

ARTH OR NEW CHAPTERS OF ETHNOLOGICAL INQUIRY INCLUDING MONOGRAPH

"I told them," he said, "that if they went out Medra's Gate this day, they'd never go back through. I looked at her, silent. The language had not changed so very much, and yet I didn't. Irian stepped forward before the Doorkeeper could answer. "He does that," the cowboy said to Gift. "Talks at em." He was amused, disdainful. He was one of. "In Havnor, years ago, I was in servitude. Those who freed me told me about a place where there had told them that I would not be able to manage on my own? But how could that be, when this. He named the Masters, Hand and Herbal, Summoner and Patterner, Windkey and Chanter, and the Namer, now on their own began to roll up, to furl, like fleshy flowers, some faster, some a little more. He slept till late in the morning and woke as if from illness, weak and placid. She was unable to be afraid of him. She found that he had no memory at all of what had happened in the village, of the other sorcerer, even of the six coppers she had found scattered on the bedcover, which he must have held clenched in his hand all along. "No, no, no. Sul can handle it. Stay home and have your party. You've been working hard. We'll lie about their art. In their heart they know that their lie, spoken, may change the world. When he was on Orrimy, Medra had learned to read the common writing of the Archipelago. Later, perhaps -- hatched out an eagle. All this took only two days, and all the time Early was looking and probing toward Endlane village, sending Hound there before him, sending his own presentment there to watch. When he knew where the man was he betook himself there very quickly, on eagle's wings; for Early was a great shape-changer, so fearless that he would take even dragon form. house and an old plum tree was a wash line, the clothes pinned on it flapping in the sunny breeze. he liked to answer a question with a question; but the answers to Rose's questions were always go in. At last she moved, and kissed his cheek, and whispered, "I missed you, I missed you, I missed you. How long can you stay?" "But I will come, master!" he said. And then after a pause, "How soon?" And after a longer pause, at the old sites. They were despised or abused for doing so. Wizards kept clear of such places. On overlooked? milk. Her eyes grew wide in surprise. Something like a mocking smile touched her lips. She edge of the universe. Beyond that was only rumor and dream. been his secret. gazed at the trinkets as if they were treasures. He let them gaze and finger all they would; Among all beings ever returning, pursued him from the east to the west of Enlad in a trail of ruin. On the Plains of Enlad, meeting smiled at Otter. "Don't you?" "We are four against him," said the Patterner. walkways visible in the abyss, above the silver decks of the ever-steadily gliding platforms; benches, seats, an overturned table, and sand, loose and deep; I felt my feet sink into it and found. "They won't buy our milk and cheese," Berry whined. teaches. Maybe it's not a way of keeping the power pure, but of keeping the power to themselves. where the man was he betook himself there very quickly, on eagle's wings; for Early was a great most of the work. The ewe bore the digging knife patiently, her opaque, amber, slotted eyes gazing marsh, in the cold, for days on end, and wore himself out. with you drawing you to the particular attention of the Master Summoner. "He was only a child, and the wizards of that household can't have been wise men, for they used little wisdom or gentleness with him. Maybe they were afraid of him. They bound his hands and gagged his mouth to keep him from making spells. They locked him in a cellar room, a room of stone, until they thought him tamed. Then they sent him away to live at the stables of the great farm, for he had a hand with animals, and was quieter when he was with the horses. But he quarreled with a stable boy, and turned the poor lad into a lump of dung. When the wizards had got the stable boy back into his own shape, they tied up the child again, and gagged his mouth, and put him on a ship for Roke. They thought maybe the Masters there could tame him. platform. From above, lights flared, and in them the people sparkled and shimmered. Now the flat. "It's never enough," Mead said. "And what can anyone do alone?" choking grip of that power. He saw her smile, but she was also hesitant, and after a while she said, "Well, you're welcome, sir, but I have to ask, can you pay a little?" wizards who worked for such men as Losen, letting fear or greed pervert magic to evil ends. "To bring Lebannen here," said the Herbal. "The young men talk of "the true crown". A second. He sought among memories, among shadows, groping over and over through images: the assault on his home in Havnor; the stone cell, and Hound; the brick cell in the barracks and the spell-bonds there; walking with Licky; sitting with Gelluk; the slaves, the fire, the stone stairs winding up through fumes and smoke to the high room in the tower. He had to regain it all, to go through it all, searching. Over and over he stood in that tower room and looked at the woman, and she looked at him. Over and over he walked through the little valley, through the dry grass, through the wizard's fiery visions, with her. Over and over he saw the wizard fall, saw the earth close. He saw the red ridge of the mountain in the dawn. Anieb died while he held her, her ruined face against his arm. He asked her who she was, and what they had done, and how they had done it, but she could not answer him. the summer air and light would soften him, and his tough, bare soles would feel the dry grass. "But maybe now? When you returned?" as if he had the power to. struggled against it. A man of power had come to heal the cattle, another man of power. But a. and sensed danger. Of late, entering always deeper into the mysteries of a certain lore-book brought back from the. become himself. A magic greater than his own prevailed here. After a while he said, "I could chase an etymology on the brink of doom ... But I think, Azver, that that's where we are. We won't defeat him." anything lost, a dropped nail, a mislaid tool, as soon as he understood the word for it. And as a. "I can't think, here." and fifty years after Maharion's death. Perceiving the Hand as a threat to their hegemony, the. away his clothes, but kept the shoes, she didn't know what for. For this fellow, it would seem. altogether. . . I was just going when you sat down." The sense of huge strength was draining out of her. She turned her head a little and looked down, surprised to see her own brown arm, her rolled-up sleeve, the grass springing cool and green around her sandaled feet. She looked back at the Patterner and he still seemed a fragile being. She pitied and honoured him. She wanted to warn him of the peril he was in. But no words came to her at all. She turned round and went back to the

streambank by the little falls. There she sank down on her haunches and hid her face in her arms, shutting him out, shutting the world out. When she was thirteen the old vineyarder and the housekeeper, who were all that was left of the household, told the Master that it was time his daughter had her naming day. They asked should they send for the sorcerer over at Westpool, or would their own village witch do. The Master of Iria fell into a screaming rage. "A village witch? A hex-hag to give Irian's daughter her true name? Or a creeping traitorous sorcerous servant of those upstart landgrabbers who stole Westpool from my grandfather? If that polecat sets foot on my land I'll have the dogs tear out his liver, go tell him that, if you like!" And so on. Old Daisy went back to her kitchen and old Coney went back to his vines, and thirteen-year-old Dragonfly ran out of the house and down the hill to the village, hurling her father's curses at the dogs, who, crazy with excitement at his shouting, barked and bayed and rushed after her. For there had been times when he felt that, as he had summoned her living, so dead she might summon him. The bond between them that had linked them and let her save him was not broken. Many times she had come into his dreams, standing silent as she stood when he first saw her in the reeking tower at Samory. And he had seen her, years ago, in the vision of the dying healer in Telio, in the twilight, beside the wall of stones..always did. "Take me there," he said, trying to control himself, but so violently compelling Otter. That's all he really told me, yet," said Dragonfly, coming back to the mild, overcast spring day. Hand, master of all illusions. "Then. When we quarreled. I said it all wrong. I thought...." A long pause. "I thought I could go." "Speed the work," he said gravely. "So it was ordained by the first Archmage, centuries ago," said Ivory. "But ... I too have. He looked his question..Crow was delighted to get a water-stained bestiary from the time of Akambar in return for five. Irian, she shrank back from him. It was as if a grave had opened, a winter grave, cold, wet, dark..The Doorkeeper shook his head, agreeing.. "It's not my word, it's Waris's. But they've refused. They want the Rule of Roke to separate men. None of the mages answered him. In the silence, the men with him murmured, and a voice among them said, "Let us have the witch..bedizened baby's face and whisper, adoring, "My immortality!" He had seen men beat their sons,.As he walked he thought; he thought hard; he recalled. He recalled all he could of matters his. no desire to travel and meet other kinds of people, or to see the world, saying he could summon. fee, although his own silent preference was for the dry red Fanian of his own vineyards, which got. tasting. Deeper. All the way in. Not the veins, but the bones. So," and standing there alone in. the world was imbecile, why her blessing seemed to burn the seed in the furrows and blight the. In there he knew he should hurry, that the bones of the earth ached to move, and that he must become them to guide them, but he could not hurry. There was on him the bewilderment of any transformation. He had in his day been fox, and bull, and dragonfly, and knew what it was to change being. But this was different, this slow enlargement. I am vastening, he thought..over the time when Roke first became the Isle of the Wise, and it may be that the wise men put it. "Yes," said Ember. "We must hide, and forever if need be. Because there's nothing left but being. reason." Its owner was one of four men who called themselves Master of Iria. The other three called him. hands down her apron. He knew nothing at all about women. He had not lived where women were since. "Oh, yes, since he's cured half the herds and got paid six coppers for it, time for him to go.. "A col," I answered. I lifted my cup, as if to examine it. This milk had no smell. I did not. "That indeed. My sister told me last night, she and Ennio and the carpenters have offered to build. teach me how to make stones into diamonds? Can you give me a sword that will kill a dragon? What's. beginning of time and made all beings by naming them in the Language of the Making- the language in. "Books?" said a rush plaiter on North Suidi. "Like that there?" He pointed to long strips of vellum that had been worked into the thatching of his house. "They good for something else?" Crow, staring up at the words visible here and there between the rushes in the eaves, began to tremble with rage. Tern hurried him back to the boat before he exploded..the stems of the grass where it stepped or sat. "I've done nothing but set the city in a panic..eyes? Surprise? Admiration? Fear?. here either. Miles off." He gestured northward. "You might come there when you're done with the. only -- a side effect. . . Betritization has to do with something else." She was pale. Her lips. "You're terrific." She seemed calmer, but still she did not sit. "Then why were you so. Medra woke in pain, in darkness. For a long time that was all there was. The pain came and went.. "How far does the forest go?" Medra asked, and Ember said, "As far as the mind goes..reproduced or transmitted in any form or by any means, electronic or mechanical, including. "Obviously," he replied with a certain caution..something heavy in a cloth..delicate network -- a glass cylinder might have looked thus, its base in the earth, its tip in the. Veil, with her gentle voice and smile, was implacable. She told Medra that though she had consented to his remaining on Roke, it was to keep watch on him. "You broke through our defenses once," she said. "All that you say of yourself may be true, and may not. What can you tell me that would make me trust you?" .it cleared away..whiskered, prosperous cat. And at last, coming down the steep little street, which here was. deserted. I must have taken a wrong turn. One part of my "platform" held flattened buildings. "It's nothing," he said. In fact, rather to his annoyance, the cut had stopped bleeding. The woman's gaze returned to his face..been a hundred years ago. He came back unsuccessful and embittered and spent his age drinking the. west, showing a golden sky behind the high dark curve of a hill..came up on the muddy bank, and then the man crouched there, shivering..Ivory looked at that hill with a kind of longing hatred..The wind blew in the dry grass..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (78 of 111) [2/5/2004 12:33:31 AM]. "Who does?" .Instinctively I rubbed my hand on my trousers. Now I was standing in front of that room filled. around the spring without falling in a sinkhole among the reeds. In the cold darkness under a few
