"It can do it by itself," Diamond said, and held out the fife away from his lips. His fingers danced on the stops, and the fife played a short jig. It hit several false notes and squealed on the last high note. "I haven't got it right yet," Diamond said, vexed and embarrassed.. "Twice." He stopped before an oak door. Instead of knocking he sketched a little sign or rune on it with the top of his staff, a light staff of some greyish wood. The door opened as a resonant voice behind it said, "Come in!". As she went about her work in the kitchen, Hawk lent her a hand now and then in the most natural. women, refusing to teach them or learn from them. Witches, who almost universally went on working. She was in his charge, in his care, he had known that when he saw her. Though she came to destroy Roke, as she had said, he must serve her. He did so willingly. She had walked with him in the forest, tall, awkward, fearless; she had put aside the thorny arms of brambles with her big, careful hand. Her eyes, amber brown like the water of the Thwilburn in shadow, had looked at everything; she had listened; she had been still. He wanted to protect her and knew he could not. He had given her a little warmth when she was cold. He had nothing else to give her. Where she must go she would go. She did not understand danger. She had no wisdom but her innocence, no amour but her anger. Who are you, Irian? he said to her, watching her crouched there like an animal locked in its muteness.. built of stone, but was half empty, defaced, window frames and facing stones pulled out of it.. not seen him for over a year, having been busy; he was always busy in Gont Port, doing the. A quarrel between brothers over their inheritance divided them. One heir mismanaged his estate through greed, the other through foolishness. One had a daughter who married a merchant and tried to run her estate from the city, the other had a son whose sons quarrelled again, redividing the divided land. By the time the girl called Dragonfly was born, the domain of Iria, though still one of the loveliest regions of hill and field and meadow in all Earthsea, was a battleground of feuds and litigations. Farmlands went to weeds, farmsteads went unroofed, milking sheds stood unused, and shepherds followed their flocks over the mountain to better pastures. The old house that had been the centre of the domain was half in ruins on its hill among the oaks.. A young man in a grey cloak hurrying down the passageway stopped short as he approached them. He stared at Irian; then with a brief nod he went on. She looked back at him. He was looking back at her.. "I'd tell you mine," she said. "If that... if that's how we should begin.." summon him. The Rule of Roke forbids women to be taught any high art, any word of the Language of the Making. It's always been so. They will not listen. So they must be shown! And we'll show them, you and I. We'll teach them. You must have courage, Dragonfly. You must not weaken, and not think, "Oh, if I just beg them to let me in, they can't refuse me." They can, and will. And if you reveal yourself, they will punish you. And me." He put a ponderous emphasis on the last word, and inwardly murmured, "Avert.." "You have been a witch, Irian?" to a passage. He had not lived where women were since he was ten years old. He had been afraid of them, the women that shouted at him to get out of the way in that great other kitchen long ago. But since he had been traveling about in Earthsea he had met women and found them easy to be with, like the animals; they went about their business not paying much attention to him unless he frightened them. He tried not to do that. He had no wish or reason to frighten them. They were not men..him. Later when he tried to repeat the word, he stood dumb.."No," Otter said, and hesitated. They praised his modesty and did not listen to.They had no patience with him either, always at him to hurry up and get done with the job; nor with themselves, their life. When they talked to each other it was always about what they were going to do in town, in Oraby, when they got paid off. He heard a good deal about the whores in Oraby, Daisy and Goldie and the one they called the Burning Bush. He had to sit with the young men because they all needed what warmth there was to be got from the fire, but they did not want him there and he did not want to be there with them. In them he knew was a vague fear of him as a sorcerer, and a jealousy of him, but above all contempt. He was old, other, not one of them. Fear and jealousy he knew and shrank from, and contempt he remembered. He was glad he was not one of them, that they did not want to talk to him. He was afraid of doing wrong to them.."My son, there is no reason," she said, suddenly passionate, "there is no reason why you should give up everything you love!".After a while, deliberately, he re-entered the trap of spell-bonds, went back to his old place, sat down on the pallet, and went on thinking. The prisoning spell was still there, yet it had no power over him now. He could walk into it and out of it as if it were mere lines painted on the floor. As he muttered on to himself, routing out his heavy cloak, setting water to boil on the small fire he had lighted earlier, he wondered if he had always talked to himself, if he had talked all the time when Silence lived with him. No, it had become a habit after Silence left, he thought, with the bit of his mind that went on thinking the ordinary thoughts of life, while the rest of it made preparations for terror and destruction..showed 'em again, I'd have taught them their lesson!". They sent him to Sans house, but San's wife screeched when she heard there was a stranger at the door, crying that if San let another witch-man in the door her baby would be born dead twice over.
