him spoken of as Diamond the sweet singer of the West of Havnor, Diamond who had harped and sung to the great lords in the Tower of the Sword, her heart grew lighter. And once, when Golden was down 'at South Port, she and Tangle took a donkey cart and drove over to Easthill, where they heard Diamond sing the Lay of the Lost Queen, while Rose sat with them, and Little Tuly sat on Tuly's knee.
