At once the mutt skids to a stop, and so does Curtis. They look at each other, at the door, at each other. "After twenty years on the same ship? That's not possible, surely." Her manner was casual..Leilani was a pretty package of charm, intelligence, and cocky attitude that masked an aching "I'm sorry, sir. He just went down to the lock." Hanlon shook his head. He got Veronica off the base."..Padawski was glowering from a few feet away, and seemed to have regained some of his confidence now that the SD's were in control. "You stay away from her, Goldilocks," he spat. "Stick with your nice, murdering friends. We won't forget you either." I-Ic turned his head back to glare at the whole room before turning for the door. "And that goes for all of you," he warned in a louder voice. "We won't forget. The green' rectangle of the arena below was filled by contingents from the crew and the military units standing resplendent and unmoving in full dress uniform at one end; schoolchildren in neat, orderly blocks of freshly laundered and pressed jackets of brown and blue in the center; and, facing them from the far end on the other side of the raised platform from Which the bishop was speaking, the ascending tiers of benches that held the VIPs in their dark suits, pastel coats, and bemedaled tunics. "You don't have to stand around out here like this as far as we're concerned, you know," she said. "You can come on inside if you want. How about a coffee, and maybe something to eat?" The faces turned instinctively toward Colman as he rejoined them.."Ah, but think of the honor of it," Hanlon told them. "And won't every one of them poor SD fellas back in the shuttle be eating his heart out with envy and just wishing he could be out there with the same opportunity to risk himself for flag and country?".."Too bad. Instead, a barely perceptible yet awful sadness manifested as a faint glister in her eyes. "Stop this now," Borftein advised grimly. "How much of the Army do you think will follow you?" "I didn't realize anyone got embarrassed about anything anymore. In this case, it just means 'as bad as a.' "They're priceless," Celia commented dryly from her chair. They had been, literally, but the irony was lost on Mrs. Crawford. Veronica caught Celia's eye with a warning look. bad idea. Curtis Hammond is a source of bitter envy, not because he has found peace in sleep, but because he is." Who said that originally? Thomas Jefferson? Abe Lincoln? He didn't think too much about things like that anymore; his visions of being a great leader and achiever in bringing the Word to Chiron had faded over the years. And instead . . . what? At. "I realize that now, sugar. I didn't first see you're . . . one of those rare folks with a pure soul." Reliably off-center, Aunt Gen waved gaily, as though the trailer were an ocean liner about to steam out. Adam threw up his hands again. "The kids won't let me! They say it wouldn't be the same any other way. What can you do?" Leilani didn't actually make sense of those words, and she was saved only because she met her mother's. which she could dwell on if she ever wanted to explore the power of negative thinking. resulting in splashed upholstery and wet fur. "I've just come down from the ship, Steve." She drew him close to the gatepost. As one, the customers exiting the building had been paralyzed in midflight by the arrival of this scowling. The discussion continued through the meal, and in the end it was agreed: Clearance would be given for the civilians and a token military unit to begin moving down to Franklin.
