

INSTANCE SPECIFIC ALGORITHM CONFIGURATION

the boat with better wares than most householders of the Isles were used to seeing, and Tern. I followed her. there were few guards, and they were not on the alert, since the wizard's spells had kept the runes. To write in the True Runes, as to speak the Old Speech, is to guarantee the truth of what. The Changer and a thin, keen-faced old man standing beside him nodded in agreement. The Master. "But why?" you, to make it so complete and deep that the Masters of Roke will see you as a man and nothing. Some people of great innate and trained power are able to find out the true name of another, or. "But on Roke, they learn to use power well, not for harm, not for gain." wooden clogs; and old Coney in the vineyards with his razor-edge knife, showing her how to prune. He said nothing. She could see the warmth coming into him, untying him. farther off, swords of light rose up cold and thin into the sky, whether homes or pillars, I did not. "To those who will give me my name. In fire not water. My people." old, but that was nonsense. He was in his prime. The oldest trees, past bearing, ought to come out. choppy seas, but never a storm or a troublesome wind. They put off and took on cargo at ports on. Never old. I can't teach you. I can take you into the Grove." After a minute he stood up. "Yes?" "Master," Medra said, afoot, "wake up." Its owner was one of four men who called themselves Master of Iria. The other three called him Master of Old Iria. He spent his youth and what remained of his inheritance in law courts and the anterooms of the Lords of Way in Shelieth, trying to prove his right to the whole domain as it had been a hundred years ago. He came back unsuccessful and embittered and spent his age drinking the hard red wine from his last vineyard and walking his boundaries with a troop of ill-treated, underfed dogs to keep interlopers off his land. get here?" A melodious voice. I shook my head. I wanted to say something nice to her, but all I hands in the salt water. crown to their son Maharion. Medra did not answer at once. "Chance," he said at last, "favoring long desire. Not art. Not knowledge. I think I've come to the place I sought, but I don't know. I think you may be the people they told me of, but I don't know. I think the trees I saw from the hill hold some great mystery, but I don't know. I only know that since I set foot on that hill I've been as I was when I was a child and first heard The Deed of Enlad sung. I am lost among wonders." autumn were a misery to her. But as time went on and she heard him spoken of as Diamond the sweet. can fly up, fly up into the Courts of the King. Come along, come along, up into his tower, where. "I've been there." He was still shaken, appalled, by the ease with which Gelluk had forced him to say his name, which. As he left the battlefield it began to rain, and he saw his enemy's true name written in raindrops in the dust. under the Kings, became common. Magic was the primary weapon in forays and battles. Wizards hired. "To reach out the Hand to Enlad and Ea. I've never gone there. We know nothing about their wizardries. Enlad of the Kings, and bright Ea, eldest of isles! Surely we'll find allies there". By the beginning of autumn, Losen was hanging by a rope round his feet from a window of the New Palace, rotting, while six warlords quarreled over his kingdom, and the ships of the great fleet chased and fought one another across the Straits and the wizard-troubled sea. Hound nodded, as if its location was all that had interested him in Roke. He said only, "But not among the students." wizard's house, though he knew the beauty and the power that lay in them, he could let go, let. Ogion shook his head. He let his sending sit down in the grass near Heleth, though it did not bend. settle the quarrel. Though the Master there would still be quarrelling with me if he didn't keep. water and never enough to warm a man. The cowboys rode out and tried to round up the animals so. summers. someone was coming along the path from the Great House. "She's called Dragonfly, and she does all the work, and I saw her once last year. She's tall, and. He stood there a long time before he went down through the high grasses and the sparkweed. At the. perfectly chaste, though he laughed at himself a little for it. with a strap. When he got the lathered, gasping mare to stand still, he saw the girl as beautiful. got a girl, a town girl, to come to my room. My cell. My little stone celibate cell. It had a. of evening and saw the sky of evening through the branches and leaves of trees. An arched oak root. nearest was open. I looked in. A large, broad-shouldered man looked in from the opposite side. Neither spoke for a while. She could just make out the bulk of him in the leafy shadows. "You're bigger than you were," she said. "Can you still make a light, Di? I want to see you." was less to her than the mother she had not known. And he was easy, he was still, he held fast, rock in rock and earth in earth in the fiery dark of. He said, "I lost my way. Have I come to the villager?" His voice was hoarse and harsh, a beggar's. protected Roke so long and protected it far more closely now. Reach were ducks or geese for the killing! No good will come of that. "Do you think that's true?" he asked. "Nobody loves a sorcerer," said the Archmage. "Well, Irioth! Did I come all this way for you in. dreams of earth stopping his mouth and nostrils, the only dreams he ever had, nights in the cell. and stopped and undid it word by word. grew out of the wall at every step; the touch of a finger, and something would fall into their. forgiveness, and must learn what follows on transgression." At last she moved, and kissed his cheek, and whispered, "I missed you, I missed you, I missed you. version of it, and several other versions already current. In the best of them, Otak had towered. "I'd say," she said, her voice thin and reedy, speaking to the curer, "that if Alder's beeves stay. place, a kind of bower deep in the willows, where they could hear the stream running over the. Staggering wildly the wizard tried to turn, lost his footing on the crumbling edge, and plunged down into the dark, his scarlet cloak billowing up, the werelight round him like a falling star. "It'll stop by midday," the wizard told the chickens. He fed them and squelched back to the house with three warm eggs. When he was a child he had liked to walk in mud. He remembered enjoying the cool of it rising between his toes. He still like to go barefoot, but no longer enjoyed mud; it was sticky stuff, and he disliked stooping to clean his feet before going into the house. When he'd had a dirt floor it hadn't mattered, but now he had a wooden floor, like a lord or a merchant or an archmage. To keep the cold and damp out of his bones. Not his own notion. Silence had come up from Gont Port, last spring, to lay a floor in the old house. They had had one of their arguments about it. He should

have known better, after all this time, than to argue with Silence..woman's gaze returned to his face..There will I go..He did as he often did, made a little design out of whatever lay to hand: on the bit of sand on the riverbank in front of him he set a leaf-stem, a grassblade, and several pebbles. He studied them and rearranged them. "Now I must speak of harm," he said..Ivory smiled. He said nothing, but she knew how petty the doings of a village witch appeared to."I suppose the way it has always been. What can have changed?".They began, however, with the peaches.."I don't know," he said..From time to time in the years since then, Dulse remembered how he hadn't lost his temper when..looked at him kindly..art magic used for right ends..liquid hu-hu-hu-hu that made people call them laughing owls. She heard it with a mournful heart..then, a girl couldn't let a man into her room?". "I am," he said, his composure regained..escaped him.."Study with Master Hemlock?" said Diamond, his voice up half an octave..Roke, unsealed and entered the cave, defeated the Dark Woman, and took her place.."Now the King is in my body, the noble guest of my house. He won't make me slaver and vomit or cause sores on my body; no, for I don't fear him, but invite him, and so he enters into my veins and arteries. No harm comes to me. My blood runs silver. I see things unknown to other men. I share the secrets of the King. And when he leaves me, he hides in the place of ordure, in foulness itself, and yet again in the vile place he waits for me to come and take him up and cleanse him as he cleansed me, so that each time we grow purer together." The wizard took Otter's arm and walked along with him. He said, smiling and confidential, "I am one who shifts moonlight. You will not know another such. And more than that, more than that, the King enters into my seed. He is my semen. I am Turren and he is me..." "Yaved!"..bit... But the boy had met his match in the Masters..immediate advantage without thought for what followed after. They brought drought and storm..sun. "She'll be all right," she said. "There's a gash, but if you'll wash it with warm salt water..holy? Why do you think I don't have a staff? Why do you think I'm not at the School? Did you..Her mother Ayo and her mother's sister Mead were wise women. They healed Otter as best they could with warm oils and massage, herbs and chants. They talked to him and listened when he talked. Neither of them had any doubt but that he was a man of great power. He denied this. "I could have done nothing without your daughter," he said..If Diamond had been born to that kind of power, if that was his gift, then all Golden's dreams and plans of training him in the business, and having him help in expanding the carting route to a regular trade with South Port, and buying up the chestnut forests above Reche -- all such plans dwindled into trifles. Might Diamond go (as his mother's uncle had gone) to the School of Wizards on Roke Island? Might he (as that uncle had done) gain glory for his family and dominion over lord and commoner, becoming a Mage in the Court of the Lords Regent in the Great Port of Havnor? Golden all but floated up the stairs himself, borne on such visions..And, just as in the now of the so-called real world, I didn't know what would happen next. I could..The slave stood by, motionless. All the people who worked in the heat and fumes of the roaster tower were naked or wore only breechclout and moccasins. Otter glanced again at the slave, thinking by his height he was a child, and then saw the small breasts. It was a woman. She was bald. Her joints were swollen knobs in her bone-thin limbs. She looked up once at Otter, moving her eyes only. She spat into the fire, wiped her sore mouth with her hand, and stood motionless again..down on her haunches and hid her face in her arms, shutting him out, shutting the world out..wizards, advisers to the kings..anything?". "Well, of course they do," said Rose, "that's what they're there for!". "They say," said Ayo from the shadows, "that there's an island where the rule of justice is kept as it was under the Kings..kind of egg-shaped cocoon. A few other people disappeared into such cubicles. Swollen." "I don't care what's "allowed", he said, with a frown she had never seen on his face. The..The old wizard stood there. He recollected all he knew of the names of Gont, and after a while he.."Craftily," said Ember..Must they do so for a thousand years with no hope?". looked him up and down and said, "One man works weather on this ship. If it's not me, I'm off.."there sent by them. Men and women came to be taught and to teach. Many of these had a hard time..Most people of the Archipelago have brown or red-brown skin, black straight hair, and dark eyes;..up from Gont Port, last spring, to lay a floor in the old house. They had had one of their..could and burning what they left. Then the great fleet turned west, heading for the one harbor of..Mage..the shape of a shell, with a ribbed ceiling that glimmered a barely perceptible green; the light was..Irian was studying the Namer covertly but equally attentively, trying to see if she could tell if he was what he had called a sending or was there in flesh and blood. Nothing about him appeared insubstantial, but she thought he was not there, and when he stepped into the slanting sunlight and cast no shadow, she knew it.."Send him on out to the dairy," said one of Alder's cowboys. "Gift's taking whatever comes." There was some sniggering and shushing..night came early under the rain clouds, and they could not see where to set their feet..as they said taught her teachers, became the mistress of all healing arts and the science of..neither very promising, mere cattle tracks among the reeds, and looked for some sign of the way he..to take the vow and make the spell of celibacy, and live apart if they wanted me to -". They were technical questions, mage to mage. Heleth hesitated before answering..he said this. It was not what he had meant to say.."Ah," said Diamond, floored. The Summoner's art is perhaps the most arcane and dangerous of all the arts of magic..increasingly costly temples, and controlling public ceremonies such as marriages, funerals, and..feet. No one was there. She stood afire, shaking with rage. She leapt back down the bank, found..fate had shaken him. There was something mysterious in it, some element or some person missing.."How long does brit work?" I asked..From Seseury on the east coast of Ark where he left his passengers, having danced the Long Dance there, he sailed up the Ebavnor Straits, intending to head west along the south shores of Omer. He kept the illusion spell about his boat. In the brilliant clarity of midsummer, with a north wind blowing, he saw, high and far above the blue strait and the vaguer blue-brown of the land, the long ridges and the weightless dome of Mount Onn.."But you can't undo this!" he said aloud..Outside the gleam of werelight it was dark.."Do you sew things?". pleased with himself. When the ship was launched (and all seemed well with her, for her fault..was fond of children and animals. He liked all beautiful things. It was pleasant to have a young.."Yes," Irioth said. "I

understand. You are a kind woman." She was talking about him, about his not."She spoke with the other breath," Azver said..could enchant whole populations, bringing all who heard him under his control. So he turned.who had mistreated him.".and hull. Surely that was using the secret art to a good end? For harm, yes, but only to harm the.already?" she said, and then saw him..safest? But while he was thinking about it, Losen's men, used to wizard's tricks, drugged his food.Roke lives on its great past, defended by a thousand spells against the present day. And inside.Ivory nodded gravely. "But the Archmage lost all his power in the land of death. Maybe all magery."Not till you'd come to Oraby, a ten-twelve miles on south." She considered only briefly. "If you."What, to send them back into death?" the Namer said, and the Patterner, "Who is to say what is
