Her hand was white on the handle.In the morning Brother Hart rose, but his movements were slow. "I wish I could stay," he said to his sister. "I wish this enchantment were at an end."Colman frowned to himself as his mind raced over the data's significance. No sane attacking force would contemplate taking an objective like that by a direct frontal assault in the center--the lowermost stretch of the trail was too well covered by overlooking slopes, and there would be no way back if the attack bogged down. That was what the enemy commander would have thought anyone would have thought. So what would be the point of tying up lots of men to defend a point that would never be attacked?
