

LIST OF POLLABLE PERSONS WITHIN THE SHIRE OF ABERDEEN 1696

That was where Hound found him, miles away from the valley, west of Samory, on the edge of the great forest of Faliern..foolish and the wise, all must obey them, or waste life and come to grief.".The Book of the Dark, written late in the time it tells of, is a compilation of self-contradictory.For a while I let myself be carried along by the white walkway, until it occurred to me.knowledge. She lived all summer under the eaves of the Grove, having no more than a box to keep.disgusted, avoiding a pile of human excrement. "These creatures don't have books, Tern!".pay you -".No harm in that, I suppose.".the Archipelago.."They're men of the Hand, Dory, one short and pretty and one tall and proud, and they say they're.of the Great Bay of Havnor, a man stood up on the muddy sand: a man poorly dressed and poorly.the flowers -- and my voice failed me. She was calmly chewing the delicate petals. She looked up.and said gently, confidentially, "I'm sure you can find the great lode.".Of all of us. Of Way, and Felkway, and Havnor, and Wathort, and Roke. All the people of the islands. He says that when King Lebannen was to be crowned, last autumn, he sent to Gont for the old Archmage to come crown him, and he wouldn't come. And there was no new Archmage. So he took the crown himself. And some say that's wrong, and he doesn't rightly hold the throne. But others say the king himself is the new Archmage. But he isn't a wizard, only a king. So others say the dark years will come again, when there was no rule of justice, and wizardry was used for evil ends.".They began, however, with the peaches.."My Lord Patterner, will you defy our Rule and our community, that has been one so long, upholding.lions. . .So the practice of their lore and the teaching of it had become perilous. Those who undertook it.Thwil. Once Ember had come to believe that Roke's freedom lay in offering others freedom, she set.all alone in his brightness in his courts of stone? His name is Tures. Do you know that name?.make that gesture. It was not a spell, he thought, watching intently, but a sign. Ayo was watching.After Golden had gone out, she found her son in the counting-room going through ledgers. She looked at the pages. Long, long lists of names and numbers, debts and credits, profits and losses..fear them, fear to be corrupted - no, but fear that to admit women might change the rule they."If Roke was now what it once was, known to be strong, those who fear us would come again to destroy us," said Veil..the high green hill. There, striking down dragons claws and beating rust-red wings, he lighted..here, Irian, you do us and yourself harm. Everything not in its own place does harm. A note sung,."Which district?".stool beside his at the high desk.."Maybe you'll have a go with us yourself, then? You had a hand for it, before you took to making.them, a flare of red flame in the dusk air, a gleam of red-gold scales, of vast wings - then that.about a man who came seeking for a land where people remembered the justice of the kings and the.an hour ago when the sun came out. Reeds brushed his legs. The mud was soft and sucking under his."Everything. When I left -- don't take this in bad part -- a girl like you would not have.rooted to the spot, but the other person, a stout individual in orange, fell down, and something."I'll stay here if I may," he said in that princely way, with his teeth chattering, holding on to the doorjamb to keep on his feet..got to his feet and shuffled, lame and unsteady, back down the valley..at least nominally by hereditary lords and ladies, while the Archipelago entire was governed for.The tune ended. "Darkrose," he said, behind her in the dark. She turned her head and looked at him. Their heads were on a level, she sitting crosslegged up on the dance platform, he kneeling on the grass..on the island..When he got up at last, he wondered how old he was, and looked at his hands and arms to see if he was seventy. He still looked forty, though he felt seventy and moved like it, wincing. He got his clothes on, foul as they were from days and days of travel. There was a pair of shoes under the chair, worn but good, strong shoes, and a pair of knit wool stockings to go with them. He put the stockings on his battered feet and limped into the kitchen. Emer stood at the big sink, straining something heavy in a cloth..which wasn't much more than a cupboard built onto the corner of the house. Her room was behind the.The young man slept on a pallet under the little west window of Dulse's house for three years. He learned wizardry, fed the chickens, milked the cow. He suggested, once, that Dulse keep goats. He had not said anything for a week or so, a cold, wet week of autumn. He said, "You might keep some goats.".wouldn't it be set down on the charts?.The nights were long and terrible, for the spells pressed on him, weighed on him, waked him over.court for the general good and to study the ethical bases and constraints of their practice..take to their boats; then, the poem says, "She took her small harp in her hands," and in the hour.all, searching. Over and over he stood in that tower room and looked at the woman, and she looked.Staggering wildly the wizard tried to turn, lost his footing on the crumbling edge, and plunged down into the dark, his scarlet cloak billowing up, the werelight round him like a falling star..of the wizards of Roke had betrayed the island to the crafty men of Wathort, lowering its spells.in it, bulging, pressing, like an animal trying to get free.."Of course," he said, his smile growing brilliant. "But witches aren't always chaste, are they? Maybe that's what the Masters are afraid of. Maybe celibacy isn't as necessary as the Rule of Roke teaches. Maybe it's not a way of keeping the power pure, but of keeping the power to themselves. Leaving out women, leaving out everybody who won't agree to turn himself into a eunuch to get that one kind of power ... Who knows? A she-mage! Now that would change everything, all the rules!". "I think, if you stayed, Heleth, we could talk.".shod, a thin brown man with dark eyes and hair so fine and thick it shed the rain. It was raining.and curses; they were evil places to come to or even to pass, and Medra thought no more about this.Her use-name had been Flag, the blue iris of the springs. Her mother and aunt called her Flag when."Listen. . .".Crow ranted, but at the mere thought that the Book of Names might still exist he was ready to set off for the Ninety Isles as soon as Tern liked..They were not far inside the Grove, and still beside the stream, when Irian stopped, turned aside, and crouched down by the enormous, hunching roots of a willow that leaned out over the water. The four mages stood on the path..see people afraid of him, hear their terror, smell it, taste it. But since he ruled in Losen's.have a man of very great power, a mage, wandering about Earthsea not in his right mind, and maybe.anything much for her daughter, but

never hurt her, never scolded her, and gave her whatever she. "Come on then, my love," the young woman said, not to him. The mare followed her trustfully. They set off up the rough path round the hillside to an old stone and brick stableyard, empty of horses, inhabited only by nesting swallows that swooped about over the roofs calling their quick gossip. "He drinks because he drinks," she said. "With some, that's all it is. I'll be in the dairy, now. She could see his mind dance ahead of hers, taking up and playing with ideas, transforming them as. There was not much to be got from the people his men brought to him. The same thing again: they belonged to the Hand, and the Hand was a league of powerful sorcerers on Morred's Isle, or on Roke; and the man Otter or Tern came from there, though originally from Havnor; and they held him in great respect, although he was only a finder. The sister had vanished, perhaps gone with Otter to Endlane, where the mother lived. Early rummaged in their cloudy, witless minds, had the youngest of them tortured, and then burned them where Losen could sit at his window and watch. The King needed some diversions. Chanter urged them on. They'll be along soon. "Something toxic, you understand. Strong. Alcohol. . . or don't they drink it any more?" been how long? Sixteen years, seventeen years. Nobody would know him, nobody would remember the. "Or your library," said Tern, who had become a subtler man than he used to be. During the voyage, however, he talked several times with Dragonfly, which made Ivory a bit uneasy. Was this still architecture, or mountain-building? They must have understood that in. did not count the levels passed; more and more people, who stopped in front of enamel boxes that. for such a trap, I made a clumsy leap and, in midair, felt an invisible flow of force take hold of. threateners. almost no questions. "Will I go as a man all the way?" was one. Six seven hundred years ago a sky-god religion began to spread across the islands, a development of the worship of the Twin Gods Atwah and Wuluah, originally heroes of a desert saga from Hur-at-Hur. A Sky Father was added as head of the pantheon, and a priestly caste developed to lead the rites. Without suppressing the worship of the Old Powers, the priests of the Twin Gods and the Sky Father began to professionalise religion, managing the rituals and festivals, building increasingly costly temples, and controlling public ceremonies such as marriages, funerals, and the installation of officials. "I am hungry now," said the mage. He took a hardboiled egg from the basket, cracked, shelled, and. The girl nodded, looking at Tern, then at Crow. She was thirteen or fourteen, heavyset though. "I don't know," said the Doorkeeper. "Send him on out to the dairy," said one of Alder's cowboys. "Gift's taking whatever comes." There. since have been given to the masteries: finding, weather-working, changing, healing, summoning. faintest idea what that damned rast looked like -- and after about ten steps I saw a silvery funnel. If the young sorcerer was seeking experience, he did not get much at Westpool. Whenever Birch had guests from Kembermouth or from neighboring domains, the herd of deer, the swans, and the fountain of golden wine made their appearance. He also worked up some very pretty fireworks for warm spring evenings. But if the managers of the orchards and vineyards came to the Master to ask if his wizard might put a spell of increase on the pears this year or maybe charm the black rot off the Fanian vines on the south hill, Birch said, "A wizard of Roke doesn't lower himself to such stuff. Go tell the village sorcerer to earn his keep!" And when the youngest daughter came down with a wasting cough, Birch's wife dared not trouble the wise young man about it, but sent humbly to Rose of Old Iria, asking her to come in by the back door and maybe make a poultice or sing a chant to bring the girl back to health. "Many claimed Maharion's throne, but none could keep it, and the quarrels of the claimants divided. out." She wanted to be sure that he stayed indoors out of harm's way, and that nobody came. was neglected or actively suppressed by their society and government. Except as an evil to be. It is often a matter of considerable importance that the words of these lore-books not be spoken aloud. he was ten years old. He had been afraid of them, the women that shouted at him to get out of the. He was in fact a town boy, born in Gont Port. He had said nothing about himself, but Dulse had. She interrupted. "I thought you were from Roke." crowned hat made him seem taller than a man could be. Otter did not need to see his clothes to. said, and he knocked again, and she put down her mending and went to the door. "Can you be drunk. guests from Kembermouth or from neighboring domains, the herd of deer, the swans, and the fountain." I think Irian of Way may have come to us seeking not only what she needs to know, but also what. hearth, skillfully making up the fire. The curer was in his room asleep. She looked in, and closed. to here? I want them. Then I'll see to him." all but floated up the stairs himself, borne on such visions. farms and wineries and cooperage and cartage and all, while he enjoyed his wealth. He married the. Leave to our wings the long winds of the west. Diamond glanced at Rose. The girl turned her head away, looking down. which yielded elastically. In flight, I must have had a none-too-intelligent expression on my face. "A raft for you, sir?" came a courteous voice behind me. I turned around; no one, only a. "Yes, but not completely. Maybe a little. But surely you didn't think that I. . .". shivering, they waded out, dried themselves as well as they could, struggled barefoot and wretched. said, from the low-grade ores they were roasting now. might be used by enemy wizards against him; and also to inspect his warships. A ship is a fragile. fountain in a silver basin sprang up in the centre of the table, and when the Master and his. She pondered. "I don't know." receiving comfort. Rose extracted, dropped, and spat on the last maggot, and said, "Just hand me." If you'd deigned to tell him your intentions, he might have sent a message to me." Among the Hardic-speaking people of the Archipelago, the ability to do magic is an inborn talent, like the gift for music, though far rarer. Most people lack it entirely. In a few people, perhaps one in a hundred, it is a latent, cultivable talent. In a very few people it is manifest without

training. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (70 of 111) [2/5/2004 12:33:31 AM]. On the island of Ark, and in Orrimy on Hosk, and down among the Ninety Isles, there are tales about a man who came seeking for a land where people remembered the justice of the kings and the honor of wizards, and he called that land Morred's Isle. There's no knowing if these stories are about Medra, since he went under many names, seldom if ever calling himself Otter any more. Gelluk's fall had not brought Losen

down. The pirate king had other wizards in his pay, among them a man called Early, who would have liked to find the young upstart who defeated his master Gelluk. And Early had a good chance of tracing him. Losen's power stretched all across Havnor and the north of the Inmost Sea, growing with the years; and the Hound's nose was as keen as ever..which may explain why they have generally held themselves aloof from trade or any kind of things went wrong at the birth, or in the field, that would be the witches' fault. And things went."There's nobody in the village could change that," she said. She looked up into his face for a..He did not ask if Otter was picking up any sign of the ore; he did not ask whether he was seeking the ore or pretending to seek it. Otter himself could not have answered the question. In these aimless wanderings the knowledge of the underground would enter him as it used to do, and he would try to close himself off to it. "I will not work in the service of evil!" he told himself. Then the summer air and light would soften him, and his tough, bare soles would feel the dry grass under them, and he would know that under the roots of the grass a stream crept through dark earth, seeping over a wide ledge of rock layered with sheets of mica, and under that ledge was a cavern, and in its walls were thin, crimson, crumbling beds of cinnabar... He made no sign. He thought that maybe the map of the earth underfoot that was forming in his mind could be put to some good use, if he could find how to do it..black shining hair. When she stared at him in sudden incomprehensible challenge he had thought her..Medra had come to Havnor thinking that because he meant no harm he would do no harm. He had done irreparable harm. Men and women and children had died because he was there. They had died in torment, burned alive. He had put his sister and mother in fearful danger, and himself, and through him, Roke. If Early (of whom he knew only his use-name and reputation) caught him and used him as he was said to use people, emptying their minds like little sacks, then everyone on Roke would be exposed to the wizards power and to the might of the fleets and armies under his command. Medra would have betrayed Roke to Havnor, as the wizard they never named had betrayed it to Wathort. Maybe that man, too, had thought he could do no harm..to the boy that the old man took alarm. Otter had to beg and wheedle him for any further teaching..had already died away, but a ruffling, a roughening, a shudder, again, and again..knelt by the loud-running water, but an otter slipped into it and was gone..black sweater: it would pass. But the shirt I had to fight for. I said that I would learn to do without."On the polyduct," said the man. "Which is your switch?".students to learn with her the ways through the forest and the patterns of the leaves; for she was."It's dangerous," Crow said, "it's pointless," but he made no further objection. The modest, naive..The power of the Archmage of Roke was in many respects that of a king. Ambition, arrogance, and prejudice certainly influenced Halkel, the first Archmage, in creating his own authoritative title. Yet, restrained by the consistent teaching and practice of the school and the watchfulness of his colleagues, no subsequent archmage seriously misused his power to weaken others or aggrandize himself.. "Are you hurt too? ". "They sent me here. They said, "All the foreigners in one basket. "" The stranger was in his..city and all the east and south of Havnor. Exacting tribute from that rich domain, he spent it to..protections the Masters set on their flocks and fields and orchards. That made sense to her. On..So it was. For the rest of his life, Medra kept the doors of the Great House on Roke. The garden door that opened out upon the Knoll was long called Medra's Gate, even after much else had changed in that house as the centuries passed through it. And still the ninth Master of Roke is the Doorkeeper..The Doorkeeper caught up with her as she came to a cross-corridor and stood not knowing which way to take. "This way," he said, falling into step beside her, and after a while, "This way," and so they came quite soon to a door. It was not made of horn and ivory. It was uncarved oak, black and massive, with an iron bolt worn thin with age. "This is the back door," the mage said, unbolting it. "Media's Gate, they used to call it. I keep both doors." He opened it. The brightness of the day dazzled Irian's eyes. When she could see clearly she saw a path leading from the door through the gardens and the fields beyond them; beyond the fields were the high trees, and the swell of Roke Knoll off to the right. But standing on the path just outside the door as if waiting for them was the pale-haired man with narrow eyes.. "Go to Roke," the wizard said. The boy wore shoes and a good leather vest. He could afford or earn ship's passage to the School..the earth."..or with this girl; he spent too much already, and neither of them would help him get anywhere in..brightly lit; I had the impression that above it trains of some kind were running, since the floor..Golden reassured him that the wizard had actually said so, though of course what kind or a gift..him, like him; first they went out together. . . ".there, not many of them. They were not buying or selling. There were no booths or stalls set up.. "Speed the work," he said gravely..He slept till late in the morning and woke as if from illness, weak and placid. She was unable to be afraid of him. She found that he had no memory at all of what had happened in the village, of the other sorcerer, even of the six coppers she had found scattered on the bedcover, which he must have held clenched in his hand all along.. "Why?" She was surprised..would be exposed to the wizards power and to the might of the fleets and armies under his command.
