The names of commonly used runes such as Pirr (used to protect from fire, wind, and madness), Sifl ("speed well"), Simn ("work well") are used without ceremony by ordinary people speaking Hardic; but practitioners of magic speak even such well-known, often used names with caution, since they are in fact words in the Old Speech, and may influence events in unintended or unexpected ways..He came up on deck again. A school for wild boars, he thought, a college for dragons! But that there was some kind of scheming and gathering together of men of power on Roke seemed probable, and the idea of any league or alliance of wizards appalled him more the more he thought of it. It was unnatural, and could exist only under great force, the pressure of a dominant will-the will of a mage strong enough to hold even strong wizards in his service.
