

# INTERACTIONS ON DIGITAL TABLETS IN THE CONTEXT OF 3D GEOMETRY LEARNING

As though he were home to a species of termites that preferred the taste of men to that of wood, Vanadium felt a squirming in his marrow..The can struck Junior hard in the face, breaking his nose, before he could duck..IN GOOD DARK SUITS, clean-shaven, as polished as their shoes, carrying valises, the three arrived in Junior's hospital room even before the usual start of the working day, wise men without camels, not bearing gifts, but willing to pay a price for grief and loss. Two lawyers and a high-level political appointee, they represented the state, the county, and the insurance company in the matter of the improperly maintained railing on the observation platform at the fire tower..This show was hopeless, disastrous, stupid, foolish, painful, lovely, wonderful, glorious, sweet.. "For the love of God," Junior pleaded, "can't you please give me something for the pain?"..From Christmas through February, he dated a beautiful stock analyst and broker-Tammy Bean-who specialized in finding value in companies that had rewarding relationships with brutal dictators..When Agnes groaned, one of the shadows spread its wings, moved closer, to the right side of the bed, and resolved into a nurse. Agnes's vision had cleared. The nurse was a pretty young woman with black hair and indigo eyes..In his head, without apparent effort, Barty kept a running total of the number of seconds that he had been alive, and of the number of words in every book that he read. Agnes never checked his word totals for an entire volume; however, when she cited any page in a book that he'd just finished, he knew the number of words it contained..Naomi's beautiful countenance rose in his mind, and she looked beautiful for a moment, but then he thought he saw a certain slyness in her angelic smile, a disturbing glint of calculation in her once loving eyes..For her, the suspense that grew throughout dinner didn't have much to do with whether or not Wally would pop the question, because if he didn't broach the subject this time, she intended to take the initiative. Instead, Celestina was more tense about whether or not Wally expected that a heartfelt expression of commitment should be sufficient to induce her to sleep with him.. "Last I noticed, his car was out. Let me check." Sparky put down his phone and went to look in the garage. When he returned, he said, "Nope. Still out. When he parties, he usually parties late.."The custom-fitted gold-link band of the wristwatch closed with a clasp that, when released, allowed the watch to slip over the hand with ease. Junior knew at once that the clasp had come undone when his arm tangled in the belt of Neddy's raincoat. The corpse had torn loose and tumbled into the Dumpster, taking Junior's watch with it..With his bent thumb against the crook of his forefinger, he flipped the quarter. Even as the coin snapped off the thumbnail and began to stir the air, Tom flung up both hands, fingers spread to show them empty and to distract. Yet on a second look, the coin was not airborne as it had seemed to be, no longer spinning-wink, wink-before their dazzled eyes. It had vanished as though into the payment slot of an ethereal vending machine that dispensed mystery in return..than the left: slack yet with a pulled look. The left eyelid drooped. That side of her."One of the four legs of the tower is dangerously fractured where it's seated into the underlying foundation caisson-".He no longer had any reason to follow an exercise regimen. For twenty-three years, he'd needed to maintain good health in order to meet his responsibilities, but all the responsibilities that mattered to him had been lifted from his shoulders..Eventually Junior crossed the room to stand before Industrial Woman in all her scrap-metal glory. Her soup-pot breasts reminded him of Frieda's equally abundant bosom, and unfortunately her mouth, open wide in a silent shriek, reminded him of Frieda retching..As Joey opened the driver's door and got in behind the steering wheel, he said, "Okay?".He suspected the blame lay with his exceptional sensitivity to violence, death, and loss. Previously it manifested as an explosive emptying of the stomach, this time as a purging of lower realms..Somewhere in the world he had a deadly enemy: Bartholomew, who had something to do with babies, a total stranger yet an implacable foe..The quarter, silvery. Under the patriot's neck, the date: 1965. Coincidentally, the year that Naomi had been killed. The year that Tom had first met Cain. The year that all this had begun..Shortly before ten o'clock, Junior returned to the cemetery and left his Suburban where the Negro mourners had parked earlier in the day. His was the only vehicle on the service road..Up flew his hands, as white as doves, flapping as though trying to escape from the sleeves of his raincoat, as if he were a magician rather than a musician..dent? You do believe that? Because I don't see ... I don't know how could work with someone who thought I was capable of . . . ".With a shiver, Kathleen said, "We'd like to know more about why we did the things we did for you. Why the quarters? Why the song?".Junior was tempted to experiment with the controls. Maybe other messages were recorded on the machine. Listening to them would be delicious-even if every one of them turned out to be as meaningless to him as Max's--a little like browsing through a stranger's diary..Google didn't realize that he was an object of disgust. He wiggled his eyebrows in what he evidently assumed to be an expression of male camaraderie, and he nudged Junior with one elbow..And when she finally looked directly at him, blinked at him, her lashes flicking off a spray of fine droplets, Agnes saw that Barty was dry. Not a single jewel of rain glimmered in his thick dark hair or on the baby-smooth planes of his face. His shirt and sweater were as dry as if they had just been taken off a hanger and from a dresser drawer. A few drops darkened the legs of the boy's khaki pants--but Agnes realized this was water that had dripped from her arm as she'd reached across him to adjust the vent.. "You should be with your children," Agnes worried. Maria looked up. "My babies are sitted with my sister.".Yet through the summer of 1966, following this call, he acted like a man who was haunted. A sudden draft, even if warm, chilled him and caused him to turn in circles, seeking the source. In the middle of the night, the most innocent of sounds could scramble him from bed and send him on a search of the apartment, flinching from harmless shadows and twitching at looming invisibilities that he imagined he saw at the edges of his vision..cocktail lounge to be her personal pickup spot. Naturally, people who worked the lounge knew her, were friendly with her. They would remember any man who accompanied the heiress to her penthouse..One apartment to the right, one to the left. Junior went to the right, to

Apartment 1, where he'd seen the lights come on behind the curtained windows..On this occasion, however, he couldn't have focused on a book even if he'd had the strength to hold it. The fierce paroxysms that clenched his guts also destroyed his ability to concentrate.."They've gone to bed. They're tired," Wally told her as he put the car in gear and released the hand brake. "Aren't you?" No one seemed to realize that predicting the future might not be a suitable entertainment in this house, at this time, considering that Agnes had so recently and horribly been blindsided by fate..Unobtrusively, Junior followed the musician across the large front room, but by an indirect arc, using the babbling bourgeoisie for cover..Junior flung back the covers and came to his feet, but his knees proved weak, and he sat at once on the edge of the bed..Because the glass wings of the open window didn't lie flat against the exterior wall, they blocked his view. He had to thrust himself farther through the opening, until he seasawed on the sill, before he could see the length of the entire block, in which the gallery stood at approximately the middle..At the next comer, instead of continuing south, Junior angled aggressively in front of oncoming pedestrians, stepped off the curb, and headed east, traversing the intersection against the advice of a Don't Walk sign. Horns blared, a city bus nearly flattened him, but he made there in more genteel and gilded ages, and her flights of imagination sometimes acquired such vivid detail that they were eerily like memories..Jacob's mentor had been a man named Obadiah Sepharad. They had met when Jacob was eighteen, during a period when he'd been committed to a psychiatric ward for a short time, his eccentricity having been briefly mistaken for something worse..As if he'd been presented with many previous photos under these circumstances, Jonas Salk accepted the picture. "Your daughter?" Easter still lay a few weeks away, but already Celestina had begun decorating more than a hundred baskets, so that nothing would need to be done at the last minute except add the candy. Her living room was a warren of baskets, ribbons, bows, beads, bangles, shredded cellophane in green and purple and yellow and pink, and decorative little plush-toy bunnies and baby chicks..Tom Vanadium merely arched one eyebrow, as if to say that more than a single answer ought to be obvious.."Search me. But I didn't tell him different. The less he knows, the better. I can't figure his motivation, but if you were tracking this guy by his spoor, you'd want to look for the imprint of cloven hooves." Vanadium was no ordinary cop, as he himself had said. In his obsession, convinced that Junior had murdered Naomi and impatient with the need to find evidence to prove it, what was to stop the detective if he decided to deal out justice himself? What was to prevent him from walking up to the Suburban right now and shooting his suspect pointblank?.He'd wanted to give Celestina more help than she would accept. She continued working nights as a waitress for two years, while she completed classes at the Academy of Art College, and she quit her job only when she began to sell her paintings for enough to equal her wages and gratuities..Phimie's speech had been slurred later, as well, immediately following the birth of the baby, when she had struggled to convey her desire to name her daughter Angel..All windows opening onto the fire escape featured a laminated sandwich of glass and steel-wire mesh to prevent easy access by burglars. Tom Vanadium knew all the tricks of the best B-and-E artists, but he didn't need to break in order to enter here..When Renee, sweetly oblivious of her looming doom, claimed to have inherited a sizable industrial-valve fortune, Junior thought she might be inventing the wealth or at least exaggerating to make herself more desirable. But when he accompanied her back to her place, he discovered a level of luxury that proved she wasn't a shop girl with fantasies..Earlier, he had placed an open fifth of vodka on the table, in front of Victoria. The nurse, no longer in the chair, sprawled on the floor as if she had emptied another bottle before this one..Sapphires and emeralds, dazzling gems set in clearest white, ebony pupils at the center. Beautiful mysteries, these eyes, but no different now than they had ever been, as far as she could tell..That evening, he was filled with a greater sense of adventure than he'd felt since arriving in the city from Oregon. Consequently, he treated himself to three glasses of a superb Bordeaux and a filet mignon in the same elegant hotel lounge where he had dined on his first night in San Francisco, almost three years earlier..Although not quite as young as Bavor Poriferan, this artist was equally adored by critics and widely regarded as a genius. He went by a single and mysterious name, Sklent, and in the publicity photo of him that was posted in the gallery, he looked dangerous..into darkness, Celestina sat down to dinner with her mother and her father in the dining room of the parsonage..The verdant hills to the east lay like slumbering giants under blankets of winter grass, bright in the morning sun. But when the shadows of clouds sailed off the sea and gathered inland, the slopes darkened to a blackish green, as somber as shrouds, and a landscape that had appeared to be sleeping forms now looked dead and cold..In the kitchen, a delicious aroma wafted from the oven. On the stove stood a large pot over a low flame, and nearby was pasta to be added to the water when it came to a boil..At nearly forty years of age, Edom still dreamed of that grim summer afternoon, although not as often as in the past. When it troubled his sleep these days, it was a nightmare that gradually metamorphosed into a dream of tenderness and hope. Until the last few years, he'd always awakened when the roses were being jammed into his mouth or when the thorns flicked through his eyelashes, or when Agnes began to strike their father with the Bible, thus seeming to assure worse punishment. This additional act, this transition from horror to hope before he woke, had been added when Agnes was pregnant with Barty. Edom didn't know why this should be so, and he didn't try to analyze it. He was simply grateful for the change, because he woke now in a state of peace, never with worse than a shudder, no longer with a hoarse cry of anguish..They would have given him an antinausea medication. It most likely wasn't going to work quickly enough to save him..On other nights, she had overheard this and been touched. On this Christmas Eve, however, it filled her with wonder and wondering, for she recalled their conversation earlier, at Joey's grave..So after waiting two months for the superhot Harrison White case to cool down, Junior returned instead to Spruce Hills, traveled bald and pocked and passing as Pinchbeck, under the cover of night..In the car again, a block from home, Barty said, "Maybe you could just not tell Uncle Edom and Uncle Jacob until Sunday night. They won't handle it real well. You know?".When together in Agnes's company, Edom and Jacob were brothers, comfortable with each other. But

together, just the two, no Agnes, they were more awkward than strangers, because strangers had no shared history to overcome..evening. She brought her daughters, seven-year-old Bonita and six year-old Francesca, who came with their newest Barbie dolls-Color Magic Barbie, the Barbie Beautiful Blues Gift Set, Barbie's friends.I believe the universe is sort of like an unimaginably vast musical with an infinite number of strings." .On Christmas Eve, 1996, the family gathered in the middle of the three houses for dinner. The living-room furniture had been moved aside to the walls, and three tables had been set end to end, the length of the room, to accommodate everyone..To Edom, humanity was obviously not the greater of these two destructive forces. Men and women were part of nature, not above it, and their evil was, therefore, just one more example of nature's malignant intent. They had stopped debating this issue years ago, however, neither man conceding any credibility to the other's dogma..The reverend couldn't easily escape church obligations on such short notice, but Grace wanted to be with her daughters. Phimie, however, pleaded that only Celestina accompany her..Celestina looked out a kitchen window and saw Agnes in the Lampion driveway, where the three-vehicle caravan was assembled. She was loading her station wagon..The sensual memories of his torrid evening with Seraphim had left Junior aroused. Unfortunately, the only female nearby was Industrial Woman, and he wasn't that desperate..From a distance and through a scattering of trees, Junior wasn't able to discern much about the other funeral, but he was pretty sure many if not most of that crowd were Negroes. He surmised, therefore, that the person being buried was a Negro, too..Celestina jammed the shaft of the crank into the casing socket. Wouldn't fit. Her hands were shaking. Steel fins on the shaft of the crank had to be lined up just-so with slots in the socket. She fumbled, fumbled..She protested that her ruined body had neither any comforts to offer a man nor the strength to be a bride.."I really am sorry about this," Junior said, regretting the necessity to deny her the right to look good at her own funeral, "but it's got to appear to be a crime of passion."..Quick introductions were made in the process of moving from the porch to the foyer, and Agnes said, "Come on back to the kitchen, I'm baking pies."..Nevertheless, with Gein in mind, how easy it was to imagine that a monstrous evil lurked nearby. Watching. Scheming. Driven by an unspeakable hunger. In a century torn by two world wars, marked by the boot heels of men like Hider and Stalin, the monsters were no longer supernatural, but human, and their humanity made them scarier than vampires and hell born fiends..He had difficulty picturing the detective puttering in the garden on weekends. Unless there were bodies buried under the roses..Hound meant well in sending the young man to Samory, but he did not understand the quality of Otter's will. Nor did Otter himself. He was too used to obeying others to see that in fact he had always followed his own bent, and too young to believe that anything he did could kill him..Holding the pistol, fully extending his right arm in execution style, the gunman approached the fallen minister..Frequently, people told Agnes that she should find an agent for Barty, as he was wonderfully photogenic; modeling and acting careers, they assured her, were his for the asking. Though her son was indeed a fine-looking lad, Agnes knew he wasn't as exceptionally handsome as many perceived him to be. Rather than his looks, what made Barty so appealing, what made him seem extraordinarily good-looking, were other qualities: an unusual gracefulness for a child, such a physical easiness in every movement and posture that it seemed as though some curious personal relationship with time had allowed him twenty years to become a three-year-old; an unfailingly affable temperament and quick smile that possessed his entire face, including his mesmerizing green blue eyes. Perhaps most affecting of all, his remarkable good health was expressed in the lustrous sheen of his thick hair, in the golden-pink glow of his summer-touched skin, in every physical aspect of him, until there were times when he seemed radiant..For eight months following that night, until late September of 1965, Vanadium had been in a coma, and his doctors had not expected him to regain consciousness. A passing motorist had found him lying along the highway near the lake, soaked and muddy. When, after his long sleep, he awakened in the hospital, withered and weak, he'd had no memory of anything after walking into Victoria's kitchen-except a vague, dreamlike recollection of swimming up from a sinking car..Back in January, when he received the disappointing report from Nolly Wulfstan, Junior was not convinced that the private detective had exercised due diligence in his investigation. He suspected that Wulfstan's ugliness was matched by his laziness..By the time this operation concluded and the sulphurous Mr. Cain was brought to some form of justice, Simon might have spent twenty or twenty-five percent of the fee that he'd collected from the liability settlement in the matter of Naomi Cain's death. The attorney put a substantial price on his dignity and reputation..The spectral singer didn't exhibit her blood-and-bone sisters' reluctance to pursue her man..Junior had expected these singular creatures, and he needed them to be as monstrous as they had always been in the past. Nonetheless, he shrank back against his pillows in dismay when they exploded into the hospital room. Their faces were as fierce as those of painted cannibals coming off a fast. They gestured emphatically, spitting expletives along with tiny bits of lunch dislodged from their teeth by the force of their condemnations..As his drying tears became stiff on his cheeks, Junior decided that he would most likely have to kill Vanadium to be rid of him and fully safe. No problem. And in spite of his exquisite sensitivity, he was convinced that wasting the detective would not trigger in him another bout of vomiting. If anything, he might pee his pants in sheer delight..At the bed, he spread the garment across his pillow. Lying down, he pressed his face into the sweater. The sweet subtle scent of Naomi was as effective as a lullaby, and soon he dozed off..In fifty years, until Angel, Tom had found no other like himself and now a second in little more than a week. "I can't do what you did."..For Gammoner, exactly as for Pinchbeck, Google had provided: a driver's license that was actually registered with the California Department of Motor Vehicles, and that would, therefore, stand up to any cop's inspection; a legitimate social-security card; a birth certificate actually on file with the cited courthouse; and an authentic, valid passport..He would have liked to take Industrial Woman, as well, but she weighed a quarter ton. He couldn't manage her alone, and he dared not hire a day worker, not even an illegal alien, to assist him, and thereby compromise the Pinchbeck van and identity..If Vanadium appeared among these men, Junior would

not only puke out the contents of his stomach, but also would disgorge his internal organs, every last one of them, and spew up his bones, too, until he emptied out everything within his skin..From the bathroom, Junior gathered an electric razor and toiletries. He added these to the suitcases..Looking up at the mirror above the sink, he saw reflected not the self-improved and fully realized man that he'd worked so hard to become, but the pale, round-eyed little boy who had hidden from his mother when she had been in the deepest and darkest end of one of her cocaine-assisted, amphetamine-spiced mood swings, before she traded cold reality for the warm coziness of the asylum. As if some whirlpool of time was spinning him backward into the hateful past, Junior felt his hard-won defenses being stripped away..With the infant in her arms, the heavysset nurse pressed in beside Celestina, who..She stepped to the bed, bracketing Junior between her and Big Rude. The stream of obscene invective issuing from Sheena made Junior feel as if he had gotten in the way of a septic-tank cleanout hose..Junior had hoped not to be recognized by anyone at this affair. He regretted that he hadn't stuck to his original plan, maintaining surveillance of the gallery from his parked car..If the directory proved to be of no help, Junior would proceed next to the registry office at the county courthouse, to review the records of births going back to the turn of the century if necessary. Bartholomew, of course, might not have been born in the county, might have moved here as a child or an adult. If he owned property, he'd show up on the register of deeds. Whether a landowner or not, if he did his civic duty every two years, he would appear on the voter rolls..Celestina was unable to talk reason to him, and even her mother, Grace, who was living here for the interim and who was always oil on the stormiest of waters, couldn't bring a moment's calm to the velvet squall that was Neddy Gnathic in full blow. He had learned about the baby five days ago, and he had been building force ever since, like a tropical depression aspiring to hurricane status..Hard experience had taught him, however, that killing someone he knew, while occasionally necessary, didn't release stress. Or if it did briefly release stress, then unforeseen consequences always contributed to even worse future stress..He hadn't learned much from the call other than that they hadn't found Vanadium in his Studebaker at the bottom of Quarry Lake..No turning back. In the fuming blackness, they would become disoriented in seconds, fall, and suffocate as surely as they would burn. Besides, the open window, providing draft, would draw the fire rapidly down the hallway at their backs..Yes, she did, she had one, but not much of one, and compared to the McIntosh in Google's throat, this was just a bitty crab apple, easy to overlook, not excessive for a woman..He was a virile young man, desired by many, and life was short. Poor Naomi, her lovely face and her look of shock still fresh in his memory, was a constant reminder of how suddenly the end could come. No one was guaranteed tomorrow. Seize the day..Deciding that he didn't need an exit line, Junior headed toward the service road and his Suburban.. "As I explained, he might have thought I was you," Edom said, staring at the neatly ordered volumes on the nearby bookshelves..Earlier, the dirty-sheet clouds had been wrung dry. Now, the trees that overhung the house had finally stopped dripping on the cedar shingled roof The night was so still that Agnes could hear the sea softly breaking upon the shore more than half a mile away.. "Not so unbelievable," said Jacob. "Forty-five thousand people every year die in automobiles. Cars aren't transportation. They're death machines. Tens of thousands are disfigured, maimed for life..".Maybe he went a little crazy then. He wouldn't deny a brief, transient madness..Embarrassed, Kathleen stopped singing, but to the other woman, Nolly said, "It is a lovely voice, isn't it? Haunting, I think..".the stems, thorns sharp against his tongue. And then Agnes. Agnes in the yard, screaming..Fragments of the broken wineglass crunched under his shoes as he crossed the small kitchen to the dinette. He opened the bottle of vodka and put it on the table in front of the dead woman..With the dead woman's guest on the way, minutes were precious. Attention to detail was essential, however, regardless of how much time was required to properly stage the little tableau that might disguise murder as a domestic accident.. "Loved her? Of course I loved her. Naomi was beautiful and so kind ... and funny. She was the best ... the best thing that ever happened to me..".Settling onto the empty stool beside this beauty, Junior offered to buy her a drink, and she accepted..Now that Tom knew what to look for, the gloom couldn't conceal the incredible truth..Her voice was soft, almost a whisper, and charged with anxiety; but under other circumstances, it would have been sexy.. "Sure. There's lots of places where he didn't get shot, but there's places where he got shot and died, too.."
