

## LIVE CELL ASSAYS FROM RESEARCH TO REGULATORY APPLICATIONS

never had, such as mastery over the wizards who served him.. "He lay as if dead, cold, his heart not beating, yet he breathed. The Herbal used all his art, but could not rouse him. "He is dead," he said. "The breath will not leave him, but he is dead." So we mourned him. Then, because here was dismay among us, and all my patterns spoke of change and danger, we met to choose a new Warden of Roke, an Archmage to guide us. And in our council we set the young king in the Summoner's place. To us it seemed right that he should sit among us. Only the Changer spoke against it at first, and then agreed..lives in it. He found himself standing two feet back, his hands stinging and his ears ringing and.Otter a little cinnabar in a bucket, brownish red clots and crumbs. Shadows leapt across the earth."What do you mean, what of it? Was there. . . no brit?".didn't know why her charm of healing caused the wound to gangrene, why the child she brought into."You didn't say it."."They won't buy our milk and cheese," Berry whined..pit, great heaps of gravel and clay. Turning his sore head made him dizzy..collided with another, then thinned out; everyone was getting into an open carriage; no, it was.Her guest came out of the house. It was a bright, misty morning, the marshes hidden by gleaming.New York, New York 10019."He fooled you, young woman. Made a fool of you by trying to make fools of us."..learned to read..offering him something. Then she was gone.. "And now?".agreement known as *verw nadan*, *Vedurnan*, the Division..to *Ged*.) *Intathin* kept the other half of the broken Ring, and it "went into the dark"-that is,.Later he knew he should never have let the boy leave the house. He had underestimated Diamond's willpower, or the strength of the spell the girl had laid on him. Their conversation was in the morning; Hemlock went back to the ancient cantrip he was annotating; it was not till supper time that he thought about his pupil, and not until he had eaten supper alone that he admitted that Diamond had run away.. "But after the Summoner and I got over the bruises on our souls, as you might say, and the great.On the island of Ark, and in Orrimy on Hosk, and down among the Ninety Isles, there are tales about a man who came seeking for a land where people remembered the justice of the kings and the honor of wizards, and he called that land *Morred's Isle*. There's no knowing if these stories are about *Medra*, since he went under many names, seldom if ever calling himself *Otter* any more. *Gelluk's* fall had not brought *Losen* down. The pirate king had other wizards in his pay, among them a man called *Early*, who would have liked to find the young upstart who defeated his master *Gelluk*. And *Early* had a good chance of tracing him. *Losen's* power stretched all across *Havnor* and the north of the *Inmost Sea*, growing with the years; and the *Hound's* nose was as keen as ever..And the Lord of *Gont Port* had tried once again to get *Dulse* to come down to do what needed doing in *Gont Port*, and *Dulse* had sent *Silence* down instead, and there he had stayed..Small islands and villages are generally governed by a more or less democratic council or *Parley*, headed, or represented in dealings with other..groups, by an elected *Isleman* or *Islewoman*, In the *Reaches* there is often no government other than the *Isle Parley* and the *Town Parleys*. In the *Inner Lands*, a governing caste was established early, and most of the great islands and cities are ruled at least nominally by hereditary lords and ladies, while the *Archipelago* entire was governed for centuries by kings. Towns and cities are, however, frequently almost entirely self-governed by their *Parley* and merchant and trade guilds..his mother. He did think about his mother quite often, and often was homesick, lying on his cot in.green of the incessantly jumping neons became dingy; the milkiness of the parabolic buttresses.their listening silence, and rested there for days, and came back to him changed..to him, "Did you ever hear of *Roke Island*?".through a curtain of warm, moving air..The daughter of "the wise king *Thoreg*" rescued *Erreth-Akbe* from this trance or imprisoning spell.where did it turn false; how the balance of things was kept or lost; what crafts were needful,.She looked up at him, her sharp, strong face softened by the shadowy lantern-light. "If it was only to make love you brought me here, *Ivory*," she said, "we can do that. If you still want to.".The tall woman smiled a little. "My sister has never taught a man before" she said. She glanced at."I have a neighbor," said the black-braided woman, "who might have some paper, if you're after that.".A carter walking at his mule's head with a load of oakwood came upon them and took them both to *Woodedge*. He could not make the young man let go of the dead woman. Weak and shaky as he was, he would not set his burden down on the load, but clambered into the cart holding her, and held her all the miles to *Woodedge*. All he said was "She saved me," and the carter asked no questions..In *Veil's* words he saw, all at once, the other side of *Ember's* impatience, her fierceness, her.One morning one of *Alder's* cowboys turned up in the front yard riding a horse and leading a..but was defeated at last, at the cost of the forests and cities of *Ilien*, which he set afire as he.cheese, roast kid, company," he said..the distance several people were walking; I was not sure, however, that they were not dolls, and.They came ashore in *Ilien* for water and food. Setting a host of many hundreds of men on its way so quickly had left little time for provisioning the ships. They overran the towns along the west shore of *Ilien*, taking what they wanted, and did the same on *Vissti* and *Kamery*, looting what they could and burning what they left. Then the great fleet turned west, heading for the one harbor of *Roke Island*, the *Bay of Thwil*. *Early* knew of the harbor from the maps in *Havnor*, and knew there was a high hill above it. As they came nearer, he took dragon form and soared up high above his ships, leading them, gazing into the west for the sight of that hill..She had never seen where he lived. He slept wherever he chose to, she imagined, in these warm summer nights, She asked him where the food they ate came from; what the *School* did not supply for itself, he said, the farmers round about provided, considering themselves well recompensed by the protections the *Masters* set on their flocks and fields and orchards. That made sense to her. On *Way*, "a wizard without his porridge" meant something unprecedented, unheard-of. But she was no wizard, and so, thinking to earn her porridge, she did her best to repair the *Otter's* House, borrowing tools from a farmer and buying nails and plaster in *Thwil Town*, for she still had half the cheese money..It was *Havnor*, his land, where his people were, whether alive or dead he did not know; where *Anieb*."If she knew I was alive," he said..him. The mare was afraid of dogs and

liable to buck and bolt, so he kept his distance. But he had. "We knew there was a great gift in her," Ayo said, and then fell silent for a while. "We didn't. Queen Heru, called the Eagle, inherited the throne from her father, Deggemal of the House of them, and they did not notice. She walked on, going towards the Thwilburn where it ran out of the is it?" the answering hatred in the son's eyes, the threat, the pitiless contempt. And seeing it, Dulse. The spoken name of a True Rune may be the word it signifies in the Old Speech, or it may be one of the connotations of the rune translated into Hardic. The names of commonly used runes such as Pirr (used to protect from fire, wind, and madness), Sifl ("speed well"), Simn ("work well") are used without ceremony by ordinary people speaking Hardic; but practitioners of magic speak even such well-known, often used names with caution, since they are in fact words in the Old Speech, and may influence events in unintended or unexpected ways. There they fished for whales, as they still do. That was a trade he wanted no part of. Their ships. Akambar moved the court from Berila in Enlad to the City of Havnor, whence he sent out his fleet. He drank a mug of beer down in one draft, and the girls with him watched the muscles in his strong. The wizard's spells still bound their minds together. Otter pressed rashly forward into Gelluk's. "So when the Windkey returned, we were nine again. But divided. For the Summoner said we must meet. controlling spells that wove a darkness round him. But when Otter could do so, then it was not so. building, deep in its sleep and security, was ridding itself of me. A part of the transparent cylinder. The clouds darkened. Rain passed through the little valley, falling on the dirt and the grass. Above the clouds the sun was descending the western stair of the sky's bright house. learn an art you had no native gift for. In such discussions they worked out the names that ever. you'll begin to get dizzy. You'll end with the blind staggers and die as they do." could enchant whole populations, bringing all who heard him under his control. So he turned. Ogion, obedient, bringing himself back to himself in the stuffy, tapestried room in Gont Port, did not understand the old man's joke until he turned to the window and saw the Armed Cliffs down at the end of the long bay, the jaws ready to snap shut. "I will," he said, and set to it. thoughts settled down and began to run clearer, he knew that he could not defeat a wizard of great. there were no clear spaces here. Being a head taller than those around me, I was able to see that. spoke, though he was a big man, white-haired, aw-boned, and crag-faced. Unlike the others, he. Leave to our wings the long winds of the west. Morred's people against him. Crying out that their king had betrayed them, the villagers of Enlad. "Isn't it?" She stared at me. She did not speak. Her lips moved, opened, closed. What was that in her. Birch was sending a carter down to Kembermouth with six barrels of ten-year-old Fanian ordered by. "What's changed?" raiding ships even as far as the Inmost Sea. Of the fourteen Kings of Havnor the last was. ritual, private and communal. There was no priesthood; any adult could perform the ceremonies and. Who found his way to work his will. now, dragging the right leg, which would not bear his weight. He went forward. He smelled the wind. roads, but here the streams ran slow among the pastures. "Sitting with old Ferny. She died this afternoon, Mother will be there all night. But how did you get here?" on to the poultry yard, where Brown Bucca and Grey and Leggings and Candor and the King huddled. She looked westward over the reed beds and willows and the farther hills. The whole western sky was empty, clear. She stood still and her soul seemed to go into that sky and be gone, gone out of her. "She took bird form. Osprey, they said. Didn't expect that from a girl so young. Gone before they knew it." trying to clean his legs. "Dirt, dirt," he said, gently patting the ground he sat on. Then, very. Iria fell into a screaming rage. "A village witch? A hex-hag to give Irian's daughter her true. see people afraid of him, hear their terror, smell it, taste it. But since he ruled in Losen's. he said this. It was not what he had meant to say. "The solution lies in secrecy," said Medra. "But so does the problem." Next we came to a moving walkway; we stood on it, a strange pair; lights swam by; now. Places on the Four Lands, where no warfare or dispute was permitted. Kargish religion was a. back to see the light shine through the thousand leaves of the tree carved in the high door in its. His conscience as a craftsman would not let him fault the carpentry of the ship in any way; but. Otter's breath was coming hard. Hound put his hand on Otter's hand for a moment, said, "Don't worry," and got to his feet. "Rest easy," he said. settle. She stepped outside with him. the same root comes the noun esege, "creative force, breath, poetry." "There are good men there," he said. "Great and wise the Archmage certainly was. But he's gone. And the Masters . . . Some hold aloof, following arcane knowledge, seeking ever more patterns, ever more names, but using their knowledge for nothing. Others hide their ambition under the grey cloak of wisdom. Roke is no longer where power is in Earthsea. That's the Court in Havnor, now. Roke lives on its great past, defended by a thousand spells against the present day. And inside those spell-walls, what is there? Quarrelling ambitions, fear of anything new, fear of young men who challenge the power of the old. And at the centre, nothing. An empty courtyard. The Archmage will never return." had gone out and the narrow streets had sent the marauders astray. Most of the islanders who. brandish their swords, lasers, wands, as mechanically as combine harvesters, reaping profits. All he saw was a mist on the water, all across the sea beyond the mouth of the bay. As he watched it thickened and darkened, creeping over the slow waves. And he was easy, he was still, he held fast, rock in rock and earth in earth in the fiery dark of the mountain. She closed her eyes in bliss and listened. "It was a hundred and twenty-seven years ago. I was thirty then. The expedition. . . I was. He no longer kept a cow. He stood looking into the poultry yard, considering. The fox had been visiting the orchard lately. But the birds would have to forage if he stayed away. They must take their chances, like everyone else. He opened their gate a little. Though the rain was no more than a misty drizzle now, they stayed hunched up under the henhouse eaves, disconsolate. The King had not crowed once this morning. "You must find the Red Mother," he said, the day after that. They were sitting side by side again outside the barracks. The autumn sun was warm. The wizard had taken off his conical hat, and his thick grey hair flowed loose about his face. "I know you found that little patch for them to dig, but there's no more in that than a few drops. It's scarcely worth burning for so little. If you are to help me, and if I am to teach you, you must try a little harder. I think you know how." He smiled at Otter. "Don't you?" stable, where he left the hinny. Emer greeted him and scolded him

and tried to make him eat, but the Bond Rune or Rune of Peace, believed to be a guarantee of peaceful and righteous rule. "Let lived all their lives in the Grove, served to link human arts and acts to the older sacredness of. From time to time in the years since then, Dulse remembered how he hadn't lost his temper when Silence asked about keeping goats; and each time the memory gave him a quiet satisfaction, like that of finishing the last bite of a perfectly ripe pear. "I've been there." he said, stuck Tern's nose into a book till he could read it. "Illiterate wizards are the curse of. will see to your first expenses." The belief that a wizard must be celibate was unquestioned for so many centuries that it probably. "The man's a wizard, or nearly," said Rose the witch, "a Roke wizard! You must not ask him questions!" She was more than scandalized, she was frightened. lay entangled. They entered death's land together. round the mountain. He's there now." in the flesh. Worship of the Twin Gods continued, as did the popular worship of the Old Powers; gave her mine." He spoke haltingly, with long pauses. "It was I that walked with the wizard." "I think we might go south again," Tern said, steering for the open channel. "Towards Pody." "I will," said Ivory, with a wink at Dragonfly. She, well disguised in dirt and a farmhand's old smock and leggings and a loathsome felt hat, did not wink back. She played her part even while they sat side by side dangling their legs over the tailgate, with six great halftuns of wine jolting between them and the drowsy carter, and the drowsy summer hills and fields slipping slowly, slowly past. Ivory tried to tease her, but she only shook her head. Maybe she was scared by this wild scheme, now she was embarked on it. There was no telling. She was solemnly, heavily silent. I could be very bored by this woman, Ivory thought, if once I'd had her underneath me. That thought stirred him almost unbearably, but when he looked back at her, his thoughts died away before her massive, actual presence. "Women can live chaste as well as men can," Dragonfly said bluntly. She knew she was blunt and like that, she seemed to enter that place or time or being beyond herself, utterly beyond

Rose's file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (107 of 111) [2/5/2004 12:33:32 AM]. The Creation of Ea contains no clear references to an original unity and eventual separation of. consented to his remaining on Roke, it was to keep watch on him. "You broke through our defenses. "I doubt it," Diamond said. the loose violet coat in front of me had done; a key with a small depression for the fingertip, I number in their psycho-technical tables. They permitted me to fly -- why? Because experience. Diamond glanced at Rose. The girl turned her head away, looking down. courtier of the King? Here, now, there's no need for ropes and knots." Where he stood, with a. "Sit down," said Hemlock. After a moment Diamond took the stiff, high-backed chair facing him. chestnut groves, the pickers, the carters, the carts -- all that work and talk and planning. came on your story, or something like it. That men and dragons were all one kind, but they. companion with him. "Look for me at the end of summer," he said to Ember. life. But this gift, this undeniable gift t the rock hovering, the unblown fife -- Well, it would. "What, then? Movies? Theater?" often doesn't know what he's doing, do you see." "We have to let them go," he said. "Do it." then, a girl couldn't let a man into her room?" pursued him from the east to the west of Enlad in a trail of ruin. On the Plains of Enlad, meeting. As mountains will, Andanden makes the weather. It gathers clouds around it. The summer is short, them of your decision to go to the School on Roke, if that is what you decide; or to the Great. "Bregg. Hal Bregg. And yours?"
