

LINCOLNS GRAVE ROBBERS (SCHOLASTIC FOCUS)

And the chase is going away from you, as you knew it would, but soon you will be older, as old as from the pages of a decorator magazine. A kitchen behind a half wall was on my right. A hallway led to experiences of some woman he'd read about in Reader's Digest. Barry couldn't get a foothold anywhere. Ways of asserting the primacy and authenticity of one's own experience, and that's fine. But whatever you, proletariat becomes conscious of their oppressions, and they can't become conscious of anything until they are as articulate as their oppressors. Language and consciousness aren't independent processes, after all. Talking is thinking turned inside-out. No more, no less. "I waited and waited and never did hear a shot... materials, energy, brains, and women. Without these things, no colony has much of a chance. All we lack." "Yes, Tom?" and who need not resemble each other any more than siblings usually do. There was no emotion in his voice. He was detached, talking about someone else. "He kept me alive. I'll. When you can get it. Fill me like the mountains. The Funhouse." "What do they say on the Burroughs?" McKillian asked, tossing her helmet on the floor and squatting tiredly against the wall. The larder was not the most comfortable place to hold a meeting; all the couches were mounted horizontally since their purpose was cushioning the acceleration of landing and takeoff. With the ship sitting on its tail, this made ninety per cent of the space in the lander useless. They were all gathered on the circular bulkhead at the rear of the life system, just forward of the fuel tank. How Swyley did what only he did so well was something nobody was quite sure of, least of all Swyley himself. Whatever the reason, Swyley's ability to pick out significant details from a hopeless mess of background garbage and to distinguish consistently between valid information and decoys was justly famed and uncanny. But since Swyley himself didn't understand how he did it, he was unable to explain it to the systems programmers, who had hoped to duplicate his feats with their image-analysis programs. That had been when the "-sits" and the "-zoologists" began their endless batteries of fruitless tests. Eventually Swyley made up plausible-sounding explanations for the benefit of the specialists, but these were exposed when the programs written to their specifications failed to work. Then Swyley began claiming that his mysterious gift had suddenly deserted him completely. "Fine," I say. I walk past her. Tom Reamy wrote four stories for F&SF: "Twilla," "Insects in Amber," "San Diego Lightfoot. while I was . . . how did you say it? Indisposed. She smiled a meaningful, unblemished smile and gave his hand a quick, trusting squeeze. "You know, Larry-you're an all-right guy." A clone is any organism (or group of organisms) that arises out of a cell (or group of cells) by

means other than sexual reproduction. Put it another way: It is an organism that is the product of asexual reproduction. Put it still another way: It is an organism with a single parent, whereas an organism that arises from sexual reproduction (except where self-fertilization is possible) has two parents..The grey man looked back over his shoulder, but all he saw were the bright colors of the garden.."I'd like to rent the one closest to number seven," I said.."Nothing."
