*I'm big and I'm cold and I'm blustery. . . ".LADIES AND GENTLEMEN, our guest of honor tonight-Henry B. Congreve." The toastmaster completed his introduction and stepped aside to allow the stocky, white-haired figure in black tie and dinner jacket to move to the podium. Enthusiastic applause arose from the three hundred guests gathered in the Hilton complex on the western outskirts of Washington, D.C. The lights around the room dimmed, fading the audience into white shirtfronts, glittering throats and fingers, and mask-like faces. A pair of spotlights picked out the speaker as he waited for the applause to subside. In the shadows next to him, the toastmaster returned to his chair. "Since ... I was a kid." He grinned. "You think it was one of those brews the old witch-woman gave me caused it? Maybe I could sue for malpractice." .221. Where you can get it. Dramatization is another. I (like many reviewers) often stage a little play called The Adventures of Byline. Byline (or "I") is the same species of creature as the Kindly Editor or the Good Doctor, who appear from time to time in these pages. That is, she is a form of shorthand. When Byline rewrites story X, that doesn't mean that I, the real, historical personage, actually did or will or wish to rewrite story X, or that I expect its real, historical author to rewrite it to Byline's prescription, any more than my saying that "my" copy of Bug Jack Ban-on tried to punch "me" in the nose means that such an event really happened. Pauline Kael's Movie Loon is another such fiction; these little creatures we send scurrying about the page are not our real, live selves, and their exploits are dictated more by the exigencies of our form than by a desire for personal glory. Right, Do you get the picture?" "Not at all," laughed Jack. "They didn't even notice that the jailor was gone." For what they had done last night after we left them, was to take the jailor's key, free the prince, and tie up the jailor and put him in the cell under all the grey blankets.
