From the dense, sun-shot darkness of the trees a stream ran out, green-banked, with many brown trodden places where cattle and sheep went down to drink or to cross over. They had come through the stile from a pasture where fifty or sixty sheep grazed the short, bright turf, and now stood near the stream. Sorcery included both base crafts as defined by Halkel (finding, mending, dowsing, animal healing, etc.) and some high arts (human healing, chanting, weatherworking). A student who showed a gift for sorcery and was sent to Roke for training would first study the high arts of sorcery, and if successful in them might pursue his training in the art magic, especially in naming, summoning, and patterning, and so become a wizard..generosity, after three years, to pay his passage to Roke. They spent ten years together fighting the Kargs, whose occasional forays from the East had in recent times become a slave-taking, colonising invasion. Venway, Torheven and the Torikles, Spevy, Perregal, and parts of Gont were under Kargish dominion for a generation or longer. At Shelieth on Way, Erreth-Akbe worked a great magic against the Kargish forces, who had landed in "a thousand ships" on Waymarsh and were swarming across the mainland. Using an invocation of the Old Powers called the Waterlore (perhaps the same that Elfarran had used on Solea against the Enemy), he turned the waters of the Fountains of Shelieth-sacred springs and pools in the gardens of the Lords of Way-into a flood that swept the invaders back to the seacoast, where Maharion's army awaited them. No ship of the fleet returned to Karego-At.."You must find the true womb, the bellybag of
