For some reason students often end up with the most sophisticated, flawed, or least-accessible works of great writers: twelve-year-olds reading Romeo and Juliet, toe example, or Silas Marner.."Do you mind my giving you some honest advice, Barry?*"That stopped me for a minute, but I'm not sure why. "Yes, it is," said Amos. "What do they keep here that is so uninteresting everyone tells me to avoid it?".I found the Detweiler boy again on the 16th and the 19th. He'd moved into a rooming house near Silver Lake Park on the night of the 13th and moved out again on the 19th. The landlady hadn't refunded his money, but she gave him an alibi for the knifing of an old man in the park on the 16th and the suicide of a girl in the same rooming house on the 19th. He'd been in the pink of health when he moved in, sick on the 16th, healthy the 17th, and sick again the 19th..He grinned and blitzed me. "Yeah, I guess. Most of the things you read about it are pretty nearly true. It's really a different world back in there, with almost no contact with the outside."McKillian tapped her teeth thoughtfully with the tip of a finger..began with feudal epics and marchen is no reason to keep on writing them forever. I also found damp towels that weren't there last night. If she isn't honoring our agreement any longer, soon it won't be minutes she's taking, it will be hours, then days, until there's no time left I can count on for my own. Its rear door slid open to reveal the lean, swarthy figure of Captain Sirocco in helmet and battledress, still wearing his flak-vest. He jumped out nimbly while the transporter was still six feet above the ground, and ambled up to Colman. Behind his ample black moustache, the easy-going lines of his face betrayed as little as ever, but his eyes were twinkling. "Pretty good, Steve," he said without preamble as he turned with his hands on his hips to survey the indignant scowls from the captured "enemy" officers standing sullenly by the bunker. "I don't think we'll get any Brownie points for it though. We broke just about every rule in the book." Colman grunted. He hadn't expected much else. Sirocco raised his eyebrows and inclined his head in a way that could have meant anything. "Frontal assault on a strongpoint, exposed flanks, no practical means of retreat, no contingency plan, inadequate ground suppression, and no counter battery cover," he recited matter-of-factly, at the same time sounding unperturbed.."Enough to get by".Zorphwar. that long, with nothing to do but hang around the house and with Debbie wondering out loud all the time about what we're going to do when our savings run out. To tell the truth, I'm kind of worried myself. Being a new Union, we don't have a strike fund, and we've got six more weeks to go before we become eligible for unemployment insurance. Meanwhile, the bills keep coming in. Now do not get the idea that everyone here is simply sitting around playing Zorphwar. That is far from the case. While our schedules have slipped a bit in the last couple of months, morale is at an all-time high. With a crew of satisfied programmers, I feel there is nothing we cannot accomplish.
