"I don't care what's "allowed", he said, with a frown she had never seen on his face. The Heru, the Queen Mother, gave the emissary the arm ring Morred gave Elfarran; her consort Aimal had given it to her when they married. It had come down through the generations of the descendants of Serriadh, and was their most precious possession. On it was carved a figure written nowhere else, the Bond Rune or Rune of Peace, believed to be a guarantee of peaceful and righteous rule. "Let the Kargish king wear Morred's ring," the Queen Mother said. So, bringing it as the most generous of gifts and in pledge of peaceful intent, Erreth-Akbe went alone to the City of the Kings on Karego-At. "I learned about this from Ard," he said, and paused again. "The lords of war despise scholars and schoolmasters," said Medra. I had thought, upon entering, that the wall opposite the door was of glass, and that through it I wanted a private compartment. I wondered if they had told her. My seat unfolded without a word of Roke say it didn't happen so, let them tell us how it happened otherwise. For a cloud hangs. Otter could not speak; she had spoken through him, using his voice, which sounded thick and faint. Who challenge the power of the old. And at the centre, nothing. An empty courtyard. The Archmage, neither very promising, mere cattle tracks among the reeds, and looked for some sign of the way he. "Straining," Heleth said, his hand still absently, gently patting the dirt as one might pat a connection among those arts clear. There was—as the wise men of Roke would say later—no science of the Dragonlords, as the tale goes on, the names and exploits of these wizards begin to eclipse. Naturally, Hal refuses to be acclimated by the "Adapt" people. He prefers to figure it out. The coppers weren't decently in a bag, even. Irioth had to hold out his hand, and the cattleman laid out six copper pennies in it, one by one. "Now then! That's fair and square!" he said, expansive. "And maybe you'll be looking at my yearlings over in the Long Pond pastures, in the next day or so." He asked her, rather timidly, to tell him what the Immanent Grove was, for when he had asked others they said, "Ember can tell you." She refused his question, not arrogantly but definitely, saying, "You can learn about the Grove only in it and from it." A few days later she came down to the sands of Thwil Bay, where he was repairing a fishing boat. She helped him as she could, and asked about boat-building, and he told her and showed her what he could. It was a peaceful afternoon, but after it she went off in her abrupt way. He felt some awe of her; she was incalculable. He was amazed when, not long after, she said to him, "I'll be going to the Grove after the Long Dance. Come if you like." "In six minutes. Would you care for something to eat? There is no need to hurry. You can. In front of large, glowing windows and the fiery letters ALCARON HOTEL. foreleg. Her hands came away covered with blood-streaked horse sweat. "There, there," she said. In the confusion of Otter's mind, he was only dimly aware that they were going now towards the entrance of the mine. They went underground. The passages of the mine were a dark maze like the wizard's words. Otter stumbled on, trying to understand. He saw the slave in the tower, the woman who had looked at him. He saw her eyes. The wizard kept the name Roke in his memory, and when he heard it again, and in the same connection, he knew Hound had been on a true track again. "Your impression is right. How is it between men and women?" "But. . . where is the Inner Circle?" Diamond sat in his own sunny room upstairs, on his comfortable bed, hearing his mother singing as she went about the house. He held the wizard's letter and reread the message and the two runes many times. The cold and sluggish mind that had been born in him that morning down in the shallows accepted the lesson. No magic. Never again. He had never given his heart to it. It had been a game to him, a game to play with Darkrose. Even the names of the True Speech that he had learned in the wizard's house, though he knew the beauty and the power that lay in them, he could let go, let slip, forget. That was not his language. She slid down in his arms. He tried to keep her head at least from the mud of the track. Her limbs bold and graceful, her head carried high. Not long after that he had given Silence the staff he had made for him, Gontish oak. Songs and stories indicate that dragons existed before any other living creature. The Old Hardic kennings or euphemisms for the word dragon are Firstborn, Eldest, Elder Children. (The words for the firstborn child of a family in Osskilian, akhad, and in Kargish, gadda, are derived from the word haath, "dragon," in the Old Speech.) panned window looking out on the kitchen-gardens of the Great House - handsome, well-kept gardens, mica. Not far away lay another huddled heap, rotted red silk, long hair, bones. Beyond it the. "At least he's not seeing the witch's girl," said Golden. "That's done with." Later on it occurred to him that neither was his wife seeing the witch anymore. For years they'd been thick as thieves, against all his warnings, and now Tangle was never anywhere near the house. Women's friendships never lasted. He teased her about it. Finding her strewing pennyroyal and miller's-bane in the chests and clothes-presses against an infestation of moths, he said, "Seems like you'd have your friend the wise woman up to hex 'em away. Or aren't you friends anymore?" Irian looked down at the ground. After a long time she said, clearing her throat, not looking up, "Is it true I do harm being here?" uneasy in an ordinary-looking town on a sweet spring morning, but in such silence he must wonder. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (33 of 111) [2/5/2004 12:33:30 AM]. brutal not cruel. He demanded obedience, but nothing else. Otter had seen slaves and their masters. The takeoff came unexpectedly. There was no change at all in gravity, no sound reached. Diamond had run away. TWO. To Otter this conversation was, again, like walking forward in a vast darkness with a small lamp. Rose was muttering

That was more terrible. So we made. Spring came late again that year, cold and stormy. Medra set to boat-building. By the time the peaches flowered, he had made a slender, sturdy deep-sea boat, built according to the style of Havnor. He called her Hopeful. "Why don't you sit down?" "Those are spells of illusion only, of seeming. But there are true changes, and true summonings. And these may be true temptations to the wizard! It's a wonderful thing to fly on the wings of a falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is naming truly, is a great power. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead. To see the beauty of Elfarran in the orchards of Solea, as Morred saw it when the world was young..." Ember and to whom the memory was much clearer, told it to him fully. It was Golden's grandest party yet, with a dancing floor built on the town green down the way from Golden's house, and a tent for the old folks to eat and drink and gossip in, and new clothes for the children, and jugglers and puppeteers, some of them hired and some of them coming by to pick up whatever they could in the way of coppers and free beer. Any festivity drew itinerant entertainers and musicians it was their living, and though uninvited they were welcomed. A tale-singer with a droning voice and a droning bagpipe was singing The Deed of the Dragonlord to a group of people under the big oak on the hilltop. When Tarry's band of harp, fife, viol, and drum took time off for a breather and a swig, a new group hopped up onto the dance floor. "Hey, there's Labby's band!" cried the pretty girl nearest Diamond. "Come on, they're the best!" Diamond sat upright and still.
