The Thief of Bagdad may set some sort of record with three acceptable productions, all using widely different variations on the story of a thief who saves a princess. The silent 1924 Thief, with Douglas Fairbanks, looks pretty primitive in places but also has some special effects that can still awe. Alexander Korda's 1940 Thief doubles that in spades (the giant flying genie is just one of many), plus it has monumentally lavish sets. Even the Steve Reeves version seems to have been made with more care and wit than the rest of Mr. Reeves' spaghetti spectaculars, containing some good film magic of its own and a resounding score with one of those epic romantic themes (based, it must be said, on a theme from the Rozsa music for Korda).. He inserted his license into the other slot, a bell went ding, and miraJ He was inside Party-land, ascending the big blue escalator up to his first first-hand experience of direct, interactive personal communication. So I began to search. The first person I met was the thin grey man, and with him was his large black trunk in which, he said, was his nearest and dearest friend. He said if I would work for him and carry his trunk, he would pay me a great deal of money with which I could buy a ship and continue my search. He told me that he himself would very much like to see a woman worthy of a prince. 'Especially,' he said, 'such a colorful prince as you.' I carried his trunk for many months, and at last he paid me a great deal of money with which I bought a ship. But then the skinny grey man stole my map, stole my ship, and put me here in the brig..
