Thus, this particular. "I would certainly vote for you." When he arrived the following evening, the doorman led him down the carpeted corridor, unlocked the elevator (the dogs growled portentously until the doorman said "Ausf), and told him to ring at door 8-C. Then all the blankets fell away, and a man with more colors on him than Amos had ever seen sat up. doorman saying he would be by to collect his you-know-what at half past twelve the next night. McKillian asked, still unconvinced..I was appalled. This kind of thinking had been going on behind her Madonna's serenity? "You can't really believe that." When I first met her, I thought that Stella was the coldest person I'd ever encountered. And in Des Moines I saw her crying alone in a darkened phone booth? Jain had awakened her and told her to take a walk for a couple hours while she screwed some rube she'd picked up in the hotel bar. I tapped on the glass; Stella ignored me. "Congratulations." "I've come to help you," she said. "You have gotten two thirds of the broken mirror. Now you must get the last piece."..satisfaction of behaving outrageously." The grey man took the last piece of the mirror, went to the wall, and fitted it in place, saying, "The one thing I have always wanted more than anything else, for myself, for my nearest and dearest friend, is a woman worthy of a prince." Did she expect him to recognize her? She was beautiful enough, certainly, to have been someone he. She made it in time to see her shipmates of the last six months gasping soundlessly and spouting. 208. would never run out. Shaw, Pauline Kael, Eric Bent-ley, and James Blish have all done it. That I'm doing it too, doesn't prove I'm in the same league, but it does indicate the persistence of the issues involved and that they occur outside, as well as inside, science fiction. The DetweUer Boy. It took about ten minutes. The thing raised its mouth and crawled over beside the boy's face. It sat on the arm of the couch like a little gnome and smiled. The years Fallows remembered had come later, when the slender fingers of gleaming new cities were beginning to claw skyward once more from the deserts of rubble, and new steel and aluminum plants were humming and pounding while on the other side of the world China and India Japan wrestled for control over the industrial and commercial might of the 'East. Those had been stirring years, vibrant years, inspiring years. Fallows remembered the floodlit parades .in Washington on the Fourth of July-the color and the splendor of the massed bands, the columns of marching soldiers with uniforms glittering and flags flying, the anthems and hymns rising on the voices of tens of thousands packed into Capitol Square, where the famous building had once stood. He remembered strutting into a high-school ball in his just acquired uniform of the American New Order Youth Corps and pretending haughtily not to notice the admiring looks following him wherever he went. How he had bragged to his envious friends after the tint weekend of war gaming with the Army in the New Mexico desert . . . the exhilaration when America reestablished a permanently manned base on the Moon. 205. furtively don his pressure suit..just pulling the rug out from under our own feet..Nolan hadn't anticipated the intensity of his own reaction. Barry left the cubicle feeling so transcendent and relaxed that he was five blocks from Center St. before he remembered that he'd neglected to have his license revalidated at Window 28. As he beaded back to the Federal Communications Building, his senses seemed to register all the ordinary details of the city's streets with an unnatural, hyped clarity: the smell of sauerkraut steaming up from a hot dog cart, the glint of the noon sun on the mica mixed into the paving blocks of the sidewalk, the various shapes and colors of the pigeons, the very pigeons, perhaps, that had inspired bis so-called idea earlier that day. Atropos gazes down at the woman..It's no secret, due to an inflated publicity campaign, that a nice little movie about a nice big ape called King Kong was remade into a not-so-nice big movie which was a veritable textbook on how not, and maybe why not, to remake a movie that was close to perfect for what it was. Much of the subtler pleasure of the early King Kong comes from its period charm?the naivet?, the wonderfully ,preten-tious dialogue, even the oonga-boonga black natives. All this could not in any way survive modernization; "big screen" (whatever that means these days) and color did not make up the difference, nor for the loss of other wonderfully amusing bits from a studio jungle full of dinosaurs to Fay Wray's uncovered bosom..I lived on the Heliomere myself, just a kilometer away from Amanda's cabin. She had not left the promised sticker, and Lida seriously doubted whether she had any left, having heard, through the grapevine, that she'd sold all three of them to an introduction service on the day they came in the mail. With his last gasp of self-confidence Barry asked Lida Mullens whether she would consider giving him an endorsement. He promised to pay her back in kind the moment he was issued his own license. Issues are, in any case, more important than personalities, although there is a (small) section of fandom which sees in aesthetic or political disagreement nothing but personal squabbling motivated by envy. It's not for me to judge how good my criticism is; if enough readers think it's bad, and the editor thinks so too, presumably hell stop printing it although writing book reviews (except for places like the New York Times) is underpaid, overworked, and a labor of love. The problem is usually to recruit reviewers, not discourage them..split up the sides to the waistband. He was barefooted and had a smudge of green paint on his nose. He
